Rezoning Information

How many parcels are you rezoning?*

3

Please List all Parcels Zonings*

LI

Proposed Zoning of Property*

LI (Light Industrial)

Map & Parcel *

354-21, 21B, 21C

Road Name*

US 80

Proposed Road Access* 

US 80

Total Acres *

102.69

Acres to be Rezoned*

102.69

Lot Characteristics *

MOSTLY VACANT LOTS; SOME ACCESSORY STRUCTURES

Water Connection *

Private Well

Sewer Connection

Private Septic System

Justification for Rezoning Amendment *

previously rezoned with conditions; reapp per County instruction to modify buffers to align more closely with County's ordinance and provide additional screening. Specifically, we are requesting condition 9.) be revised to read: "a berm designed in compliance with the current Effingham County Code of Ordinances at a minimum height of 20' shall exist within a 200' buffer along the property line adjacent to George Road."

North*

AR-1

South*

AR-1

East*

AR-1

West*

AR-1 & B-3

Describe the current use of the property you wish to rezone.*

mostly vacant lots; some accessory structures

Does the property you wish to rezone have a reasonable economic use as it is currently zoned?*

not likely; large lots along US 80 with limited existing access to parcels

Describe the use that you propose to make of the land after rezoning.*

3 distribution warehouses

Describe the uses of the other property in the vicinity of the property you wish to rezone?*

parcels to the east residential; parcel to the north university research; parcels to the west a surface mine, a mostly vacant lot and a single residential lot; parcels to south residential

Describe how your rezoning proposal will allow a use that is suitable in view of the uses and development of adjacent and nearby property?*

distribution warehouses sized in line with current market demand. revisions to previously proposed buffer to accommodate updated ordinances and staff recommendations

Will the proposed zoning change result in a use of the property, which could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools?*

no, proposed driveways and ROW dedication to accommodate truck traffic and employee traffic, and truck and employee traffic separated to mitigate congestion. no existing public utility (low daily-use loads once public available)

The field data upon which this map or plat is based has a closure precision of one foot in 50,000+ feet, and an angular error of 2" per angle point, and was adjusted using least squares.
 This map or plat has been calculated for closure and is found to be accurate within one foot in 100,000+ feet.
 The survey was made without benefit of a title search. This plat is subject to all recorded easements and restrictions.
 This plat is valid only for the person/persons named hereon.
 According to the F.E.M.A. map this property is not located in a flood hazard zone.
 Equipment used: Topcon ES-103 and Carlson Software

To the best of my knowledge, information and belief all angles, bearings, measurements, of courses, distances and monuments locations are as shown, have been proven by a land survey and in my opinion this is a correct representation of the land platted and has been prepared in conformity with the minimum standards and requirements of Georgia law 1978.

This survey complies with both the rules of the Georgia board of registration for professional engineers and land surveyors and the official code of Georgia annotated (OCGA) 15-6-67 as amended by HB1004 (2016) is that where a conflict exists between those two sets of specifications the requirements of the law prevail.

The certification, as shown hereon, is purely a statement of professional opinion based on knowledge, information and belief, and based on existing field evidence and documentary evidence available. The certification is not an expressed or implied warranty or guarantee.

As required by subsection (d) of O.C.G.A. Section 15-6-67, this plat has been prepared by a land surveyor and approved by all applicable local jurisdictions for recording as evidenced by approval certificates, signatures, stamps, or statements hereon. Such approvals or affirmations should be confirmed with the appropriate governmental bodies by any purchasers or user of this plat as to intended use of any parcel. Furthermore, the undersigned land surveyor certifies that this plat complies with the minimum technical standards for property surveys in Georgia as set forth in the rules and regulations of the Georgia Board of Registration for Professional Engineers and Land Surveyors and as set forth in O.C.G.A. Section 15-6-67.

CERTIFICATE OF APPROVAL FOR RECORDING
 The Subdivision has been found to comply with the Effingham County Subdivision Regulations and was approved by the Effingham County Board of Commissioners for recording in the Office of the Clerk of Superior Court of Effingham County, Georgia.

Chairman of Effingham County Board of Commissioners _____ Date _____
 Witness _____ Date _____

Based upon the representations of the engineer/surveyor whose seal is affixed hereto and supplementary information provided, a review of the plat as represented by the said engineer/surveyor finds that this plat complies with the OSSMS regulations for a typical size residence of 3 or 4 bedrooms with basic appearances. Each lot must be reviewed and approved for On-Site Sewage Management Systems placement prior to the issuance of a construction permit. Modifications or changes in site designation may void this approval.
