Location / Situation for Review and Description of Concerns

Our home is located right in the middle of No Le Hace Dr. My husband and I routinely witness vehicles traveling way too fast down the road, which is made especially dangerous by several blind curves. I'm an avid runner and travel the road on foot often. It's becoming very common to have to jump up on the curb because someone is driving too fast and not paying attention on such a windy road.

30 mph is, in my opinion, a very unsafe speed limit on that road. You have to assume that people will routinely exceed the speed limit (and they do)...which means we have people traveling 35 mph down a road that serves many young families with children, as well as elderly neighbors.

This particular stretch serves as a cut through (especially during the early AM and afternoon hours) for people trying to get from Fair Oaks Parkway to Dietz Elkhorn (and vice versa).

Desired Outcome/Resolution

I'd like someone to drive the road at the posted speed limit and consider factors like children, pedestrians, etc. I feel most experienced and cautious drivers would agree the current limit is much too high and threatens safety of our residents.

A few options-
Reduce the speed limit to 20 or 25 mph
Speed bumps at the blind curve areas
3 way stop at the intersection of No Le Hace and Sumpter.

**This is very similar to the issues on Noble Lark, and their speed limit was reduced to 20 mph. It doesn't make sense for our road to have the same speed limit as a thoroughfare like Dietz Elkhorn.
