Student Showcase

hy: John Aleander The CFKA Student Showcase was held on December 9th from 545 P.M. to 645 P.M. Summer Bailey presented in math class, Aydin Alexander and Keirra Austin in ELA, Dominik Calaz and Isabella Rivera-Rodriguezin science, and Michael Carcia in AMation class. Student presentations from each class highlighted their work and accomplishments. This event showcased the wonderful collaboration and opportunities that the teachers and students have accomplished thus far.

Pilot for the Day

Two students were chosen to be pilot for the day. They spent the morning with fighter pilots, toured various jets and learned how to fly the simulators.

Community Service The "Breakfast Club" students play games, dance, made ornaments and decorated wheelchairs for the holiday parade.

Friendsgiving CFKA students and faculty gathered and shared what they were thankful for. A potluck meal was served and students presented Dr. McPherson with a farewell gift.

2nd Annual Gingerbread Build Off

The 2nd annual STEM challenge to see which class could create the best village. Sophomores won this year with "Little Gnome Village"
