**REQUEST:** For the Town Council’s approval of the 1<sup>st</sup> Reading of Ordinance 2024- on Adopting of Municipal Impact Fee Study and Rates

**SUMMARY:** The Town Council desires

the adoption of an impact fee ordinance in order to preserve the status quo while the Town completes the Impact Fee Feasibility Study, adopts a new impact fee ordinance and schedule of fees by resolution, and receives input from the public, property owners, consultants and staff. Preserving the status quo will allow the Town to continue the application process for development, such as comprehensive plan and future land use map amendments, re-zoning applications, plats, variances, site plans, and special exceptions, while insuring that public infrastructure and facilities are not unduly burdened through the issuance of significant new building permits that will have an immediate and negative impact on said infrastructure and facilities without the assessment of properly adopted impact fees.

This Ordinance contains an administrative framework to ensure that the benefit of police, parks and recreational, and general government and administrative facilities funded with police, parks and recreation, and general government and administrative impact fees will accrue proportionately to new development paying the fees.

**RECOMMENDATION:** Approval of the 1st Reading of Ordinance 2024- on Adopting of Municipal Impact Fee Study and Rates
