I am writing to formally request an extension of my appointment to the Effingham County Library Board of Live Oak Public Libraries. It has been an honor to serve in this role, and I am eager to continue contributing to the library's mission of inspiring the community to grow, create, discover and explore. As the Effingham community continues to experience population growth, board members are important to act as ambassadors to spread the word about all the services and resources the library provides to our community and I want to continue to work in that capacity.

During my tenure, I have been actively involved in policy development as the Effingham representative on the Live Oak Public Libraries Regional Board, and I believe that extending my appointment would allow me to further support ongoing initiatives and upcoming projects.

I appreciate the opportunity to serve and remain committed to the library's success. Please let me know the necessary steps to proceed with the extension request. Thank you for your time and consideration.

Sincerely,

Henry Heller (Hank)
