John,

I have enclosed the proposal for fiber connectivity between the County Administration Building and the six (6) locations specified.

If you have any questions, please feel free to give me a call.

Sincerely,

ALLTEL Communications, Inc.

Effingham County Offices Fiber Connectivity Proposal

September 30, 1999

The following proposal is for connecting the County Administration Building to the following locations with Outside Plant Non-Metallic Single Mode Fiber Optic cable: 1.) Courthouse 2.) Animal Control 3.) Public Works 4.) Prison 5.) Sheriff's Office 6.) Courthouse Annex Building. This quote includes termination of the fiber in Fiber Optic Distribution Panels (FDP). The two fiber cables at the County Administration Building will be terminated in a 36 Position FDP and a 12 Position FDP. All other locations will be terminated in a 12 Position FDP. This quote does not include any annual recurring cost that the customer may be assessed by local utility companies for pole attachments. Associated ALLTEL attachment fees would be waived. The customer is responsible for any Right of Way Right to Use Fees that might be imposed by Local and State Governments. Entrance into the building via electrical conduits is the responsibility of the customer.

Fiber Connectivity between the Effingham County Administration Building and the Six (6) Locations listed above

\$121,668.00

This fiber will be owned and maintained by the customer after construction is completed. The above quote includes a one-year manufacturer's warranty for defects. Annual Maintenance Agreements protecting the customer against manufacturer's defects can be purchased from ALLTEL after the warranty expires. This quote is valid for 60 days.
