#### **CUVA Workshop**

### November 4<sup>th</sup>, 2024 at 2:00 pm

#### 1. TPO'S

- a. Each parcel must be viewed as a standalone parcel in qualifying for Cuva, regardless of what it is contiguous to.
- b. If a parcel under 10.00 acres is contiguous to a larger piece under the same owner(s) name(s), they must be TPO'd together if the owners do not otherwise have agricultural proof in order to be approved for CUVA.

#### 2. Wedding venues

- a. How often can a property be used for wedding venue purposes without breaching?
   A property "which has been subject to a covenant for at least one year" must be used for agricultural purposes for 50% of the year or more.
- b. Do we require the wedding venue questionnaire? Yes
- 3. Approval of new covenants under 10.00 acres (meaning 0- 9.99 acres). What can we accept?
  - a. Schedule E- reporting farm-related income or loss specifically
  - b. Schedule F with Form 1040, or, if applicable Form 4835 (Form 4835 is for Farm Rental Income and Expenses)
  - c. Gate card with property address included. If there is no physical address on the card, we need copy of the application as well.
  - d. Applications are reviewed with a field visit and aerial photography check
  - e. Exceptions are granted for a portion of a parcel under 10 acres that is annexed into a city; and parcels that meet qualifications for subsequently acquired.
- 4. The process for 10.00-20.00 acre parcel approvals
  - a. While processing applications, we conduct reviews using aerial photography and field visits, if necessary.
  - b. If use is not clear, we request further documentation to prove agricultural usage.
- 5. Splits of properties already in Cuva to now be under 10.00 acres (meaning 0-9.99 acres) (continuations)
  - a. If a property is recently split to now be below 10.00 acres and the owners are trying to continue the covenant, do we automatically require proof of agricultural usage? Or only if they add a residence, deed a portion to another owner, or otherwise change usage? Does it make a difference if the same owners still own all contiguous parcels (which in total add up to over 10.00 acres)? Yes, we should immediately require either proof of continued agricultural usage or for the parcels to be recombined for Tax Purposes Only upon property being split below 10.00 acres. It should not matter if the same owner owns all contiguous parcels.

- b. What if owners split a property to be below 10 acres, with an old residence already on the now under 10-acre parcel (meaning nothing new has been added)? We should still require proof of continued agricultural usage or TPO paperwork.
- c. Will the same process apply to under 10.00-acre properties which are newly approved for Cuva, then are split to be even smaller? We should require proof of continued agricultural usage or TPO paperwork.
- d. What about parcels that are 10.00 acres with one house? 10.00 acres with two or more houses? All of these scenarios should require proof of agricultural usage whether being approved for a new Cuva (refer to "Approval of new covenants under 10.00 acres"), or if additional residences are added in the middle of the covenant.

<u>Procedures for approval of under 10.00 acre parcels for new Conservation Use Covenants or continuations of existing Conservation Use Covenants:</u>

- 1. If the owner is signing up for a new or renewal ten-year Conservation Use Covenant for a property under 10.00 acres, they will be denied if they do not provide the described acceptable proof of agricultural usage. This will give them 45 days to appeal the denial when assessment notices are sent out.
- 2. If a new owner is applying for a continuation of an already existing ten-year Conservation Use Covenant that is under 10.00 acres, the application will be taken to the Board of Assessors for approval, even if they do not provide proof of agricultural usage at the time of approval. However, the new owners will have to sign a notarized letter stating that they will have to provide the described acceptable proof of agricultural usage by May 1<sup>st</sup> of the year they are applying for a continuation, otherwise it will lead to a breach of the covenant.

Dear Property Owner,

You are receiving this letter because you have property that is under a Conservation Use covenant that requires verification of continued agricultural usage due to the establishment of a wedding venue on the property. O.C.G.A. § 48–5–7.4 gives allowance for Conservation Use property to be used as a site for farm weddings, as long as the main usage of the property and storage buildings remain agricultural. The following are examples of what can be provided: A Schedule E or F (profit or loss from farming), Form 4835 (Farm Rental Income and Expenses), and/or a GATE card. We will also need the attached questionnaire filled out, signed and returned.

If you need to contact us our phone number is 912-754-2125; or you can send an email to csarna@effinghamcounty.org.

Thank you,

Christine Sarna Covenant Real Property Appraiser III Effingham County Tax Assessors Office

### **Principal Agricultural Activity Codes**

Do not file Schedule F (Form 1040) to report the following.

• Income from providing agricultural services such as soil preparation, veterinary, farm labor, horticultural services if your principal source of income is from providing

such services. Instead, see the Instructions for Schedule C (Form 1040).

- Income from breeding, raising, or caring for dogs, cats, or other pet animals. Instead, see the Instructions for Schedule C (Form 1040).
- Income from managing a farm for a fee or on a contract basis. Instead, see the Instructions for Schedule C (Form 1040).
- Sales of livestock held for draft, breeding, sport, or dairy purposes. Instead, see the Instructions for Form 4797.

These codes for the Principal Agricultural Activity classify farms by their primary activity to facilitate the administration of the Internal Revenue Code. These six-digit codes are based on the North American Industry Classification System (NAICS).

Select the code that best identifies your primary farming activity and enter the six-digit number on line B.

### **General Instructions**

Section references are to the Internal Revenue Code unless otherwise noted.

**Future developments.** For the latest information about developments related to Form 4835 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/Form4835*.

### **Purpose of Form**

If you were the landowner (or sub-lessor) and did not materially participate (for self-employment tax purposes) in the operation or management of the farm, use Form 4835 to report farm rental income based on crops or livestock produced by the tenant. See chapter 12 in Pub. 225, Farmer's Tax Guide, for the definition of material participation for landlords.

Use this form only if the activity was a rental activity for purposes of the passive activity loss limitations. See the Instructions for Form 8582, Passive Activity Loss Limitations, for the definition of "rental activity."

If you have net income on line 32, your tax may be less if you figure it using Schedule J (Form 1040).

### Do not use Form 4835 if you were a/an:

- Tenant—instead use Schedule F (Form 1040) to report farm income and expenses;
- Landowner (or sub-lessor) and materially participated in the operation or management of the farm—instead use Schedule F (Form 1040) to report farm income and expenses;
- Landowner (or sub-lessor) and received cash rent for pasture or farmland based on a flat charge—instead report as income on Schedule E (Form 1040), Part I;
- Estate or trust with rental income and expenses from crop and livestock shares—instead report on Schedule E (Form 1040), Part I; or
- Partnership or S corporation with rental income and expenses from crop and livestock shares—instead report on Form 8825.

**Qualified joint ventures.** If you and your spouse each materially participated as the only members of a jointly owned and operated farm rental business, and you filed a joint return for the tax year, you can make an election to be taxed as a qualified joint venture instead of a partnership. This election in most cases will not increase the total tax owed on the joint return, but it does give each of you credit for social security earnings on which retirement benefits are based and for Medicare coverage without filing a partnership return.

If you and your spouse make the election and you didn't materially participate (for self-employment tax purposes) in the operation or management of the farm, but maintained the farm as a rental business, you each can file a separate Form 4835 to report your share of farm rental income based on crops or livestock produced by the tenant. If you and your spouse did materially participate (for self-employment tax purposes) in the operation or management of the farm, you each must file a separate Schedule F (Form 1040). For an explanation of

"material participation," see the instructions for Schedule C (Form 1040), Profit or Loss From Business (Sole Proprietorship), line G. For more information on qualified joint ventures, go to www.irs.gov/QJV.

Page 2

**Additional information.** See the Instructions for Schedule F (Form 1040), Profit or Loss From Farming, and Pub. 225 for more information.

### **Specific Instructions**

**Employer ID number (EIN).** You need an EIN only if you had a qualified retirement plan or were required to file an employment; excise; estate; trust; partnership; or alcohol, tobacco, and firearms tax return. If you need an EIN, see the Instructions for Form SS-4.

Line A. Generally, you are considered to actively participate if you participated in making management decisions or arranging for others to provide services (such as repairs) in a significant and bona fide sense. Management decisions that are relevant in this context include approving new tenants, deciding on rental terms, approving capital or repair expenditures, and other similar decisions. You do not, however, actively participate if at any time during the year your interest (including your spouse's interest) in the activity was less than 10% (by value) of all interests in the activity.

### Part I. Gross Farm Rental Income – Based on Production

**Line 1.** Report income you received from livestock, produce, grains, and other crops based on production. Under both the cash and the accrual methods of accounting, you must report livestock or crop share rentals received in the year you convert them into money or its equivalent.

**Lines 2a and 2b.** Enter on line 2a your total distributions from cooperatives as shown on Form 1099-PATR, Taxable Distributions Received From Cooperatives. On line 2b, report the taxable amount. See the instructions for Schedule F (Form 1040), lines 3a and 3b.

**Lines 3a and 3b.** Enter on line 3a the total agricultural program payments you received. On line 3b, report the taxable amount. See the instructions for Schedule F (Form 1040), lines 4a and 4b.

**Lines 4a through 4c.** Report the full amount of Commodity Credit Corporation (CCC) loans forfeited, even if you reported the loan proceeds as income. See the instructions for Schedule F (Form 1040), lines 5a through 5c.

Lines 5a through 5d. In general, you must report crop insurance proceeds in the year you receive them. Federal crop disaster payments are treated as crop insurance proceeds. However, if you use the cash method of accounting and 2023 was the year of damage, you can elect to include certain proceeds in income for 2023. To do this, check the box on line 5c and attach a statement to your return. See chapter 3 of Pub. 225.

Generally, if you elect to defer any eligible crop insurance proceeds, you must defer all such crop insurance proceeds (including federal crop disaster payments).

Form 4835 (2023)

For details on how to complete lines 5a through 5d, see the instructions for Schedule F (Form 1040), lines 6a through 6d.

**Line 6.** Use this line to report income not shown on lines 1 through 5d. See the instructions for Schedule F (Form 1040), line 8.

### Part II. Expenses—Farm Rental Property

Capitalizing costs of producing property and acquiring property for resale. If you produced real or tangible personal property or acquired property for resale, certain expenses may have to be included in inventory costs or capitalized. These expenses include the direct costs of the property and the share of any indirect costs allocable to that property. For details and exceptions, see Capitalizing costs of producing property and acquiring property for resale in the Instructions for Schedule F (Form 1040).

**How to report.** Do not reduce your expenses on lines 8 through 30f by the expenses you must capitalize. Instead, enter the total amount capitalized in parentheses on line 30g. On the line to the left of the line 30g entry space, enter "263A."

Line 10. Expenses you paid or incurred for soil and water conservation, prevention of erosion, or endangered species recovery can be deducted only if they are consistent with a conservation plan approved by the Natural Resources Conservation Service of the Department of Agriculture or a recovery plan approved pursuant to the Endangered Species Act of 1973 for the area in which your land is located. If no plan exists, your expenses must be consistent with a plan of a comparable state agency. Your deduction, however, cannot exceed 25% of your gross income from farming. See the instructions for Schedule F (Form 1040), line 12.

**Line 12.** Enter your depreciation and section 179 expense deduction. For details, including whether you must file Form 4562, Depreciation and Amortization, see chapter 7 of Pub. 225 and the Instructions for Form 4562.

**Lines 19a and 19b.** Your interest expense could be limited. See the Instructions for Form 8990 for more information.

The tax treatment of interest expense differs depending on its type. For example, home mortgage interest and investment interest are treated differently. You must allocate (classify) your interest expense so it is deducted (or capitalized) on the correct line of your tax return and it gets the right tax treatment. These rules could affect how much interest you are allowed to deduct on Form 4835. See the instructions for Schedule F (Form 1040), lines 21a and 21b.

**Line 22a.** If you rented or leased vehicles, machinery, or equipment, enter on line 22a the business portion of your rental cost. But if you leased a vehicle for a term of 30 days or more, you may have to reduce your deduction by an inclusion amount. See *Leasing a Car* in Pub. 463, Travel, Gift, and Car Expenses.

**Lines 30a through 30g.** Enter expenses not listed on another line. See the instructions for Schedule F (Form 1040), lines 32a through 32f. If you are required to capitalize expenses, see *How to report* under *Capitalizing costs of producing property and acquiring property for resale* on this page.

Page 3

**Line 31.** If you entered capitalized expenses on line 30g, your total expenses on line 31 will equal the total of lines 8 through 30f reduced by the amount on line 30g.

**Line 32.** If line 31 is more than line 7, don't enter your loss on line 32. If you have a loss, you must apply the at-risk rules and the passive activity loss rules. To apply these rules, follow the instructions for line 34 and the Instructions for Form 8582. After applying these rules, the amount of your allowable loss may be smaller than the amount figured by subtracting line 31 from line 7.

- If line 7 is more than line 31 and you don't have prior year unallowed passive activity losses from this activity, subtract line 31 from line 7. The result is your net farm rental income.
- If line 7 is more than line 31 and you have prior year unallowed passive activity losses from this activity, don't enter your net farm rental income on line 32 until you have figured the amount of prior year unallowed passive activity losses you may claim this year. Use Form 8582 to figure the amount of prior year unallowed passive activity losses you may include on line 32. If there is a net loss after applying the prior year unallowed loss against the net farm rental income, enter zero on line 32 and enter the net loss on line 34c. Indicate that you are including prior year passive activity losses by entering "PAL" on the dotted line to the left of the entry space for line 32.

**Note:** You may need to include information from Form 4835 on Form 8582 even if you have a net profit. For more information, see the Instructions for Form 8582.

**Line 34.** To determine your deductible loss, you may need to complete Form 8582 regardless of whether you checked box 34a or 34b. However, if you checked box 34b, you must complete Form 6198, At-Risk Limitations, before you complete Form 8582. See the instructions for Schedule F (Form 1040), line 36.

Do not complete Form 8582 if either of the following applies.

- You meet all of the conditions listed under Exception for Certain Rental Real Estate Activities in the Instructions for Schedule E (Form 1040). Instead, enter your deductible loss on line 34c and on Schedule E (Form 1040), line 40.
- You were a real estate professional (as defined in the Instructions for Schedule E (Form 1040)) and you materially participated in the operation of this activity (under the passive loss rules). See the Instructions for Form 8582 for the definition of material participation. Your loss is not subject to the passive activity loss limitations. Instead, enter your deductible loss on line 34c and on Schedule E (Form 1040), line 40. Also include the loss in the total for Schedule E (Form 1040), line 43.

### GEORGIA AGRICULTURAL **TAX EXEMPTION (GATE)**

### **APPLICATION GUIDE**

The Georgia Agricultural Tax Exemption program (GATE) is an agricultural sales and use tax exemption certificate issued by the Georgia Department of Agriculture (GDA) that identifies its user as a qualified farmer or agricultural producer. This year, there have been a few changes in the application process for GATE, one of which is that the application process is now entirely online. Mailed applications are no longer accepted. Follow this step-by-step guide to apply.

# Apply in 9 easy steps START
