CFK Advising Meetings with CFK Academy Dual Enrolled Students

Our Academy students recently participated in CFK advising sessions to prepare for the upcoming spring semester. During these meetings, students worked closely with CFK advisors to review academic progress, explore course options, and finalize schedules aligned with their college and career goals. This collaborative process ensures that students remain on track for success while strengthening their connection to postsecondary opportunities.

Veterans Day Letters

In honor of Veterans Day, CFK Academy students participated in a meaningful activity by writing heartfelt letters to local veterans. This initiative allowed students to express gratitude for the service and sacrifices made by our nation's heroes while fostering a sense of civic responsibility and appreciation within our school community. The letters were shared with veterans through local organizations. CFK Academy would like to thank our very own Mrs. Hernandez for her service!
