

## Staff Report

June 2, 2025

- Caveat, most of us attended & it was interesting. Good topics were discussed.
- We have moved to 802 S Laurel St. It is a nice facility & we are getting settled.
- We updated our new address on everything. We have signs on the doors at Historical Courthouse & on our website. We will put an insert in NOA's
- WinGap has fixed most of the homestead issues. We are going through and correcting the errors manually because some stuff needs to be added to the base values.
