**Justification for Rezoning Amendment \***

Iam requesting the rezoning of 2698 GA Highway 119 to match the commercial zoning of all surrounding properties. This change will ensure consistency with neighboring parcels and support future commercial development in the area.

***List the zoning of the other property in the vicinity of the property you wish to rezone:***

**North\***

Commercial B-2

**South\***

Res Ar-1 vacant

**East\***

Commercial B-2

**West\***

Commercial C-1

**Describe the current use of the property you wish to rezone.\***

Vacant lot,

**Does the property you wish to rezone have a reasonable economic use as it is currently zoned?\***

yes. Office building

**Describe the use that you propose to make of the land after rezoning.\***

I am requesting that the property be rezoned to commercial, like all surrounding properties. This change will make the zoning map more consistent and support future development. Aligning the property's zoning with its neighbors will encourage business growth and benefit the community.

**Describe the uses of the other property in the vicinity of the property you wish to rezone?\***

The Impact of Local Businesses on Community Well-Being

- Dollar General supports neighborhood nutrition by providing affordable and accessible food and household items.
- The Effingham County Doctor's Office promotes good health through convenient medical services for residents.
- The local pharmacy ensures easy access to necessary medications, supporting ongoing healthcare needs.
- The Mobile Tire Shop under construction will create new employment opportunities, boosting the local economy.

Together, these businesses strengthen the community by improving health, convenience, and economic growth.

**Describe how your rezoning proposal will allow a use that is suitable in view of the uses and development of adjacent and nearby property?\***

My rezoning proposal office building will allow a use that is suitable in view of the uses and development of adjacent and nearby property and to promote employment opportunity.

**Will the proposed zoning change result in a use of the property, which could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools?\***

The proposed zoning change for the office building will not alter its current use and aims to strengthen existing businesses in the area. This ensures that streets, transportation facilities, utilities, and schools will not experience excessive or burdensome demand. By keeping the property's use consistent, the plan supports local economic growth without straining community resources.
