## Change Order Request from Parker Engineering Effingham County EMS Expansion

day ago)

to me, wesley

Frank,

As it has been confirmed that the EMS facility is within the City of Springfield, and as it appears that the County is implying that they will defer to the City for drainage requirements, and having just discussed this with Wesley, we believe that we could perform the EMS additional services for \$6,000. Please let me know if you and the County are OK with this figure and we shall proceed.

Thanks and sincerely,

Wesley Sherrod, P.E.

Frank,

Yes, detention would be required, but NOT infiltration or water quality.

Thanks,

Wesley Sherrod, P.E.
