

CONDITIONS OF APPROVAL

This Project is conditionally approved by the City Council as set forth on the application received by the City of Escondido on **November 28, 2018**, and the Project drawings consisting of Site Plans, Floor Plans, Sections, Architectural Elevations, Civil Sheets/Grading, Landscape Plans and Colored Elevations; all designated as approved on **March 2, 2022**, and shall not be altered without express authorization by the Community Development Department.

For the purpose of these conditions, the term "Applicant" shall also include the Project proponent, owner, permittee, and the Applicant's successors in interest, as may be applicable.

A. General:

1. **Acceptance of Permit.** If the Applicant fails to challenge this action in court within the applicable appeal period, such inaction by the Applicant shall be deemed to constitute all of the following on behalf of the Applicant:
 - a. Acceptance of the Permit by the Applicant; and
 - b. Agreement by the Applicant to be bound by, to comply with, and to do all things required of or by the Applicant pursuant to all of the terms, provisions, and conditions of this Project Permit or other approval and the provisions of the Escondido Municipal Code or Zoning Code applicable to such Permit.
2. **Permit Expiration.** If the Permit was filed as or concurrent with a Tentative Map or Planned Development application, the Permit shall expire 36 months from the effective date of approval, unless additional time is granted pursuant to the Map Act or to the Escondido Municipal Code. If not filed as concurrent with a Tentative Map or Planned Development application, the Permit shall automatically expire after one year from the date of this approval, or the expiration date of any extension granted in accordance with the Escondido Municipal Code and Zoning Code, unless a different date is specified in any Development Agreement approved for the Project.

The Permit shall be deemed expired if a building permit has not been obtained or work has been discontinued in the reliance of that building permit. If no building permits are required, the City may require a noticed hearing to be scheduled before the authorized agency to determine if there has been demonstrated a good faith intent to proceed, pursuant to and in accordance with the provision of this Permit.

3. **Certification.** The Director of Community Development, or his/her designee, is authorized and directed to make, or require the Applicant to make, all corrections and modifications to the Project drawings and any other relevant document comprising the Project in its entirety, as

necessary to make them internally consistent and in conformity with the final action on the Project. This includes amending the Project drawings as necessary to incorporate revisions made by the decision-making body and/or reflecting any modifications identified in these conditions of approval. Three copies of final Approved Plan set, shall be submitted to the Planning Division for certification. Said plans must be certified by the Planning Division prior to submittal of any post-entitlement permit, including grading, public improvement, landscape, or building plans for the Project.

4. Conformance to Approved Plans.

- a. The operation and use of the subject property shall be consistent with the Project Description and Details of Request, designated with the Approved Plan set.
- b. Nothing in this Permit shall authorize the Applicant to intensify the authorized activity beyond that which is specifically described in this Permit.
- c. Once a permit has been issued, the Applicant may request Permit modifications. "Minor" modifications may be granted if found by the Director of Community Development to be in substantial conformity with the Approved Plan set, including all exhibits and Permit conditions attached hereto. Modifications beyond the scope described in the Approved Plan set may require submittal of an amendment to the Permit and approval by the authorized agency.

5. Limitations on Use. Prior to any use of the Project site pursuant to this Permit, all Conditions of Approval contained herein shall be completed or secured to the satisfaction of the Community Development Department.

6. Certificate of Occupancy.

- a. No change in the character of occupancy or change to a different group of occupancies as described by the Building Code shall be made without first obtaining a Certificate of Occupancy from the Building Official, as required, and any such change in occupancy must comply with all other applicable local and state laws.
- b. Prior to final occupancy, a Planning Final Inspection shall be completed to ensure that the property is in full compliance with the Permit terms and conditions. The findings of the inspection shall be documented on a form and content satisfactory to the Director of Community Development.

7. Availability of Permit Conditions.

- a. Prior to building permit issuance, the Applicant shall cause a covenant regarding real property to be recorded that sets forth the terms and conditions of this Permit approval and shall be of a form and content satisfactory to the Director of Community Development.
 - b. The Applicant shall make a copy of the terms conditions of this Permit readily available to any member of the public or City staff upon request. Said terms and conditions shall be printed on any construction plans that are submitted to the Building Division for plan check processing.
8. **Right to Entry.** The holder of this Permit shall make the premises available for inspection by City staff during construction or operating hours and allow the investigations of property necessary to ensure that minimum codes, regulations, local ordinances and safety requirements are properly followed. The Applicant shall provide such business records, licenses, and other materials necessary upon request to provide evidence of compliance with the conditions of approval, as well as federal, state, or laws.
9. **Compliance with Federal, State, and Local Laws.** Nothing in this Permit shall relieve the Applicant from complying with conditions, performance standards, and regulations generally imposed upon activities similar in nature to the activity authorized by this permit. (Permits from other agencies may be required as specified in the Permit's Details of Request.) This Permit does not relieve the Applicant of the obligation to comply with all applicable statutes, regulations, and procedures in effect at the time that any engineering permits or building permits are issued unless specifically waived herein.

No part of this Permit's approval shall be construed to permit a violation of any part of the Escondido Municipal or Zoning Code. During Project construction and after Project completion, the Applicant shall ensure the subject land use activities covered by this Permit are conducted in full compliance with all local and state laws.
10. **Fees.** The appropriate development fees and Citywide Facility fees shall be paid in accordance with the prevailing fee schedule in effect at the time of building permit issuance, to the satisfaction of the Director of Community Development. Through plan check processing, the Applicant shall pay development fees at the established rate. Such fees may include, but not be limited to: Permit and Plan Checking Fees, Water and Sewer Service Fees, School Fees, Traffic Mitigation Fees, Flood Control Mitigation Fees, Park Mitigation Fees, Fire Mitigation/Cost Recovery Fees, and other fees listed in the Fee Schedule, which may be amended. Arrangements to pay these fees shall be made prior to building permit issuance to the satisfaction of the Community Development Department.
11. **Funding Mechanism for Public Services.** The Applicant shall establish a lawful, proportional funding mechanism to offset the impacts to additional ongoing public services required for the

Project. To fund such public services, the Applicant may voluntarily initiate and consummate proceedings to participate in a community facilities, assessment, or service district organized and adopted by the City in accordance with local, state, or federal law, or alternatively, the Applicant may establish another lawful funding mechanism reasonably acceptable to the City.

12. Public Art Partnership Program. All requirements of the Public Art Partnership Program, Ordinance No. 86-70 shall be satisfied prior to any building permit issuance. The ordinance requires that a public art fee be added at the time of the building permit issuance for the purpose of participating in the City Public Art Program.

13. Clerk Recording.

- a. **Exemption.** If the environmental determination prepared for the Project is a categorical exemption, the City of Escondido hereby notifies the Applicant that the County Clerk's Office requires a documentary handling fee of \$50 in order to file a Notice of Exemption. In order to file the Notice of Exemption with the County Clerk, in conformance with California Environmental Quality Act (CEQA) Guidelines section 15062, the Applicant should remit to the City of Escondido Planning Division, within two working days of the final approval of the Project (the final approval being the date of this letter) a certified check payable to the "County Clerk" in the amount of \$50. The filing of a Notice of Exemption and the posting with the County Clerk starts a 35-day statute of limitations period on legal challenges to the agency's decision that the Project is exempt from CEQA. Failure to submit the required fee within the specified time noted above will result in the Notice of Exemption not being filed with the County Clerk, and a 180-day statute of limitations period will apply.
- b. For more information on filing fees, please refer to the County Clerk's Office and/or the California Code of Regulations, Title 14, Section 753.5.

14. Legal Description Adequacy. The legal description attached to the application has been provided by the Applicant and neither the City of Escondido nor any of its employees assume responsibility for the accuracy of said legal description.

15. Application Accuracy. The information contained in the application and all attached materials are assumed to be correct, true, and complete. The City of Escondido is relying on the accuracy of this information and Project-related representations in order to process this application. Any permits issued by the City may be rescinded if it is determined that the information and materials submitted are not true and correct. The Applicant may be liable for any costs associated with rescission of such permits.

16. Enforcement. If any of the terms, covenants, or conditions contained herein shall fail to occur or if they are, by their terms, to be implemented and maintained over time, the City of Escondido

shall have the right to deny or withhold subsequent permit approvals or permit inspections that are derived from the application entitlements herein granted; issue stop work orders; pursue abatement orders, penalties, or other administrative remedies as set forth in state and local laws; or institute and prosecute litigation to compel compliance with such terms, covenants, or conditions or seek damages for their violation. The Applicant shall be notified in advance prior to any of the above actions being taken by the City and shall be given the opportunity to remedy any deficiencies identified by the City.

17. Indemnification, Hold Harmless, Duty to Defend.

- a. The Applicant shall indemnify, hold harmless, and defend (with counsel reasonably acceptable to the City) the City, its Councilmembers, Planning Commissioners, boards, commissions, departments, officials, officers, agents, employees, and volunteers (collectively, "Indemnified Parties") from and against any and all claims, demands, actions, causes of action, proceedings (including but not limited to legal and administrative proceedings of any kind), suits, fines, penalties, judgments, orders, levies, costs, expenses, liabilities, losses, damages, or injuries, at law or in equity, including without limitation the payment of all consequential damages and attorney's fees and other related litigation costs and expenses (collectively, "Claims"), of every nature caused by, arising out of, or in connection with (i) any business, work, conduct, act, omission, or negligence of the Applicant or the owner of the Property (including the Applicant's or the owner of the Property's contractors, subcontractors, licensees, sublessees, invitees, agents, consultants, employees, or volunteers), or such activity of any other person that is permitted by the Applicant or owner of the Property, occurring in, on, about, or adjacent to the Property; (ii) any use of the Property, or any accident, injury, death, or damage to any person or property occurring in, on, or about the Property; or (iii) any default in the performance of any obligation of the Applicant or the owner of the Property to be performed pursuant to any condition of approval for the Project or agreement related to the Project, or any such claim, action, or proceeding brought thereon. Provided, however, that the Applicant shall have no obligation to indemnify, hold harmless, or defend the City as to any Claims that arise from the sole negligence or willful misconduct of the City. In the event any such Claims are brought against the City, the Applicant, upon receiving notice from the City, shall defend the same at its sole expense by counsel reasonably acceptable to the City and shall indemnify the City for any and all administrative and litigation costs incurred by the City itself, the costs for staff time expended, and reasonable attorney's fees (including the full reimbursement of any such fees incurred by the City's outside counsel, who may be selected by the City at its sole and absolute discretion and who may defend the City against any Claims in the manner the City deems to be in the best interests of the City).
- b. The Applicant further and separately agrees to and shall indemnify, hold harmless, and defend the City (including all Indemnified Parties) from and against any and all Claims brought by any

- third party to challenge the Project or its approval by the City, including but not limited to any Claims related to the Project's environmental determinations or environmental review documents, or any other action taken by the City regarding environmental clearance for the Project or any of the Project approvals. Such indemnification shall include the Applicant's payment for any and all administrative and litigation costs and expenses incurred by the City in defending against any such Claims, including payment for all administrative and litigation costs incurred by the City itself, the costs for staff time expended, and reasonable attorney's fees (including the full reimbursement of any such fees incurred by the City's outside counsel, who may be selected by the City at its sole and absolute discretion and who may defend the City against any Claims in the manner the City deems to be in the best interests of the City and the Project).
- c. The City, in its sole discretion and upon providing notice to the Applicant, may require the Applicant to deposit with the City an amount estimated to cover costs, expenses, and fees (including attorney's fees) required to be paid by the Applicant in relation to any Claims referenced herein, which shall be placed into a deposit account from which the City may draw as such costs, expenses, and fees are incurred. Within 14 days after receiving written notice from the City, the Applicant shall replenish the deposit account in the amount the City determines is necessary in the context of the further defense of such Claims. To the extent such deposit is required by the City, the amount of such deposit and related terms and obligations shall be expressed in a written Deposit Account Agreement, subject to the City Attorney's approval as to form. The City, in its sole and reasonable discretion, shall determine the amount of any initial deposits or subsequent deposits of funds, and the Applicant may provide documentation or information for the City to consider in making its determinations. Nothing within this subsection shall be construed as to relieve the Applicant's obligations to indemnify, hold harmless, or defend the City as otherwise stated herein.

B. Construction, Maintenance, and Operation Obligations:

1. **Code Requirements.** All construction shall comply with the applicable requirements of the Escondido Municipal Code, Escondido Zoning Code, California Building Code; and the requirements of the Planning Division, Engineering Services Department, Director of Community Development, Building Official, City Engineer, and the Fire Chief in carrying out the administration of said codes. Approval of this Permit request shall not waive compliance with any City regulations in effect at the time of Building Permit issuance unless specifically waived herein.

As a condition of receiving the land use approvals specified herein, Applicant shall maintain the property subject to the approvals in compliance with all applicable city codes governing the condition or appearance of property. In addition to compliance with such basic standards, the property subject to these approvals shall also be maintained free of trash, plant debris, weeds, and concrete (other than existing foundations and permanent structures). Any signs placed on

the property advertising such property for sale or rent shall be in accordance with applicable laws, and be kept clean, in like-new condition, and free from fading and graffiti at all times. This condition shall be applicable from the date the land use is approved. The failure to comply with this condition shall subject the approvals specified herein to revocation for failure to comply.

- 2. Agency License and Permitting.** In order to make certain on- or off-site improvements associated with the Approved Plan set, the Permit request may require review and clearance from other agencies. Nothing in these Conditions of Approval shall be construed as to waive compliance with other government agency regulations or to obtain permits from other agencies to make certain on- or off-site improvements prior to Final Map recordation, grading permit issuance, building permit issuance, or certificate of occupancy as required. This review may result in conditions determined by the reviewing agency.

At all times during the effective period of this Permit, the Applicant and any affiliated responsible party shall obtain and maintain in valid force and effect, each and every license and permit required by a governmental agency for the construction, maintenance, and operation of the authorized activity.

- 3. Utilities.** All new utilities and utility runs shall be underground, or fee payment in-lieu subject to the satisfaction of the City Engineer.
- 4. Signage.** All proposed signage associated with the Project must comply with Article 66 (Sign Ordinance) of the Escondido Zoning Code. Separate sign permits will be required for Project signage. All non-conforming signs shall be removed. The Applicant shall submit with any sign permit graphic/list of all signs to be removed and retained, along with any new signage proposed.
- 5. Noise.** All Project generated noise shall conform to the City's Noise Ordinance (Ordinance 90-08).
- 6. Lighting.** All exterior lighting shall conform to the requirements of Article 35 (Outdoor Lighting Ordinance) of the Escondido Zoning Code.
- 7. General Property Maintenance.** The property owner or management company shall maintain the property in good visual and functional condition. This shall include, but not be limited to, all exterior elements of the buildings such as paint, roof, paving, signs, lighting and landscaping. The Applicant shall paint and re-paint all building exteriors, accessory equipment, and utility boxes servicing the Project, as necessary to maintain clean, safe, and efficient appearances.
- 8. Anti-Graffiti.** The Applicant shall remove all graffiti from buildings and wall surfaces within 48 hours of defacement, including all areas of the job site for when the Project is under construction.
- 9. Anti-Litter.** The site and surrounding area shall be maintained free of litter, refuse, and debris. Cleaning shall include keeping all publicly used areas free of litter, trash, and garbage.

- 10. Roof, Wall, and Ground Level Equipment.** All mechanical equipment shall be screened and concealed from view in accordance with Section 33-1085 of the Escondido Zoning Code.
- 11. Trash Enclosures.** All appropriate trash enclosures or other approved trash systems shall be approved by the Planning and Engineering Division. The property owner or management company shall be responsible for ensuring that enclosures are easily assessable for garbage and recyclables collection; and that the area is managed in a clean, safe, and efficient manner. Trash enclosure covers shall be closed when not in use. Trash enclosures shall be regularly emptied. There shall be the prompt removal of visible signs of overflow of garbage, smells emanating from enclosure, graffiti, pests, and vermin.
- 12. Staging Construction Areas.** All staging areas shall be conducted on the subject property, subject to approval of the Engineering Department. Off-site staging areas, if any, shall be approved through the issuance of an off-site staging area permit/agreement.
- 13. Disturbance Coordinator.** The Applicant shall designate and provide a point-of-contact whose responsibilities shall include overseeing the implementation of Project, compliance with Permit terms and conditions, and responding to neighborhood concerns.
- 14. Construction Waste Reduction, Disposal, and Recycling.** Applicant shall recycle or salvage for reuse a minimum of 65% of the non-hazardous construction and demolition waste for residential projects or portions thereof in accordance with either Section 4.408.2, 4.408.3, or 4.408.4 of the California Green Building Standards Code; and/or for non-residential projects or portions thereof in accordance with either Section 5.408.1.1, 5.408.1.2, or 5.408.1.3 of the California Green Building Standards Code. In order to ensure compliance with the waste diversion goals for all residential and non-residential construction projects, the Applicant must submit appropriate documentation as described in Section 4.408.5 of the California Green Building Standards Code for residential projects or portions thereof, or Section 5.408.1.4 for non-residential projects or portions thereof, demonstrating compliance with the California Green Building Standards Code sections cited above.
- 15. Construction Equipment Emissions.** Applicant shall incorporate measures that reduce construction and operational emissions. Prior to the City's issuance of the demolition and grading permits for the Project, the Applicant shall demonstrate to the satisfaction of the Planning Division that its construction contractor will use a construction fleet wherein all 50-horsepower or greater diesel-powered equipment is powered with California Air Resources Board ("CARB") certified Tier 4 Interim engines or equipment outfitted with CARB-verified diesel particulate filters. An exemption from this requirement may be granted if (i) the Applicant provides documentation demonstrating that equipment with Tier 4 Interim engines are not reasonably available, and (ii) functionally equivalent diesel PM emission totals can be achieved for the Project from other combinations of construction equipment. Before an exemption may be granted, the Applicant's

construction contractor shall demonstrate to the satisfaction of the Director of Community Development that (i) at least two construction fleet owners/operators in San Diego County were contacted and those owners/operators confirmed Tier 4 Interim equipment could not be located within San Diego County during the desired construction schedule, and (ii) the proposed replacement equipment has been evaluated using the California Emissions Estimator Model ("CalEEMod") or other industry standard emission estimation method, and documentation provided to the Planning Division confirms that necessary Project-generated functional equivalencies in the diesel PM emissions level are achieved.

C. Parking and Loading/Unloading:

1. A minimum of 29 parking spaces shall be provided at all times. Said parking spaces provided by the Applicant, and any additional parking spaces provided above the required, minimum amount, shall be dimensioned per City standards and be maintained in a clean, well-marked condition. The stripping shall be drawn on the plans or a note shall be included indicating double-stripping per City standards.
2. Parking for disabled persons shall be provided (including "Van Accessible" spaces) in full compliance with the State Building Code.
3. In accordance with the California Green Building Standard Code, at least eight (8%) percent of the total number of required spaces shall be designated for clean air vehicles (CAV), and shall be shown on the revised site plan to the satisfaction of the Planning and Building divisions.
4. No contractor or employee may store, or permit to be stored, a commercial or construction vehicle/truck; or personal vehicle, truck, or other personal property on public-right-of-way or other public property without permission of the City Engineer.

D. Landscaping: The property owner or management company assumes all responsibility for maintaining all on-site landscaping; any landscaping in the public right-of-way adjacent to the property, including potted plants; and any retaining and freestanding walls in a manner that satisfies the conditions contained herein.

1. Landscaped areas shall be maintained in a flourishing manner. Appropriate irrigation shall be provided for all landscape areas and be maintained in a fully operational condition.
2. All existing planting and planter areas, including areas within the public right-of-way, shall be repaired and landscaping brought into compliance with current standards. All dead plant material shall be removed and replaced by the property owner or management company.
3. If at the time of planning final inspection that it is determined that sufficient screening is not provided, the Applicant shall be required to provide additional landscaping improvements to the satisfaction of the Planning Division.

4. The landscaped areas shall be free of all foreign matter, weeds and plant material not approved as part of the landscape plan.
5. Failure to maintain landscaping and the site in general may result in the setting of a public hearing to revoke or modify the Permit approval.
6. **Landscaping Plans.** Applicant shall install all required improvements including screening walls, retaining walls, storm improvements, and landscaping in substantial conformance to the planting and irrigation schedule as shown on the final Approved Plan set.
 - a. A final landscape and irrigation plan shall be submitted to the Planning Division for review and approval, if meeting any of the criteria listed under Section 33-1323 of the Zoning Code. Five copies of detailed landscape and irrigation plans shall be submitted to the Engineering Services Department with the second submittal of the grading plan. The initial submittal of the landscape plans shall include the required plan check fees, paid in accordance with the prevailing fee schedule in effect at the time of submittal. Details of Project fencing and walls, including materials and colors, shall be provided on the landscape plans. (Building permits may also be required.) The landscape and irrigation plans shall be reviewed and approved by the Planning Division and Engineering Services Department prior to issuance of grading permits, and shall be equivalent or superior to the conceptual landscape plans included as part of the Approved Plan set, to the satisfaction of the Planning Division. The required landscape and irrigation plans(s) shall comply with the provisions, requirements and standards outlined in Article 62 (Landscape Standards) of the Escondido Zoning Code, except where stricter requirements are imposed by the State of California.
 - b. Screening walls, retaining walls, storm improvements, and landscaping (i.e. planting and irrigation) is to be provided prior to final occupancy.
 - c. The installation of the landscaping and irrigation shall be inspected by the Project landscape architect upon completion. He/she shall complete a Certificate of Landscape Compliance certifying that the installation is in substantial compliance with the approved landscape and irrigation plans and City standards. The Applicant shall submit the Certificate of Compliance to the Planning Division and request a final inspection.
 - d. Any new freestanding walls and/or retaining walls shall incorporate decorative materials or finishes, and shall be indicated on the landscaping plans. (Building permits may also be required.) All freestanding walls visible from points beyond the Project site shall be treated with a protective sealant coating to facilitate graffiti removal. The sealant shall be a type satisfactory to the Director of Community Development.

- e. New or retrofitted trash enclosures shall accommodate vertical climbing plants, vines with support trellis panels, clinging non-deciduous or fast growing shrubbery that will screen the enclosures wall surface. The Director of Community Development shall find that the proposed landscaping design, material, or method provides approximate equivalence to the specific requirements of this condition or is otherwise satisfactory and complies with the intent of these provisions.

E. Specific Planning Division Conditions:

1. The Project has been processed in conformance with all applicable regulations contained in the Escondido Zoning Code.
2. No utilities shall be released for any purpose or Certificate of Occupancy issued until all requirements of the Planning, Engineering, and Building Divisions have been completed.
3. Building plans, prepared by a licensed design professional, must be submitted for the Project and must comply with the building and fire codes in effect at the time of building plan submittal.
4. The plans submitted for building permit shall include notes or details containing the necessary work involved in complying with these Project conditions.
5. The retaining wall along Cranston Street shall extend an additional five feet in height to prevent car headlight beams from shining into to neighboring residences and shall be shown on the revised plans to the satisfaction of the Planning Division. The materials and color of the wall shall be compatible with the building and shall be identified on the grading and landscape plan(s) to the satisfaction of the Planning Division. An Encroachment Permit shall be obtained from the Engineering Division for all work within the public right-of-way.
6. The perimeter walls along the north and south boundaries shall be shall be of decorative material and shown on the revised plans to the satisfaction of the Planning Division.
7. A minimum of eighty (80) cubic feet of private storage area space for each unit shall be provided, with no minimum dimension less than two (2) feet. Said storage shall be required in addition to typical cabinets and closets and not include attic space and shown on the revised plans to the satisfaction of the Planning Division.
8. Laundry facilities shall be provided to serve all residential dwelling units on site. Such laundry facilities, constituting washer and dryer appliances connected to utilities, shall be provided in the individual dwelling units.
9. Landscaping:
 - a. Any landscaping that is damaged or destroyed as a result of the Project shall be repaired and/or replaced, to the satisfaction of the Planning Division.

- b. Any trees removed as part of this project shall be replaced elsewhere on the Project site, and shall be shown on the revised site plan.
- c. Appropriate screening landscaping shall be required around any transformers and shall be shown on the site plan and to the satisfaction of the Planning Division.
- d. Vines shall be grown onto all freestanding and retaining walls and fences to soften their appearances, including trash and mechanical equipment enclosures, and shall be shown on the landscape plan to the satisfaction of the landscape plan.
- e. Additional plantings consisting of trees, plants and vines shall be provide along Cranston Drive.
- f. A minimum of five (5) street trees will be required along S. Escondido Blvd and a minimum of five (5) street trees will be required along Cranston Drive. The minimum tree size shall be 15-gallon in size; six-feet tall planted, and have a trunk caliper of at least two inches. The precise location and type of tree shall be consistent with the City standards and the current street tree list. Existing trees may be counted as street trees if their variety, location, and size meet minimum requirements and they are identified on the landscape plan.
- g. Since a minimum five-foot (5) wide landscape area cannot be provided on-site along the eastern property line adjacent to Cranston Drive due to the existing 20' wide storm drain easement, irrigation and landscaping including five (5) street trees, shrubs and groundcover shall be provided within the public right-of way adjacent to Cranston Drive. Details of the landscaping and irrigation shall be shown on the final landscape plan(s) to the satisfaction of the Planning Division.

F. General Building Division Conditions: Building plans must be submitted for the Project. These comments are preliminary only. A comprehensive plan check will be completed prior to permit issuance and additional technical code requirements may be identified and changes to the originally submitted plans may be required.

1. The Applicant shall submit a complete set of construction plans to the Development Services Department for building permit plan check processing. The submittal shall include a Soils/Geotechnical Report, structural calculations, and State Energy compliance documentation (Title 24). Construction plans shall include a site plan, a foundation plan, floor and roof framing plans, floor plan(s), section details, exterior elevations, and materials specifications. Submitted plans must show compliance with the latest adopted editions of the California Building Code (The International Building Code with California Amendments, the California Mechanical, Electrical and Plumbing Codes). Commercial and Multi-residential construction must also contain details and notes to show compliance with State disabled accessibility mandates. These comments are preliminary only. A comprehensive plan check will be completed prior to permit issuance, additional technical code requirements may be identified, and changes to the originally submitted plans may be required.

G. General Fire Division Conditions:

1. Fire underground line, fire sprinkler, and fire alarm plans shall be a deferred submittal to the Escondido Fire Department.
2. An approved paved access and adequate water supply shall be provided prior to any combustible being brought to the site.
3. FDC and hydrant placement shall be approved by the Escondido Fire Department.

H. Engineering Division Conditions:

GENERAL

1. The Developer shall provide the City Engineer with a Preliminary Title Report covering subject property.
2. The location of all existing on-site and adjacent utilities and storm drain facilities shall be determined by the Developer's engineer. If a conflict occurs with the proposed project or improvements, arrangements for relocation of the conflicting utilities/facilities shall be made with the owner of the utility/facility prior to approval of the Grading plans. This utility/facility relocation work shall be completed prior to issuance of Building Permits.
3. Improvement plans prepared by a Civil Engineer, required for all public street, utility, and storm drain improvements, and Grading/Private Improvement plans prepared by Civil Engineer, required for all grading, drainage and private onsite improvement design, shall be submitted for review through the City's virtual plan review portal as a single package containing all items on the Engineering Initial Submittal Checklists. Landscaping Plans shall be prepared by a Landscape Architect.
4. The Developer shall post securities in accordance with the City prepared Bond and Fee Letter based on a final Engineer's Estimate of Grading and Improvements Cost prepared by the project engineer. The Developer is required to provide a Cash Clean Up deposit for all grading, landscaping, private Improvements and onsite drainage improvements prior to approval of Grading Plans and issuance of Grading Permit. This Cash Clean Up Deposit amount shall be 10% of the total cost of the project private improvements, drainage and landscaping. The Developer is required to provide Performance (100% of total public improvement cost estimate), Labor and Material (50% of total public improvement cost estimate) and Guarantee and Warrantee (10 % of total public improvement cost estimate) bonds for all public improvements prior to approval of the Improvement Plans and issuance of Building Permits. All improvements shall be completed prior to issuance of a Certificate of Occupancy.
5. As surety for the construction of required off-site and/or on-site improvements, bonds and agreements in a form acceptable to the City Attorney shall be posted by the Developer with the City of Escondido prior to the approval of any Grading Plan, Improvement Plan, or Building Permit.
6. If site conditions change adjacent to the proposed development prior to completion of the project, the Developer will be responsible to modify his/her improvements to accommodate

these changes. The determination and extent of the modification shall be to the satisfaction of the City Engineer.

7. All public improvements shall be constructed in a manner that does not damage existing public improvements. Any damage shall be determined by and corrected by the Developer to the satisfaction of the City Engineer.
8. The Developer's engineer shall submit to the Planning Department 3 copies of the Precise Development Plan as presented to the Planning Commission and approved by the City Council together with any changes contained in the adopted final conditions of approval. The Precise Development Plan will be certified by the Planning Department verifying that they are an accurate reproduction of the approved Precise Development Plan and one of these copies must be included with the first Final Engineering submittal for plan check to the Engineering Department.

STREET IMPROVEMENTS AND TRAFFIC

1. All driveways shall be alley-type in accordance with Escondido Standard Drawing No. G-5-E, with a minimum throat width of twenty-four (24) feet.
2. All unused driveways shall be removed and replaced with full height curb and gutter and sidewalk in accordance with City standards.
3. The developer shall be required to construct a LED street light in accordance with Escondido Standard Drawing No. E-1-E at Cranston Drive.
4. The existing street light on Escondido Blvd. shall be retrofitted or replaced with an LED street light in accordance with Escondido Standard Drawing No. E-1-E.
5. The Developer shall remove and replace all damaged sidewalk, curb and gutter, along all project frontages to the satisfaction of the City Engineer prior to issuance of a Certificate of Occupancy.
6. The Developer shall be responsible to repair or replace any driveway approach, curb and gutter, sidewalk, or other damages as a result of construction activities for this subject project.
7. Adequate horizontal sight distance shall be provided at all street intersections and driveway entrances. Increased parkway widths, open space easements, and restrictions on landscaping may be required at the discretion of the City Engineer.
8. Pedestrian access routes conforming to the American Disabilities Act shall be provided into the project from the public sidewalk, to the satisfaction of the City Engineer.
9. The Developer shall be responsible for construction and striping of frontage improvements along Escondido Blvd to a Local Collector Street standards with a minimum thirty-eight (38) feet of paved roadway to accommodate for one lane of traffic in each direction and a left-turn pocket for the project entrance. A curb shall be installed along the westerly edge of the roadway. Pavement and striping transition along centerline and east side of the roadway shall be designed to City Standards. The project owner is required to stabilize all disturbed areas along the westerly side of Escondido Blvd to the requirements of the City Engineer.

10. The Developer may be responsible for an overlay of Escondido Blvd. and Cranston Drive due to the many utility trenches necessary to serve this project. The determination of the extent of the overlay shall be to the satisfaction of the City Engineer.
11. The Developer's engineer shall prepare and submit for approval by the City Engineer a complete final Signing and Striping plan for all improved and modified roadways. The Developer will be responsible for removal of all existing and the construction of all new signing and striping in compliance with the current CA MUTCD standards and to the satisfaction of the City Engineer.
12. The Developer shall repaint all pavement striping and markings adjacent to the project that have been damaged and prematurely faded due to project construction traffic to the satisfaction of the City Engineer.
13. Encroachment Permit shall be obtained from the Engineering Division for all work within the public right-of-way. Contact the Engineering Field Office at (760) 839-4664 to arrange for the Encroachment Permit and inspections.
14. The Developer will be required to provide a detailed detour and traffic control plan, for all construction and staging activities, and any requested materials placement within existing rights-of-way to the satisfaction of the City Engineer. This plan shall include any proposed sidewalk closures and provide for alternate pedestrian access around the project site. This plan shall be approved prior to the issuance of an Encroachment Permit for construction or other project activities within the public right-of-way.

An engineered improvement plan is required for all public improvements (unless only sidewalks, driveways and/or streetlights are required). The developer shall post security for these improvements and an improvement plan shall be approved by the City of Escondido prior to issuance of any building permits. All required improvements shall be constructed prior to final acceptance of subject construction by the City.

GRADING

1. A site grading and erosion control plan prepared by a registered Civil Engineer shall be approved by the Engineering Department prior to issuance of building permits. The first submittal of the grading plan shall be accompanied by 3 copies of the preliminary soils and geotechnical report. The Soils Engineer will be required to indicate in the soils report that he/she has reviewed the grading design and found it to be in conformance with his/her recommendations.
2. All private driveways and parking areas shall be paved with a minimum of 3" asphalt concrete (AC) over 6" of asphalt Base (AB) or 7" Portland Concrete Cement (PCC) over 6" AB. All paved areas exceeding 15% slope or less than 1.0% shall be paved with PCC.
3. All driveway grades shall conform to current Escondido Design Standards and Escondido Standard Drawings.
4. Any proposed retaining walls not a part of the building foundations or stem walls shall be shown on and permitted as part of the site grading plan. Profiles and structural details shall be shown on the site grading plan and the Soils Engineer shall state on the plans that the proposed retaining wall design is in conformance with the recommendations and specifications as outlined in the Geotechnical report. Structural calculations shall be submitted for review by a Consulting Engineer for all walls not covered

by Regional or City Standard Drawings. Stem walls, foundation structures, or deepened footings that are to be constructed as part of a building structure will be permitted as part of the Building Dept. plan review and permit process.

5. Erosion control, including riprap, interim sloping planting, gravelbags, or other erosion control measures shall be provided to control sediment and silt from the project. The developer shall be responsible for maintaining all erosion control facilities throughout the development of the project.
6. The on-site trash enclosure shall drain toward the landscaped area and include a roof over the enclosure in accordance with the City's Storm Water Management requirements and to the satisfaction of the City Engineer. Trash enclosure and any permanent structure may not be constructed over a public utility and public utility easement.
7. An approved public safety or perimeter fence shall be installed on top of the retaining walls, to the satisfaction of the City Engineer and Planning Director.
8. All existing trees either near, within the easement and public right-of-way, and/or over the existing storm drain shall be removed. All new trees shall be located behind the sidewalk and/or away from existing public utilities and public storm drains, in accordance with approved landscape plans and the satisfaction of the City Engineer.
9. The Developer shall be responsible for the recycling of all excavated materials designated as Industrial Recyclables (soil, asphalt, sand, concrete, land clearing brush and rock) at a recycling center or other location(s) approved by the City Engineer.
10. All blasting operations performed in connection with the improvement of the project shall conform to the City of Escondido Blasting Operations Ordinance.
11. All existing foundations, structures, trees not otherwise noted to remain or be relocated shall be removed or demolished from the site.

*All site grading and erosion control plans shall be prepared by a Registered Civil Engineer. A separate submittal to the Engineering Department is required for the site grading and erosion control plans. Plans will **not** be forwarded from the Building Department.*

DRAINAGE

1. The existing 72" x 44" CMPA storm drain pipe shall be replaced due to inadequate structural cover within the proposed project driveway grades. The remaining existing 72" x 44" CMPA storm drain pipe shall be inspected for structural integrity, replaced and/or rehabilitated where necessary due to deteriorated pipe condition, and to the satisfaction of the City Engineer.
2. Final on-site and off-site storm drain improvements shall be determined to the satisfaction of the City Engineer and shall be based on a drainage study to be prepared by the Engineer of Work. The drainage study shall be in conformance with the City of Escondido Design Standards.

3. The project shall limit drainage flows to their pre-construction rates. Details and calculations for the detention basin shall be submitted with the drainage study and approved as part of the grading plan check.
4. A Storm Water Quality Management Plan (SWQMP) in compliance with the City's latest adopted Storm Water Design Manual shall be prepared for all newly created or replaced onsite impervious areas, impervious frontage, and required offsite improvements. The SWQMP shall be submitted for approval with the final improvement and grading plans. The SWQMP shall include treatment calculations, post-construction storm water treatment measures, and maintenance requirements and responsibilities both for onsite treatment and also any "Green Street" facilities located in the public right-of-way. The SWQMP shall demonstrate how proposed proprietary best management practices meet bio-filtration treatment requirements in accordance with the City's Storm Water Design Manual.
5. All site drainage with emphasis on the parking and drive way areas shall be treated to remove expected contaminants using a high efficiency non-mechanical method of treatment. The City highly encourages the use of bio-retention basins within or along the perimeter of the parking and driveway area as the primary method of storm water treatment and hydro-modification compliance. The landscape plans shall reflect these areas of storm water treatment.
6. All on-site storm drains, detention basins, and all post-construction BMP's facilities are private. The responsibility for maintenance of these storm drains shall be that of the property owner or property owner's association.
7. All storm water treatment and retention facilities and their drains including the bio-retention basins and planters, any permeable paver areas shall be considered private. The responsibility for maintenance of these post construction storm water treatment facilities shall be that of the Property Owner.
8. The developer will be required to have the current owner of the property sign, notarize, and record a Storm Water Control Facility Maintenance Agreement.

WATER SUPPLY

1. All water main locations and sizing shall be to the satisfaction of the City Engineer and Utilities Engineer. Required water main improvements shall include an 8-inch waterline extension in Cranston Drive. Construction of the water main and related appurtenances shall be in accordance with the Standards and Specifications of the City of Escondido. A minimum 20-foot public utility easement shall be provided for all proposed water mains. There shall be no permanent structures located within the public utility easement.
2. Fire hydrants and/or fire protection together with an adequate water supply shall be installed at locations approved by the Fire Marshal. On-site fire hydrants located by the Fire Marshal may require water main looping.
3. No deep-rooted bushes or trees shall be planted within 10 feet of any water service.
4. All existing fire hydrant laterals not currently connected to the existing 12-inch water main in S. Escondido Blvd. shall be disconnected at the main per the satisfaction of the Utilities Engineer.

New water services and connections shall be established off the existing 12-inch water main in S. Escondido Blvd.

SEWER

1. The on-site sewer lateral to the proposed building will be considered a private sewer system. The property owner shall be responsible for all maintenance of this lateral to the main in Cranston Drive.
2. Sewer laterals shall be six (6) inch PVC minimum with a standard clean-out at the right-of-way per standard drawing S-2-E and at all angle points, and shall be designed and constructed per the current Uniform Plumbing Code.
3. Trees or deep-rooted bushes shall not be planted within ten (10) feet of the sewer lateral or within fifteen (15) feet of the sewer main.

LANDSCAPE

1. A site landscaping and irrigation plan shall be submitted to the Engineering Department with the first submittal of the grading plan. The initial submittal of the landscape plans shall include the required plan check fees.
2. Permanent landscaping shall be installed along the project and all areas disturbed by the project (including offsite areas). The landscaping, including storm water treatment BMPs, shall be maintained by the property owner.

EASEMENTS AND DEDICATIONS

1. Necessary public utility easements, for the storm drain and other public utilities, shall be granted to the City. The minimum easement width is 20 feet. Easements with additional utilities shall be increased accordingly.
2. All easements, both private and public, affecting subject property shall be delineated and labeled on the grading plans.
3. The Engineer shall verify and if applicable the developer shall dedicate the required right-of-way along Escondido Boulevard and Cranston Drive to the City of Escondido to bring the roadway to a road classification as indicated on the City's Circulation Plan and the Design Standards.
4. Material necessary for processing a dedication or easement shall include: a current grant deed or title report, a legal description and plat of the dedication or easement signed and sealed by a person authorized to practice land surveying (document size) and traverse closure tapes. The City will prepare all final documents.

REPAYMENTS AND FEES

1. A waterline repayment of \$2,270.40 is due to the City of Escondido for the existing waterline improvements in S. Escondido Boulevard that will serve this development.

2. A cash security shall be posted to pay any costs incurred by the City to clean-up eroded soils and debris, repair damage to public to private property and improvements, install or maintain BMP's, and stabilize and/or close-up a non-responsive of abandoned project. Any moneys used by the City for clean-up or damage will be drawn from this security. The remaining portion of this clean-up security shall be released upon final acceptance of the grading and improvements for this project. The amount of the cash security shall be 10% of the total estimated cost of the grading, drainage, retaining wall, landscaping, and best management practices item of work with a minimum of \$5,000 up to a maximum of \$50,000, unless a higher amount is deemed necessary by the Director of Engineering Services.
3. The developer will be required to pay all development and plan check fees of the City then in effect at the time, and in such amounts as may prevail when building permits are issued.

SURVEYING AND MONUMENTATION

1. All property corners shall be monumented by a person authorized to practice land surveying and a Record of Survey Map (or Corner Record if appropriate) shall be recorded.

UTILITY UNDERGROUNDING AND RELOCATION

1. All existing overhead utilities within the project boundary or along fronting streets shall be relocated underground as required by the City's Ordinance. The developer may request a waiver of this condition by writing a letter to the City Engineer explaining his/her reasons for requesting the waiver. The developer will be required to pay a waiver fee as adopted by City Council resolution.
2. All new dry utilities to serve the project shall be constructed underground.
3. The developer shall sign a written agreement stating that he has made all such arrangements as may be necessary to coordinate and provide utility construction, relocation and undergrounding. All new utilities shall be constructed underground.
