

Staff Report

Subject: 2nd Reading – Zoning Map Amendment
Author: Katie Dunnigan, Zoning Manager
Department: Development Services
Meeting Date: July, 2023
Item Description: **T&T Exley Properties** requests to **rezone** 274 of 1,047 acres from **PD-MU** to **PD-MU**, to allow for the amendment of a Planned Development. Located off of Highway 21. **(Second District) [Map# 466D Parcels# 1,6,9,11]**

Summary Recommendation

Staff has reviewed the application, and recommends **approval** of the request to **rezone** 274 of 1,047 acres from **PD-MU** to **PD-MU**, to allow for the amendment of a Planned Development, with conditions.

Executive Summary/Background

- The request for rezoning to the PD-MU zoning district is found in Appendix C, Article V-Uses Permitted in Districts, Section 15.
- The original PD-MU document, approved in 2008, designates acreage in the northern most parcels as multi-family housing to serve as a transition between industrial and residential use and provide diversity of housing to the County. The multi-family portion included the following details:
 - Up to 1,350 units
 - A 30' buffer, 15' to be vegetative, between multi-family and surrounding residential properties.
- The applicant proposes to amend the PD document to:
 - Remove the multi-family component completely.
 - To be replaced with an additional +/- 2,000,000 square feet of industrial development, shown to be spread across 3 warehouses equaling approximately 1,000,000 square feet.
 - The proposed buffering to adjacent residential properties is shown in concept to be 100', the proposed berm within the buffer is described as up to 25' with a 2:1 slope.
 - Account for the 24.5 acres in use as a Verizon tower site. This is designated as "Highway Commercial/Industrial"
- The requested amendment of the PD document will increase buffering between development and neighboring residential use, as well as decrease traffic trips per day by an approximate 50% (10,160 for 1350 multi-family uses, 5,000 for warehouse use).
- The change to the PD document was submitted for a DRI which was completed on May 10, 2023. Comments on the project were from City of Savannah: "Effingham County should coordinate with City of Savannah since it does utilize City of Savannah water through a municipal water supply agreement"
- On June 8, 2023, a town hall type meeting was held with the intent to inform surrounding property owners of current approval/proposed changes. The consensus presented by the public indicated that warehousing would be preferable to multi-family housing. The following were some of the concerns raised by residents with regards to adjacent industrial use:
 - Light/noise pollution
 - Burden to roads
 - Proximity of development to property lines
 - Appearance from residential properties
 - Destruction of natural habitat
 - The potential for a future rail spur
- In response to these concerns, Staff is recommending additional conditions to approval.
- Residents spoke to reiterate concerns at the June 13, 2023 Planning Board meeting.
- At the June 13, 2023 Planning Board meeting, Alan Zipperer made a motion to approve, with the following conditions:

- No rail spur shall be permitted.
- Any planned trailer storage as a use must be approved as a conditional use.
- Berms used to buffer from neighboring residential properties shall be a minimum of 25' high.
- And the additional stipulations that:
 - The berm be constructed in a manner that it hides structures from line of sight of adjacent residential properties.
 - The minimum buffer from industrial use to residential shall be 115'
- The motion was seconded by Brad Smith, and carried 4-0, Ryan Thompson having recused himself from this item.

Alternatives

1. **Approve** the request to **rezone** 274 of 1,047 acres from **PD-MU** to **PD-MU**, with the following condition:
 - 1.No rail spur shall be permitted.
 2. Any planned trailer storage as a use must be approved as a conditional use.
 3. Berms used to buffer from neighboring residential properties shall be a minimum of 25' high.
 4. The berm shall be constructed in a manner that it hides future structures from line of sight of adjacent residential properties.
 5. The minimum buffer from industrial use to residential shall be 115'.

2. **Deny** the request to **rezone** 274 of 1,047 acres from **PD-MU** to **PD-MU**.
