ARTICLE 4 GENERAL PROVISIONS

4.01 OWNERSHIP OF DOCUMENTS

Upon the request of the CLIENT, J-U-B shall furnish the CLIENT copies of all maps, plots, drawings, estimate sheets, and other contract documents required for the PROJECT provided J-U-B has been paid in full for the work. Upon the request of the CLIENT and the completion of the work specified herein, all material documents acquired or produced by J-U-B in conjunction with the preparation of the plans shall be delivered to and become the property of the CLIENT providing no future use of said documents or portions thereof shall be made by the CLIENT with J-U-B's name or that of J-U-B ENGINEERS, Inc., attached thereto. Final submittal of J-U-B's work product shall be in hard-copy format and no electronic design files will be submitted as part of the PROJECT, unless expressly requested.

Any reuse without written consent by J-U-B, or without verification or adoption by J-U-B for the specific purpose intended by the reuse, will be at CLIENT's sole risk and without liability or legal exposure to J-U-B. The CLIENT shall release, defend, indemnify, and hold J-U-B harmless from any claims, damages, actions or causes of action, losses, and expenses, including reasonable attorneys' and expert fees, arising out of or resulting from such reuse.

Agreements for Professional Services are public records which are generally subject to statutory public disclosure and public website posting requirements, and such disclosure will not be considered "reuse without written consent by J-U-B".

J-U-B shall retain an ownership interest in PROJECT documents that allows their reuse of non-proprietary information on subsequent projects at J-U-B's sole risk.

4.02 DELEGATION OF DUTIES

Neither the CLIENT nor J-U-B shall delegate, assign, sublet or transfer their respective duties under this Agreement without the prior written consent of the other.

- B. Neither party shall hold the other responsible for damage or delay in performance caused by acts of God, strikes, lockouts, accidents, or other events beyond the reasonable control of the other or the other's employees and agents.
- C. In the event any provisions of this AGREEMENT shall be held to be invalid and unenforceable, the remaining provisions shall be valid and binding upon the parties. One (1) or more waivers by either party or any provision, term, condition, or covenant shall not be construed by the other party as a waiver of subsequent breach of the same by the other party.
- D. J-U-B shall render its services under this AGREEMENT in accordance with generally accepted professional practices and Standard of Care. J-U-B makes no other warranty for the work provided under this AGREEMENT.
- E. CLIENT grants J-U-B and its subsidiaries the unrestricted right to take, use, and publish images, or edited images, of the project site and workers for J-U-B's purposes including, but not limited to, website, intranet, and marketing. This right shall survive the termination of this Agreement.
- F. Any opinion of the estimated construction cost prepared by J-U-B represents its judgment as a design professional and is supplied for the general guidance of the CLIENT. Since J-U-B has no control over the cost of labor and material, or over competitive bidding or market conditions, J-U-B does not guarantee the accuracy of such opinions as compared to Contractor bids or actual costs to the CLIENT.
- G. Any notice or other communications required or permitted by this contract or by law to be served on, given to, or delivered to either party hereto by the other party shall be in writing and shall be deemed duly served, given, or delivered when personally delivered to the party to whom it is addressed or, in lieu of such personal service, when deposited in the United States mail, certified mail, return receipt requested, addressed to the CLIENT at 55 West Williams Avenue, Fallon, Nevada, 89406 and to J-U-B at 5190 Neil Road, Suite 500, Reno, Nevada, 89502. Either party, the CLIENT or J-U-B, may change his address for the purpose of this paragraph by giving written notice of such change to the other party in the manner provided in this paragraph.
- H. In soils investigation work and determining subsurface conditions for the PROJECT, the characteristics may vary greatly between successive test points and sample intervals. J-U-B will coordinate this work in accordance with generally accepted engineering practices and makes no other warranties, expressed or implied, as to the professional advice furnished by others under the terms of this AGREEMENT.

4.04 MEDIATION BEFORE LITIGATION

Any and all disputes arising out of or related to the Agreement, except for the payment of J-U-B's fees, shall be submitted to nonbinding mediation before a mutually acceptable mediator as a condition precedent to litigation or other binding adjudicative procedure unless the parties mutually agree otherwise. The CLIENT further agrees to include a similar mediation provision in all agreements with independent contractors, consultants, subcontractors, subconsultants, suppliers and fabricators on the Project, thereby providing for mediation as the primary method for dispute resolution among all the parties involved in the Project. In the event the parties are unable to agree on a mediator, said mediator shall be appointed by a court of competent jurisdiction or, if not possible, the American Arbitration Association. If a dispute relates to, or is the subject of a lien arising out of J-U-B's Services, J-U-B or its subconsultants may proceed in accordance with applicable law to comply with the lien notice and filing deadlines prior to submission of the matter by mediation.

This Contract shall be governed by and interpreted under the laws of the State of Nevada. The parties agree that in the event it becomes necessary to enforce any of the terms and conditions of this Contract that the forum, venue and jurisdiction in that particular action shall be in Churchill County, Nevada.

4.05 INSURANCE AND INDEMNITY

- A. J-U-B's Insurance. J-U-B agrees to procure and maintain, at its expense, Commercial General Liability insurance of \$1,000,000 combined single limit for personal injury and property damages, and Professional Liability Insurance of \$1,000,000 per claim for protection against claims arising out of the performance of services under this Contract caused by negligent acts, errors, or omissions for which J-U-B is legally liable, subject to and limited by the provisions in Subsection 4.05.D, "Allocation of Risks", if any. J-U-B shall deliver to the CLIENT, prior to execution of the AGREEMENT by the CLIENT and prior to commencing work, Certificates of Insurance, identified on their face as the Agreement Number to which applicable, as evidence that policies providing such coverage and limits of insurance are in full force and effect. J-U-B shall acquire and maintain statutory workmen's compensation coverage. Thirty (30) days advance notice will be given in writing to the CLIENT prior to the cancellation, termination, or alteration of said policies of Insurance.
- B. Indemnification by J-U-B. To the fullest extent permitted by law, J-U-B shall indemnify and hold harmless CLIENT, and CLIENT's officers, directors, partners, agents, consultants, and employees from and against any and all claims, costs, losses, and damages (including but not limited to all fees and charges of CLIENT, architects, attorneys, and other professionals, and all court, arbitration, or other dispute resolution costs) arising out of or relating to the PROJECT, provided that any such claim cost, loss, or damage is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting there from, but only to the extent caused by any negligent act, error, or omission of J-U-B or J-U-B's officers, directors, partners, employees, or Consultants. The indemnification provision of the preceding sentence is subject to and limited by the provisions agreed to by CLIENT and J-U-B in Subsection 4.05.D, "Allocation of Risks," if any.
- C. Indemnification by CLIENT. To the fullest extent permitted by law, CLIENT shall indemnify and hold harmless J-U-B, J-U-B's officers, directors, partners, agents, employees, and Consultants from and against any and all claims costs, losses, and damages (including but not limited to all fees and charges of J-U-B, architects, attorneys, and other professionals, and all court, arbitration, or other dispute resolution costs) arising out of or relating to the PROJECT, provided that any such claim cost, loss, or damage is attributable to bodily injury, sickness, disease, or death or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting there from, but only to the extent caused by any negligent act, error, or omission of CLIENT or CLIENT's officers, directors, or employees, retained by or under contract to the CLIENT with respect to this AGREEMENT or to the PROJECT.
- D. Allocation of Risks. The CLIENT and J-U-B have discussed the risks, rewards and benefits of the project and the design professional's total fee for services. The risks have been allocated such that the CLIENT agrees that, to the fullest extent permitted by law, J-U-B's total liability to the CLIENT for any and all injuries, claims, losses, expenses, damages or claims expenses arising out of this agreement from any cause or causes, shall not exceed the total amount of fees paid to J-U-B under this Agreement. Such causes include, but are not limited to J-U-B's negligence, errors, omission and strict liability. Neither CLIENT nor J-U-B shall be responsible for incidental, indirect or consequential damages.
- E. J-U-B reserves the right to obtain the services of other consulting engineers and consultants experienced in airport work to prepare and execute a portion of the work that relates to the PROJECT.
- F. Nothing contained in this agreement shall create a contractual relationship with or a cause of action in favor of a third party against J-U-B.

4.06 EXTENT OF AGREEMENT

This Agreement represents the entire and integrated agreement between the CLIENT and J-U-B and supersedes all prior negotiations, representations, or agreements, either written or oral. This Agreement may be amended only by written instrument signed by both the CLIENT and J-U-B.

ARTICLE 5 FAA FEDERAL CLAUSES

- B. It is understood by the CLIENT and J-U-B that the FAA is not a party to this Agreement and will not be responsible for engineering costs except as should be agreed upon by the CLIENT and the FAA under a Grant Agreement for the PROJECT.
- C. This Agreement may not be assigned except upon specific prior written consent of the CLIENT.

5.02 TERMINATION

A. TERMINATION FOR CONVENIENCE

The CLIENT may, by written notice to J-U-B, terminate this Agreement for its convenience and without cause or default on the part of J-U-B. Upon receipt of the notice of termination, except as explicitly directed by the CLIENT, J-U-B must immediately discontinue all services affected.

Upon termination of the Agreement, J-U-B must deliver to the CLIENT all data, surveys, models, drawings, specifications, reports, maps, photographs, estimates, summaries, and other documents and materials prepared by J-U-B under this contract, whether complete or partially complete.

CLIENT agrees to make just and equitable compensation to J-U-B for satisfactory work completed up through the date J-U-B receives the termination notice. Compensation will not include anticipated profit on non-performed services.

CLIENT further agrees to hold J-U-B harmless for errors or omissions in documents that are incomplete as a result of the termination action under this clause.

B. TERMINATION FOR CAUSE

Either party may terminate this Agreement for cause if the other party fails to fulfill its obligations that are essential to the completion of the work per the terms and conditions of the Agreement. The party initiating the termination action must allow the breaching party an opportunity to dispute or cure the breach.

The terminating party must provide the breaching party 7 days advance written notice of its intent to terminate the Agreement. The notice must specify the nature and extent of the breach, the conditions necessary to cure the breach, and the effective date of the termination action. The rights and remedies in this clause are in addition to any other rights and remedies provided by law or under this agreement.

- a) **Termination by CLIENT:** The CLIENT may terminate this Agreement for cause in whole or in part, for the failure of J-U-B to:
 - 1. Perform the services within the time specified in this contract or by CLIENT approved extension;
 - 2. Make adequate progress so as to endanger satisfactory performance of the Project; or

3. Fulfill the obligations of the Agreement that are essential to the completion of the Project.

Upon receipt of the notice of termination, J-U-B must immediately discontinue all services affected unless the notice directs otherwise. Upon termination of the Agreement, J-U-B must deliver to the CLIENT all data, surveys, models, drawings, specifications, reports, maps, photographs, estimates, summaries, and other documents and materials prepared by J-U-B under this contract, whether complete or partially complete.

CLIENT agrees to make just and equitable compensation to J-U-B for satisfactory work completed up through the date J-U-B receives the termination notice. Compensation will not include anticipated profit on non-performed services.

CLIENT further agrees to hold J-U-B harmless for errors or omissions in documents that are incomplete as a result of the termination action under this clause.

If, after finalization of the termination action, the CLIENT determines J-U-B was not in default of the Agreement, the rights and obligations of the parties shall be the same as if the CLIENT issued the termination for the convenience of the CLIENT.

- b) **Termination by Consultant:** J-U-B may terminate this Agreement for cause in whole or in part, if the CLIENT:

1. Defaults on its obligations under this Agreement;
2. Fails to make payment to J-U-B in accordance with the terms of this Agreement;
3. Suspends the Project for more than 120 days due to reasons beyond the control of J-U-B.

Upon receipt of a notice of termination from J-U-B, CLIENT agrees to cooperate with J-U-B for the purpose of terminating the agreement or portion thereof, by mutual consent. If CLIENT and J-U-B cannot reach mutual agreement on the termination settlement, J-U-B may, without prejudice to any rights and remedies it may have, proceed with terminating all or parts of this Agreement based upon the CLIENT's breach of the contract.

In the event of termination due to CLIENT breach, the Consultant is entitled to invoice CLIENT and to receive full payment for all services performed or furnished in accordance with this Agreement and all justified reimbursable expenses incurred by J-U-B through the effective date of termination action. CLIENT agrees to hold J-U-B harmless for errors or omissions in documents that are incomplete as a result of the termination action under this clause.

5.03 CERTIFICATIONS OF J-U-B AND CLIENT

- A. The CLIENT and J-U-B hereby certify that J-U-B has not been required, directly or indirectly, as an expressed or implied condition in connection with obtaining or carrying out this contract, to:

J-U-B further represents that it is not a corporation that was convicted of a criminal violation under any Federal law within the preceding 24 months.

Provided, that if J-U-B becomes involved in, or is threatened with, litigation by a subconsultant or supplier as a result of such direction, J-U-B may request the CLIENT to enter into such litigation to protect the interests of the CLIENT. In addition, J-U-B may request the United States to enter into such litigation to protect the interests of the United States.

The Contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the J-U-B to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the Sponsor deems appropriate, which may include, but is not limited to: Withholding monthly progress payments and or Assessing sanctions.

Prompt Payment (49 CFR § 26.29)

J-U-B agrees to pay each subcontractor under this prime contract for satisfactory performance of its contract no later than 30 days from the receipt of each payment the prime contractor receives from the Sponsor. This clause applies to both DBE and non-DBE subcontractors.

A. Termination of DBE Subcontracts (49 CFR § 26.53(f));

Before transmitting its request to terminate and/or substitute a DBE subcontractor, J-U-B must give notice in writing to the DBE subcontractor, with a copy to the Sponsor, of its intent to request to terminate and/or substitute, and the reason for the request.

J-U-B must give the DBE five days to respond to the notice and advise of the reasons, if any, why it objects to the proposed termination of its subcontract and why the Sponsor should not approve J-U-B's action. If required in a particular case as a matter of public necessity the Sponsor may provide a response period shorter than five days.

5.10 EQUAL OPPORTUNITY CLAUSE

During the performance of this contract, J-U-B agrees as follows:

- (1) J-U-B will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. - (7) In the event of J-U-B's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and J-U-B may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- (8) J-U-B will include provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. J-U-B will take such action with respect to any subcontract or purchase order may be directed by the Secretary of Labor as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, That in the event J-U-B becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction J-U-B may request the United States to enter into such litigation to protect the interests of the United States.

5.11 ACCESS TO RECORDS AND REPORTS

J-U-B must maintain an acceptable cost accounting system. J-U-B agrees to provide the CLIENT, the FAA, and the Comptroller General of the United States or any of their duly authorized representatives access to any books, documents, papers, and records of J-U-B which are directly pertinent to the specific contract for the purpose of making audit, examination, excerpts and transcriptions. J-U-B agrees to maintain all books, records and reports required under this contract for a period of not less than three years after final payment is made and all pending matters are closed.

5.12 TRADE RESTRICTION CERTIFICATION (49 CFR Part 30)

By submission of an offer, J-U-B certifies that with respect to this solicitation and any resultant contract, the Offeror -

- A. is not owned or controlled by one or more citizens of a foreign country included in the list of countries that discriminate against U.S. firms as published by the Office of the United States Trade Representative (U.S.T.R.);
- B. has not knowingly entered into any contract or subcontract for this project with a person that is a citizen or national of a foreign country included on the list of countries that discriminate against U.S. firms as published by the U.S.T.R.; and
- C. has not entered into any subcontract for any product to be used on the Federal public works project that is produced in a foreign country included on the list of countries that discriminate against U.S. firms published by the U.S.T.R.

This certification concerns a matter within the jurisdiction of an agency of the United States of America and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under Title 18, United States Code, Section 1001.

J-U-B must provide immediate written notice to the CLIENT if J-U-B learns that its certification or that of a subconsultant was erroneous when submitted or has become erroneous by reason of changed circumstances. J-U-B shall require subconsultants provide immediate written notice to J-U-B if at any time it learns that its certification was erroneous by reason of changed circumstances.

Unless the restrictions of this clause are waived by the Secretary of Transportation in accordance with 49 CFR 30.17, no contract shall be awarded to a subconsultant:

- 1) who is owned or controlled by one or more citizens or nationals of a foreign country included on the list of countries that discriminate against U.S. firms published by the U.S.T.R. or
- 2) whose subconsultants are owned or controlled by one or more citizens or nationals of a foreign country on such U.S.T.R. list or
- 3) who incorporates in the public works project any product of a foreign country on such U.S.T.R. list.

Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by this provision. The knowledge and information of a consultant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

J-U-B agrees that, if awarded a contract resulting from this solicitation, it will incorporate this provision for certification without modification in all lower tier subcontracts. J-U-B may rely on the certification of a prospective subconsultant that it is not a firm from a foreign country included on the list of countries that discriminate against U.S. firms as published by U.S.T.R, unless J-U-B has knowledge that the certification is erroneous.

This certification is a material representation of fact upon which reliance was placed when making an award. If it is later determined that J-U-B or subconsultant knowingly rendered an erroneous certification, the Federal Aviation Administration may direct through the CLIENT cancellation of the contract or subcontract for default at no cost to the CLIENT or the FAA.

5.13 CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY, AND VOLUNTARY EXCLUSION

J-U-B certifies, by submission of this proposal or acceptance of this contract, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

It further agrees by submitting this proposal that it will include this clause without modification in all lower tier transactions, solicitations, proposals, contracts, and subcontracts. For each lower tier subcontract that exceeds \$25,000 as a "covered transaction", J-U-B shall verify each lower tier participant of a "covered

transaction” under the project is not presently debarred or otherwise disqualified from participation in this federally assisted project. J-U-B will accomplish this by:

- 1) Checking the System for Award Management at website: <http://www.sam.gov>
- 2) Collecting a certification statement similar to the Certificate Regarding Debarment and Suspension (Bidder or Offeror), above.
- 3) Inserting a clause or condition in the covered transaction with the lower tier contract

If the FAA later determines that a lower tier participant failed to disclose to a higher tier participant that it was excluded or disqualified at the time it entered the covered transaction, the FAA may pursue any available remedies, including suspension and debarment of the non-compliant participant.

5.14 OCCUPATIONAL HEALTH ACT OF 1970

All contracts and subcontracts that result from this solicitation incorporate by reference the requirements of 29 CFR Part 1910 with the same force and effect as if given in full text. J-U-B shall provide a work environment that is free from recognized hazards that may cause death or serious physical harm to the employee. J-U-B retains full responsibility to monitor its compliance and their subconsultant's compliance with the applicable requirements of the Occupational Safety and Health Act of 1970 (20 CFR Part 1910). J-U-B will address any claims or disputes that pertain to a referenced requirement directly with the U.S. Department of Labor – Occupational Safety and Health Administration.

5.15 FEDERAL FAIR LABOR STANDARDS ACT

All contracts and subcontracts that result from this solicitation incorporate by reference the provisions of 29 CFR part 201, the Federal Fair Labor Standards Act (FLSA), with the same force and effect as if given in full text. The FLSA sets minimum wage, overtime pay, recordkeeping, and child labor standards for full and part time workers.

J-U-B has full responsibility to monitor compliance to the referenced statute or regulation. J-U-B will address any claims or disputes that arise from this requirement directly with the U.S. Department of Labor – Wage and Hour Division.

5.16 VETERAN'S PREFERENCE

In the employment of labor (excluding executive, administrative, and supervisory positions), J-U-B and all sub-tier consultants must give preference to covered veterans as defined within Title 49 United States Code Section 47112. Covered veterans include Vietnam-era veterans, Persian Gulf veterans, Afghanistan-Iraq war veterans, disabled veterans, and small business concerns (as defined by 15 U.S.C. 632) owned and controlled by disabled veterans. This preference only applies when there are covered veterans readily available and qualified to perform the work to which the employment relates.

5.17 CERTIFICATION REGARDING DOMESTIC PREFERENCES FOR PROCUREMENTS

J-U-B certifies by signing and submitting this bid or proposal that, to the greatest extent practicable, J-U-B has provided a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including, but not limited to, iron, aluminum, steel, cement, and other manufactured products) in compliance with 2 CFR § 200.322

5.18 TEXTING WHILE DRIVING.

In accordance with Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving" and DOT Order 3902.10 "Text Messaging While Driving" FAA encourages recipients of Federal grant funds to adopt and enforce safety policies that decrease crashes by distracted drivers, including policies to ban text messaging while driving when performing work related to a grant or sub-grant.

J-U-B has in place a policy within J-U-B Accident Prevention plan that prohibits all employees from texting and driving. J-U-B shall include these policies in each third party subcontract exceeding \$10,000 that involve driving a motor vehicle in performance of work activities associated with the project.

5.19 HUMAN TRAFFICKING

- A. J-U-B, J-U-B's employees, and subcontractors may not engage in severe forms of trafficking in persons during the period of time that the FAA award is in effect, procure a commercial sex act during the period of time that the award is in effect, or use forced labor in the performance of the award or sub-awards under the award.
- B. For the purpose of this award term, "employee" includes:
 - 1. An individual employed by you or a sub-recipient who is engaged in the performance of the project or program under this award
 - 2. Another person engaged in the performance of the project or program under this award and not compensated by you, including, but not limited to, a volunteer or individual whose services are contributed by a third party as an in-kind contribution toward cost sharing or matching requirements.
- C. For the purposes of this award term only, "forced labor" means labor obtained by any of the following methods: the recruitment, harboring, transportation, provision, or obtaining of a person for labor or services through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.
- D. For the purposes of this award term only, "severe forms of trafficking in persons," "commercial sex act," and "coercion" have the meanings given at Section 103 of the TVPA, as amended (22 U.S.C. 7102).

5.20 PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT

Contractor and Subcontractor agree to comply with mandatory standards and policies relating to use and procurement of certain telecommunications and video surveillance services or equipment in compliance with the National Defense Authorization Act [Public Law 115-232 § 889(f)(1)]

5.21 PROHIBITION OF SEGREGATED FACILITIES

- (1) J-U-B agrees that it does not and will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not and will not permit its employees to perform their services at any location under its control where segregated facilities are maintained. J-U-B agrees that a breach of this clause is a violation of the Equal Opportunity clause in this contract.
- (2) "Segregated facilities," as used in this clause, means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees, that are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex, or national origin because of written or oral policies or employee custom. The term does not include separate or single-user rest rooms or necessary dressing or sleeping areas provided to assure privacy between the sexes.
- (3) J-U-B shall include this clause in every subcontract and purchase order that is subject to the Equal Opportunity clause of this contract.

5.23 CLEAN AIR AND WATER POLLUTION CONTROL

J-U-B agrees to comply with all applicable standards, orders, and regulations issued pursuant to the Clean Air Act (42 U.S.C. § 740-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251-1387). J-U-B agrees to report any violation to the CLIENT immediately upon discovery. Data shall be collected on the soil type, existing asphalt condition, and depths and categorized according to the Unified Soil Classification System (USCS) including Moisture Content, Atterberg Limits, Grain Size Distribution. A sieve analysis shall be performed on both the base course and subbase for each core/bore location. The sieve analysis for base course should include the following classifications: percentage by weight passing sieves of 1-inch, ¾-inch, No. 4, No. 40, No. 200, and 0.02 mm. The sieve analysis for subbase course should include the following classifications: percentage by weight passing sieves of 3-inch, No. 10, No. 40, No. 200, and 0.02 mm. Ground water depth shall be recorded if encountered. Two California Bearing Ratio (CBR) tests shall be performed on two of the bore log samples at a depth of 18-inches which is the anticipated depth of subgrade.

The geotechnical engineer shall coordinate with the Engineer to determine exact core/bore log locations. The geotechnical work shall be conducted in accordance to FAA AC 150/5370-2 safety guidelines. The geotechnical engineer shall be responsible for a utility locate prior to work. It should be anticipated that the cores/bore logs shall be taken during nighttime hours. The geotechnical firm will need to coordinate with the Airport Manager and the Engineer personal for closure time and date.

The geotechnical firm shall submit one electronic of the final geotechnical report including all required information as mentioned above to the Engineer within three weeks upon finishing field work. The firm shall submit a draft copy for review prior to finalizing the report and its findings.

This line item shall include the coordination and contracting with Subconsultant. The Subconsultant fees shall be addressed in the Expenses-Subconsultant Section.

4. Analyze the geotechnical testing data to determine the most cost-effective pavement design for the new pavement sections. Hold a meeting with the CLIENT and FAA at the Airport to present findings of the Geotechnical Testing. Define critical aircraft for the pavement design of the project and

develop pavement design section. Pavement design criteria shall be in accordance with the FAA Advisory Circular (AC) 150/5320-6. This will include calculating and reporting the Airport Pavement Strength- PCR.

5. Review existing storm water drainage within the project boundary. Evaluate existing drainage patterns and systems. J-U-B shall conduct a required analysis for the design of drainage improvements associated with the project in accordance with the FAA AC 150/5320-5D, Surface Drainage Design. Any necessary drainage improvements will be sized to accommodate local drainage standards.
6. Inquire of FAA Environmental Manager by email to confirm that the project will require a categorical exclusion pursuant to FAA Order 1050.1F, Paragraph 5-6.3(b). Prepare a Categorical Exclusion Form including the existing cultural resource survey for the Airport and a detailed project area map for delineation of planned scope of work. Environmental work beyond that described will be considered as additional work.
7. Assemble base data and base maps for the project work area from the design survey, previous projects undertaken, and available aerial data.
8. Prepare preliminary Design Plans (75% complete) for review and discussion with the CLIENT and FAA. It is anticipated that the project design will require fifteen (15) plan sheets including:
 - Sheet 1 – Cover
 - Sheet 2 – Construction Layout Plan
 - Sheet 3 – Operation & Safety Plan- Phase 1
 - Sheet 4 – Demolition Plan West Half
 - Sheet 5 – Demolition Plan East Half

 - Sheet 11 – Plan & Profile Taxiway Extension East Half
 - Sheet 12 – Plan & Profile Connector Taxiway
 - Sheet 13 – Pavement Marking Plan
 - Sheet 14 – Pavement Marking Details
 - Sheet 15 – Civil Details
9. Prepare preliminary Bidding and Construction Contract Documents and Technical Specifications (75% complete) based on latest version of FAA AC 150/5370-10 “Standards for Specifying Construction on Airports” including the current Regional Notice published by the FAA Airports Districts Office.
10. Prepare a preliminary Engineer’s Opinion of Probable Construction Cost Estimate based on construction cost estimates, phasing into workable portions for constructability, budget, and construction schedule and advise the CLIENT as to budget status.
11. Prepare a preliminary Construction Safety and Phasing Plan according to AC 150/5370-2 for evaluation by the CLIENT, Airport, FBO, airport users and agencies. An electronic copy will be submitted to the FAA Airport District Office for coordination, review, and approval with other FAA lines of business using the airspace process.
12. Prepare the preliminary Engineer’s Design Report in conformance with FAA guidelines. The report shall include a Summary of the Project and its specific design issues, Project Schedule, reference to the Construction Safety and Phasing Plan, Modification of Standards, Design Analysis, Pavement Analysis, Geotechnical Investigation Report, and Construction Cost Estimate and Schedule.
13. Conduct in-house quality control/quality assurance review of preliminary design documents.
14. Participate in a preliminary design review meeting with the CLIENT. Anticipate one (1) review meeting with the CLIENT at the City, attendance by the Project Manager. Review design philosophy, preliminary design drawings, design analysis and project schedules with the CLIENT.

15. Prepare and submit four (4) FAA Form 7460's to airspace the project limits, including staging area.
16. Submit electronic copy of preliminary documents to FAA and CLIENT for approval.

C. Task 030: Final Design Phase

1. Finalize Bidding and Construction Contract Documents and Technical Specifications based on Peer, CLIENT, and FAA Reviews.
2. Finalize Design Plans based on Peer, CLIENT, and FAA Reviews.
