Executive Summary/Background:

- As a part of planning, zoning, and growth management, the Board of Commissioners of Effingham County has been reviewing the County's Comprehensive Plan and the Zoning Ordinance, and has studied the County's best estimates of the type of development that can be anticipated within the unincorporated areas.
- The Board of Commissioners is committed to growth management that promotes health, safety, morals, aesthetics and the general welfare of the citizens of Effingham County. This includes management of congestion on County roads, security of the public from crime and other dangers, promotion of health and general welfare of residents, and protection of the aesthetic qualities of the County including access to air and light.
- The County is experiencing development pressures that include an increasing number of applications to rezone land for multi-family housing and high density single family residential development in the R-3 and R-6 zoning districts that are designed as rental communities, and has determined that a moratorium on new applications is necessary.
- The County Attorney has reviewed and approved the resolution as to form.
