

DATE: 6/13/23
TO: District Board of Trustees
FROM: Tamrah Hill, Facilities Director
DEPARTMENT: Finance & Administration
SUBJECT: Capital Improvement Plan 2024-25 to 2026-27 - Request for Approval

OVERVIEW:

The College Capital Improvement Plan (CIP) operates within the structure provided by Chapter 1013, Florida Statutes. A listing of priority capital projects is established from data provided by the Educational Plant Survey. The CIP is intended to meet the needs of the College and its Students by providing adequate and appropriate facilities through renovation, remodeling, and new construction for a five-year period. These survey-recommended priority needs are presented to the Florida College System for inclusion in the capital outlay request to the Legislature.

PROPOSED BOARD ACTION:

Request for Approval
