CITY COUNCIL REPORT
CITY OF FAIR OAKS RANCH, TEXAS

AGENDA TOPIC: 2024 Fair Oaks Ranch Police Department Annual Report

DATE: February 20, 2025

DEPARTMENT: Police Department

PRESENTED BY: Todd Smith, Chief of Police

INTRODUCTION/BACKGROUND:

The 2024 Fair Oaks Ranch Police Department Annual Report is prepared by Command Staff, Investigations, and Administrative Assistants. The data within our annual report is collected throughout the year from all Officer-initiated activities, calls for service, reported crimes, racial profiling data, and some administrative services. Crime and calls for service data is collected from the Department's report writing platform, Tyler RMS. Along with crime statistics, the report includes a summary of community programs and services provided by the Department.

As required under Texas statutes, SB 1187, the Department is required to collect racial profiling data from all traffic stops conducted and to submit a report to the State by March 1 of each year. The statute also requires the Department to report racial profiling statistics to the governing body. The annual racial profiling report is generated from data compiled by the Department's ticket writing platform, Brazos Technologies. The data collected shows a statistical analysis of all traffic stops conducted by the Department.

The Police Department's annual report can be found on the City's Police webpage under "Statistics." Additionally, a link to the webpage will be shared on all social media platforms currently used by the City.

POLICY ANALYSIS/BENEFIT(S) TO CITIZENS:

The purpose of compiling this annual report is to provide the citizens of Fair Oaks Ranch an accurate and complete analysis of the yearly activity and calls received by the Police Department. Additionally, this report is sufficient in meeting the statutory requirements under State law for reporting racial profiling statistics to our governing body.

LONGTERM FINANCIAL & BUDGETARY IMPACT:

Budgetary impacts are limited to staff time and supplies in compiling the data for the report.
