**Justification for Rezoning Amendment \***

The total tract consists of 4 tax parcels and is approximately 489 acres. We would like to separate a portion of parcel 03840019 for a future home site. This would be an 8.48 acre tract that would remain AR-1 but would become its own tax parcel. The remaining acres of 03840019 and the other 3 parcels would total 480.31 acres and we are in the process of entitling a wetland mitigation site. It is our understanding that the associated land use with that site should be Conservation Preservation.

**Does the property you wish to rezone have a reasonable economic use as it is currently zoned?\***

Wetland Mitigation

Describe the uses of the other property in the vicinity of the property you wish to rezone?\*

Timber, farming and homesites of more than 5 acres

Describe how your rezoning proposal will allow a use that is suitable in view of the uses and development of adjacent and nearby property?\*

The site will be protected from development and will be a forested wetland habitat consistent with the characteristics of the land. This purpose will have a positive impact on neighboring properties as it will protect it from development.

Will the proposed zoning change result in a use of the property, which could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools?\*

No
