Amanda:

Sorry I couldn't make the meeting today, but here is some helpful information.

The project was included on the SRF fundable list adopted last week for the amounts shown below. The next step is to submit a loan application available at the following website:

<https://floridadep.gov/wra/srf/content/drinking-water-program-manual>

The loan application deadline is 9/11/2025.

Also, please see the attached email concerning LSL Inventories. SRF will ask to see the inventory at some point.

Thanks,

Paul Brandl
