

Staff Report

Subject: Blue Jay Elementary School Force Main Extension Proposal

Author: Jonathan Hulme

Department: Engineering

Meeting Date: October 1st, 2024

Item Description: Blue Jay Elementary School Force Main Extension Proposal

Summary Recommendation: Staff recommends approval to Blue Jay Elementary School Force Main Extension Proposal to expand capacity of force main on Blue Jay Road.

Executive Summary/Background: Due to the growth in the county an elementary school, Blue Jay Elementary School, is currently under construction to maintain and improve upon the education provided to the families that live in Effingham County. However, the sewer line, 4-inch in diameter, that currently runs on Blue Jay Road is at max capacity and a new line is recommended to provide additional capacity. The proposal includes survey, wetlands delineation, easement plat preparation, preliminary design, final design, permitting, bidding, bidding award, contract administration, construction overview and as-built and close-out documents for a total of \$143,540.

Alternatives for Commission to Consider

1. Approval of pavement patching contract of HGB
2. No Action

Recommended Alternative: 1

Other Alternatives: 2
