#### ARTICLE IV FACILITY

**Description of the Facility.** Located in the Heart of the City of Fair Oaks Ranch, the Civic Center will add approximately 3,000 - 4,000 square feet of flexible, and highly functional meeting and event space. The center will be built on property owned by the City and will replace a time-worn existing City building and will include public meeting space, conference rooms and a kitchen. The exterior façade of the new civic center will be enhanced with building material repurposed from the existing building to ensure the unique hill country theme of the municipal campus is maintained.

The purpose of the project is to create a welcoming gathering space for private and public events.

The center will maximize flexible space for community programs, private and public meetings, city staff, and resident use while minimizing cost relative to square footage. Utilizing an alternative delivery method to leverage value engineering and design simultaneously with construction, the civic center will feature the following:

- A new building that helps create a community gathering space for residents.
- 3,000 – 4,000 square feet of flexible, highly functional space, inclusive of a Board room to better accommodate large capacity town hall meeting formats.
- Design elements that strengthen and celebrate Fair Oaks Ranch’s Hill County
- aesthetic.
- A seamless transition between city hall complex buildings and maximized greenspace.
- Kitchen facility to enhance catering needs for events and meetings.
- Outdoor seating areas

#### Project Objectives, Community Benefits, and Desired Outcomes

The City of Fair Oaks Ranch Civic Center will help address the growing demand for community and meeting space by local organizations and the City. Groups such as HOA’s, FORHA, local businesses, or civic organizations consistently reach out to utilize City Hall, but the City currently lacks capacity. Further, the City is unable to accommodate larger town hall type meetings when conducting city business and must rent outside facilities. Many groups choose to host meetings outside the City or join organizations within other communities that offer appropriate space. Over the past decade, the City has seen an exponential increase in the number of families seeking to enjoy civic groups close to home rather than travel to neighboring Boerne or San Antonio. Likewise, other meeting spaces for local boards and organizations are expensive.

The City of Fair Oaks Ranch has always been known as a community that cares about its residents and organizations, the desire is for the Civic Center to foster this spirit of participation within new and existing organizations. With increased availability of gathering spaces, the Civic Center will be a source of community engagement and offer an opportunity for creation of new community groups, or expansion of existing groups. The additional capacity provided by the new civic center will support the City’s goal of enhancing community engagement.

Bringing together the City’s services and public spaces, the Civic Center will create a balance between meeting the community’s service needs at one location and providing a space for civic pride and engagement. The overall objective being a facility that provides a functional and attractive public space for Fair Oaks Ranch residents to host their own meetings and events while simultaneously addressing the City’s administrative and public meeting needs.

### ARTICLE V CITY’S OBLIGATIONS

**Quarterly Progress Reports.** Beginning on the effective date, City shall deliver to MDD a report at each MDD Quarterly Meeting (unless such meeting is cancelled) until completion of the Facility and payment of the Grant.
