RE: Officer Torres

Introduction:

Officer Torres completed SWAT school and is now a member of the Mid Florida SWAT team.

Background:

Special Weapons And Tactics (SWAT) school consists of 100 hours of training. Prior to going to SWAT school, Officer Torres had to pass a physical fitness assessment, was required to have 100 percent on firearms qualification, had to pass a grueling stress shoot scenario, and was required to go before an oral board.

This is an opportunity to recognize Officer Torres for his achievement.
