RE: Resolution Number 26-01: Appointing Commissioners to Boards and Committees

Introduction:

Resolution Number 26-01 appoints Commissioners to a number of civic and public committees and Boards of Directors to ensure that the City has representation on these important entities.

Background:

Commissioners have historically represented the City on various committees and Boards of Directors. Attached is a list of all the organizations along with a description of the organization's purpose and who served during previous years.

Prior to 2020, the Chamber of Commerce bylaws required that a Commissioner be appointed as the liaison to their Executive Board to represent the City; however, they changed their bylaws and requested that the City Manager or his designee represent the City. Therefore, this position will no longer appear in the resolution. Unless the Commission decides otherwise, whomever is serving as City Manager will act as the City's representative to the Chamber Executive Board.

Recommended Action:

Staff recommend consideration and determination of designees for Boards and Committees and approval of Resolution Number 26-01 with the selected City Commission designees.
