AR-1

Describe the current use of the property you wish to rezone.*

single family esidence on south side of the tract, grazing pasture for horses on north side of the tract.

Does the property you wish to rezone have a reasonable economic use as it is currently zoned?*

Yes

Describe the use that you propose to make of the land after rezoning.*

single family residence on southeast side of tract will remain, build a single family residence on north side of tract

Describe the uses of the other property in the vicinity of the property you wish to rezone?*

single family residences on north side, south side , east side, and woodland on the west side

Describe how your rezoning proposal will allow a use that is suitable in view of the uses and development of adjacent and nearby property?*

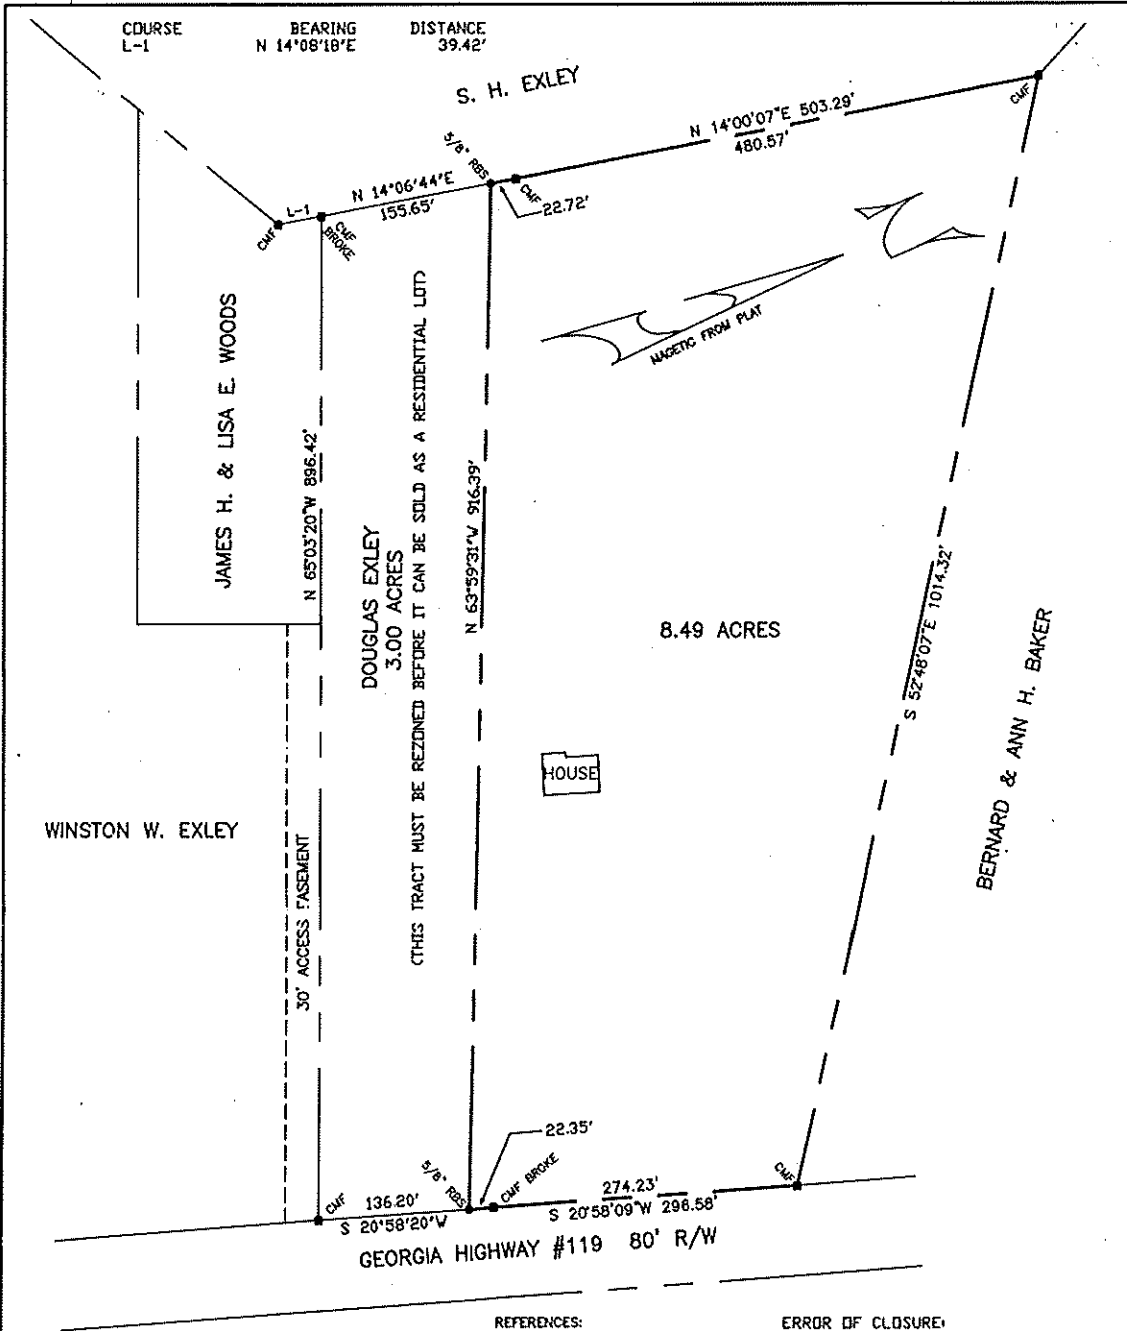

Rezoning from AR1 to AR2 would permit the 8.49-acre property to be divided into three parcels: approximately 4 acres on the north side with nearly 150 feet of frontage along HWY 119 N; about 2 acres on the southeast side, also with close to 150 feet of road frontage; and another 2-acre tract on the southwest side, which would be accessed through the northern parcel. Currently, there is a house on the southeast portion of the property, and a new house is planned for the northwest quadrant. In total, only two single-family homes will exist on the 8.49 acres, aligning with the density and use of surrounding properties.

Will the proposed zoning change result in a use of the property, which could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools?*

No
