

NEIGHBORHOOD CENTER FOR FAMILIES

- Each NCF is made up of non-profit organizations, government agencies, churches and community groups working together to address the specific needs of the surrounding community. These organizations collaborate to provide intergenerational programs, services and activities that address the needs of the entire family.

Each NCF is uniquely designed to address the needs of its surrounding community and offers flexible hours of service in a family-friendly and accessible location. Childcare stipends, through Community Coordinated Care for Children, Inc. (4C) are also available for clients who are actively enrolled in services.

Almost all services are offered free of charge.
