

Staffing updates

- No Remarkable Updates

Training Updates

- Sgt. Sean Bigler completed the Simmunition Instructor course.
- A free, three day course to be certified in the use of FX marking cartridges in force on force training.
- Sgt. Bigler's attendance will expand the unified training capabilities and training scenario development.
- Chief Jeff Engel successfully completed the Denver University Senior Executive Leadership Cohort training
- The training focused on communication styles, team build, culture development, Public Information, Artificial Intelligence and its application in public service, and leading the new generation of public servants.

Department Updates

- Terese Allen, volunteered her time to take formal photographs of members of the police department.
 - The photoshoot was a great success
 - The Elizabeth Police Department is truly appreciative of Terese and her assistance.
- The squad fleet is in the process of being restriped.
 - Comments from the public has been positive to the new vehicle stripping.
 - Members of the agency are doing a lot of work in-house for cost savings. Officer Royce Lamas, Officer Mike Sammauro, Officer Steven Herbel, Sergeant Allen, and Sergeant Bigler are doing a lot of the heavy lifting in taking the old stripping off old squads
 - Approximately one car every three weeks is being sent for restriping.
 - There are only a few squads left to be restriped.
- The Police Department has not heard back from Morrison PD regarding vehicles in equipment. We have followed up. No additional information to the distribution process has been shared.
- We are slowly implementing CARFAX for Police. As with any implementation process there are a few hiccups. We are working through the challenges.
- Harmony made the annual report Accessibility compliant. Thank you, Harmony for your work.
