COUNCIL DISCUSSION	YES	
ADMINISTRATIVE		

REQUEST: Request for Town Council to discuss the new proposed ordinance for water/wastewater rate structure.

SUMMARY: The Florida Rural Water Association has recently conducted a study of the current rates for the Town's water and wastewater services. The study indicates a need for a rate increase to address several critical issues:

- **Deteriorating Infrastructure:** The Town's aging water and wastewater infrastructure requires significant investment to maintain reliable service.
- **Debt Service:** The Town is obligated to meet specific financial requirements to service its existing and upcoming funding opportunities.
- **Grant Funding Eligibility:** Maintaining a certain level of service is essential to qualify for grant funding opportunities.

RECOMMENDATION: Recommend Town Council to discuss the new proposed resolution for water/wastewater rate.
