

CHAMBER APPEARANCE

By: Susan Kraut, President & CEO

To discuss collaborative opportunities and communication efforts between the Chamber and Effingham County Board of Commissioners

About Us

Founded in 1986, the Effingham County Chamber is the county's leading business advocacy and convening organization—serving as the unified voice for business by connecting leaders, aligning partners, and advancing policies and initiatives that translate collaboration into measurable outcomes for Effingham County.

The Chamber represents more than 300 member organizations of every size and sector. Guided by a 14-member Board of Directors, we work collectively to support existing businesses, attract new enterprises, and enhance the quality of life for all who call Effingham County home.

As a member-driven coalition of business and community leaders, we believe in the power of partnership — achieving together what no one business could accomplish alone. Through advocacy, collaboration, and vision, we continue to build a stronger, more prosperous future for our region.

Our Role

The Effingham County Chamber of Commerce serves as the unified voice for business, convening leaders across sectors, advocating for a strong economic climate, and aligning partners to advance shared priorities.

Our Accountability

The Chamber operates under a member-elected Board of Directors and formal bylaws, ensuring accountability, transparency, and continuity in service to the business community.

OUR SCOPE OF WORK

Advocacy & Government Affairs | Business & Workforce Development | Leadership & Talent Pipeline | Community & Regional Alignment
