

Staff Report**Subject:** Purchase of Crack Seal Equipment(Crafco SS-125DC)**Author:** Jonathan Hulme, PE County Engineer**Department:** Engineering**Meeting Date:** May 6th, 2025**Item Description:** Purchase of Crack Seal Equipment(Crafco SS-125DC)**Summary Recommendation:** Staff recommends approving purchase of Crack Seal Equipment from Reynolds-Warren Equipment Co. for 136,394.63.**Executive Summary/Background:**

Purchasing crack seal equipment is a smart investment for road maintenance because it extends pavement life by preventing water and debris from entering cracks, which can lead to potholes and costly repairs. It also allows for faster, more efficient repairs, reducing labor costs and traffic disruptions over time. This is especially important to have as way of maintaining specifically FDR roads.

Alternatives for Commission to Consider

1. Approve the purchase of Crafco SS-125DC
2. Do not approve the contract
