**Department:** Development Services  
**Meeting Date:** July 19, 2022  
**Item Description:** John Charles Unlimited, LLC, requests approval of the final plat and infrastructure agreement for McCall Place. Map# 389 Parcel# 17

### Summary Recommendation:

Staff have reviewed the final plat, and inspected the roads and stormwater infrastructure identified in the warranty deed, and recommend approval.

### Executive Summary/Background:

- John Charles Unlimited contractors have built roads and stormwater infrastructure for McCall Place. In order to sell the 49 lots for home construction, the final plat must be approved, and the roads and stormwater infrastructure accepted by the Board of Commissioners.
- Water and sewer is provided by the City of Springfield. An infrastructure agreement that confirms City of Springfield ownership of the water and sewer infrastructure that is located in the right of way is included in this final plat approval.
- EOM inspected the right of way and stormwater infrastructure, and recommend approval.
- Development Services staff reviewed the final plat and checklist. All documents are in order, and consistent with zoning, plans, and plats approved previously.
- The County Engineer reviewed the bond recommendation, and approved the bond for \$54,983.20, which is 10% of the total cost of drainage, concrete work, and paving, and 100% of the cost of proposed landscaping. The builder will plant the vegetative buffer before selling homes.
- The County Attorney reviewed and approved the warranty deed, infrastructure agreement, and utility easement agreement. The utility easement agreement is between the developer and the city, and is referenced in the Warranty Deed.
