AGENDA SECTION:	Consent Calendar
SUBJECT:	Resolution No. 10840 – A Resolution Authorizing the City Manager to Execute a Subdivision Improvement Agreement and Accept Offers of Dedication for the Mangini Ranch Phase 2 Village No. 3 Subdivision, and Approval of the Final Map for the Mangini Ranch Phase 2 Village No. 3 Subdivision
FROM:	Community Development Department

RECOMMENDATION / CITY COUNCIL ACTION

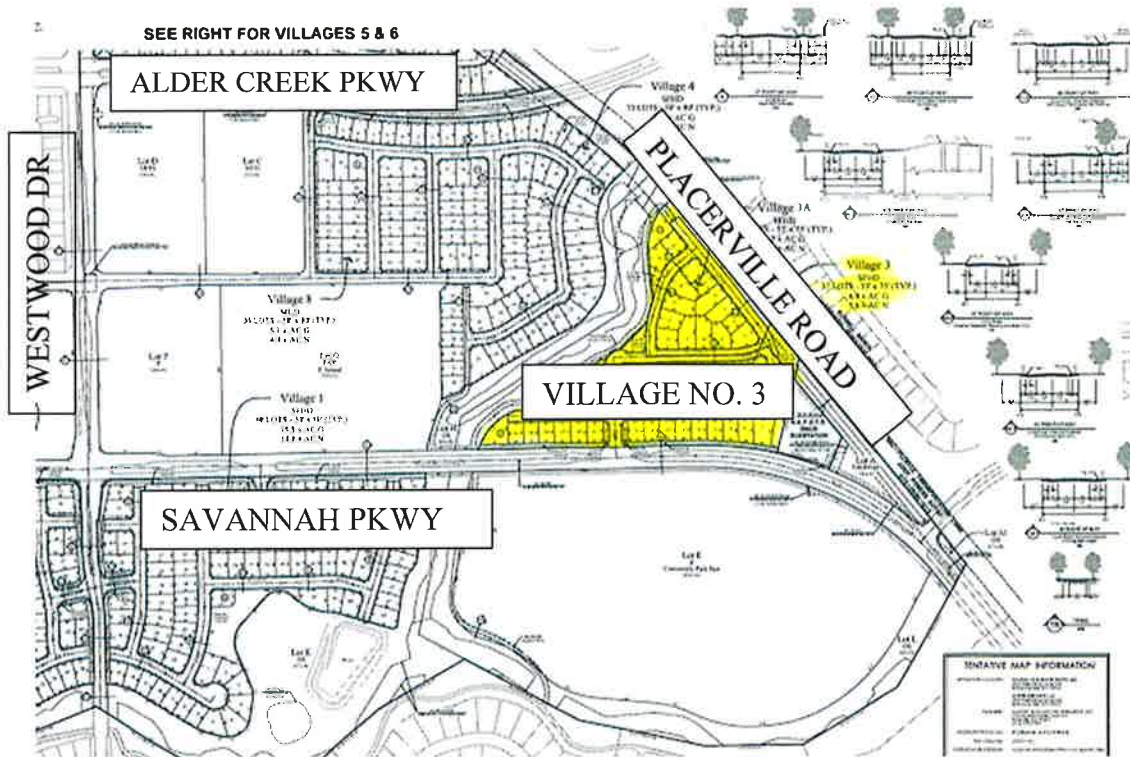

Staff recommends that the City Council move to adopt:

Resolution No. 10840 – A Resolution Authorizing the City Manager to Execute a Subdivision Improvement Agreement and Accept Offers of Dedication for the Mangini Ranch Phase 2 Village No. 3 Subdivision, and Approval of the Final Map for the Mangini Ranch Phase 2 Village No. 3 Subdivision.

BACKGROUND / ISSUE

The Vesting Tentative Subdivision Map (VTSM) for the Mangini Ranch Phase 2 Village No. 3 Subdivision was approved by the City Council on February 13, 2018.

The action for consideration by the City Council is the approval of the Final Map and Subdivision Improvement Agreement for the Mangini Ranch Phase 2 Village No. 3 Subdivision. The Final Map for the Mangini Ranch Phase 2 Village No. 3 Subdivision will create a total of 53 single-family high density (SFHD) residential lots. With the approval of the Final Map, the subdivision process for this project will be complete.

The Mangini Ranch Phase 2 Village No. 3 Subdivision is located on the north side of Savannah Parkway east of Westwood Drive and west of Placerville Road in the Folsom Plan Area (FPA) (see above).

POLICY / RULE

The Subdivision Map Act of the State of California and the City’s Subdivision Ordinance require that the City Council approve Final Maps and Subdivision Improvement Agreements.

ANALYSIS

The Final Map and conditions of approval for the Mangini Ranch Phase 2 Village No. 3 Subdivision have been reviewed by the Community Development Department and other City departments. The Final Map has been found to be in substantial compliance with the approved Vesting Tentative Subdivision Map, and all conditions pertaining to the map have been satisfied.

Attached is a table which includes the conditions of approval for the Mangini Ranch Phase 2 Village No. 3 Vesting Tentative Subdivision Map. The tables include information concerning when the condition is required to be satisfied (e.g. at Final Map, building permit, etc.), which City department is responsible to verify that it has been satisfied, and comments or an explanation on how the condition was satisfied. This subdivision is consistent with the Folsom Plan Area Specific Plan (FPASP) in regards to zoning and unit count.

ENVIRONMENTAL REVIEW

On February 13, 2018, the City Council approved the Mangini Ranch Phase 2 Vesting Tentative Subdivision Map and determined that the Mangini Ranch Phase 2 Subdivision project is entirely consistent with the Folsom Plan Area Specific Plan (FPASP) and Westland Eagle Specific Plan Amendment and therefore exempt from review under the California Environmental Quality Act (CEQA) provided by Government Code section 65457 and CEQA Guidelines sections 15182. No additional environmental review is required.

This Agreement is made and entered into this _____ day of _____, 2022, by and between the City of Folsom, hereinafter referred to as "City", and Beazer Homes Holdings, L.L.C., a Delaware Limited Liability Company hereinafter referred to as "Subdivider".

RECITALS

- A. Subdivider has presented to the City a certain Final Map of a proposed subdivision of land located within the corporate limits of the City that has been prepared in accordance with the Subdivision Map Act of the State of California, the subdivision ordinances of the City, and the Tentative Subdivision Map, if any, of the subdivision previously approved by the City Council of the City.
- B. The proposed subdivision of land is commonly known and described as Mangini Ranch Phase 2 Village. No. 3, and is herein referred to as the "subdivision".
- C. Subdivider has requested approval of the Final Map prior to the construction and completion of the public improvements (as shown on the approved improvement plans and listed in Exhibit A), including, but not limited to streets, highways, public ways, sidewalks, curbs, gutters, bikeways, storm drainage facilities, sanitary sewer facilities, domestic water facilities, public utility facilities, landscaping, public lighting facilities, park or recreational improvements and appurtenances thereto, in or required by the Subdivision Map Act, the subdivision ordinances of the City, the Tentative Subdivision Map and development agreement, if any, approved by the City. The foregoing improvements, more specifically listed on Exhibit A attached hereto, are hereinafter referred to as "the required improvements".

- D. City Council has required as a condition precedent to the approval of the Final Map, the Subdivider first enters into and executes this subdivision improvement agreement with the City.

NOW, THEREFORE, the parties agree as follows:

1. Performance of Work. Subdivider agrees to furnish, construct, and install at his own expense the required improvements as shown on the approved plans and specifications of the subdivision, a copy of which is on file in the Community Development Department, and is incorporated herein by reference, along with any changes or modifications as may be required by the City Engineer due to errors, omissions, changes in conditions, or changes in facilities as required by the City Engineer. The approved plans and specifications of the required improvements may be modified by the Subdivider as the development progresses, provided that any modification is approved in writing by the City Engineer. The total estimated cost of the required improvements, as shown on Exhibit A, is **ONE MILLION FIVE HUNDRED FIFTY-SIX THOUSAND ONE HUNDRED THIRTY-TWO AND 00/100 DOLLARS (\$1,556,132.00)**.
2. Work; Satisfaction of City Engineer. All of the work on the required improvements is to be done at the places, of the materials, and in the manner and at the grades, all as shown upon the approved plans and specifications and as required by the City's Improvement Standards and Standard Construction Specifications and any applicable City ordinances or state and federal laws, and to the satisfaction of the City Engineer.
3. Work; Time for Commencement and Performance. Work on the required improvements shall be completed by the Subdivider on or before twelve (12) months from the date of this Agreement. At least fifteen (15) calendar days prior to the commencement of such work, the Subdivider shall notify the City Engineer in writing of the date fixed by Subdivider for commencement of the work.
4. Time of Essence; Extension.
 - a. Time is of the essence of this Agreement. The date for completion of the work of construction may not be extended, except as provided in Section 16.36.110 of the Folsom Municipal Code.
5. Improvement Security. Concurrently with the execution of this Agreement, the Subdivider shall furnish the City:
 - a. Improvement security in the sum of **ONE MILLION FIVE HUNDRED FIFTY-SIX THOUSAND ONE HUNDRED THIRTY-TWO AND 00/100 DOLLARS (\$1,556,132.00)**, which sum is equal to one hundred percent of the total estimated cost of constructing the required improvements and the cost of any other obligation to be performed by Subdivider under this Agreement, conditioned upon the faithful performance of this Agreement; and

- b. Separate improvement security in the sum of **ONE MILLION FIVE HUNDRED FIFTY-SIX THOUSAND ONE HUNDRED THIRTY-TWO AND 00/100 DOLLARS (\$1,556,132.00)**, which sum is equal to one hundred percent of the estimated cost of constructing the required improvements, securing payment to the contractor, subcontractor and to persons furnishing labor, materials, or equipment to them for the construction of the required improvements.
 - c. The Subdivider shall deposit with the City **THREE THOUSAND AND NO/100 DOLLARS (\$3,000.00)** for the Final Map. The deposit may be used at the discretion of the City to correct deficiencies and conditions caused by the Subdivider, contractor, or subcontractors that may arise during or after the construction of the subdivision.
 - d. The estimated total cost of required improvements includes a ten percent (10%) construction cost contingency, the cost of the installation of survey monuments in the Subdivision to guarantee and secure the placement of such monuments as provided by Section 66496 of the Government Code of the State of California, and an estimated utility cost in addition to ensure installation of public utilities. In lieu of providing the estimate of total utility costs, the Subdivider may submit, in a form acceptable to the City Engineer, certification from the utility companies that adequate security has been deposited to ensure installation.
6. Plan Checking and Inspection Fees. The Subdivider shall pay to the City fees for the checking, filing, and processing of improvement plans and specifications, and for inspecting the construction of the required improvements in the amounts and at the times established by the City.
 7. Indemnification and Hold Harmless. The Subdivider shall indemnify, protect, defend, save and hold the City harmless from any and all claims or causes of action for death or injury to persons, or damage to property resulting from intentional or negligent acts, errors, or omissions of Subdivider or Subdivider's officers, employees, volunteers, and agents during performance of this Agreement, or in connection with Subdivider's work, or from any violation of any federal, state, or municipal law or ordinance, to the extent caused, in whole or in part, by the willful misconduct, negligent acts, or omissions of Subdivider or its employees, subcontractors, or agents, or by the quality or character of Subdivider's work. It is understood that the duty of Subdivider to indemnify and hold harmless includes the duty to defend as set forth in Section 2778 of the California Civil Code. Acceptance by City of insurance certificates and endorsements required under this Agreement does not relieve Subdivider from liability under this indemnification and hold harmless clause. This indemnification and hold harmless clause shall apply to any damages or claims for damages whether or not such insurance policies shall have been determined to apply, and shall further survive the expiration or termination of this Agreement. By execution of this Agreement, Subdivider acknowledges and agrees to the provisions of this Section and that it is a material element of consideration. Subdivider shall, at his own cost and expense, defend any and all actions, suits, or legal proceedings that may be brought or instituted against the City, its officers and employees, on any such claim or demand, and pay or satisfy any judgement that may be

rendered against the City in any such actions, suits or legal proceedings, or result thereof.

8. Insurance. Subdivider and any contractors hired by Subdivider to perform any of the Required Improvements shall, at their expense, maintain in effect for the duration of this Agreement or until the required improvements are accepted by the City, whichever first occurs, not less than the following coverage and limits of insurance, which shall be maintained with insurers and under forms of policy satisfactory to the City. The maintenance by Subdivider and its contractors of the following coverage and limits of insurance is a material element of this Agreement. The failure of Subdivider or any of its contractors to maintain or renew coverage or to provide evidence of renewal may be treated by the City as a material breach of this Agreement.

a. Minimum Limits of Insurance. Subdivider shall maintain limits not less than:

1. Comprehensive General Liability: \$1,000,000 combined single limit per occurrence for bodily injury, personal injury and property damage.
2. Automobile Liability: \$1,000,000 combined single limit per accident for bodily injury, personal injury and property damage.
3. Worker's Compensation and Employers Liability: Worker's Compensation limits as required by the Labor Code of the State of California and Employers Liability limits of \$1,000,000 per accident.

b. Deductibles and Self-Insured Retentions. Any deductibles or self-insured retentions shall be declared to and approved by the City. At the option of the City, either: the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects to a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses.

c. Other Insurance Provisions. The policies are to contain, or be endorsed to contain, the following provisions:

1. General Liability and Automobile Liability Coverages
 - A. The City, its officers, officials, employees and volunteers are to be covered as insureds as respects: liability arising out of activities performed by or on behalf of the Subdivider; products and completed operations of the Subdivider; premises owned, leased or used by the Subdivider; or automobiles owned, leased, hired or borrowed by the Subdivider. The coverage shall contain no special limitations on the scope of protection afforded to the City, its officers, officials, employees or volunteers.
 - B. The Subdivider's insurance coverage shall be primary insurance

as respects the City, its officers, officials, employees and volunteers. Any insurance of self-insurance maintained by the City, its officials, employees or volunteers shall be excess of the Subdivider's insurance and shall not contribute with it.

- C. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the City, its officers, officials, employees or volunteers.
 - D. The Subdivider's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.
- 2. Worker's Compensation and Employers Liability Coverage. The insurer shall agree to waive all rights or subrogation against the City, its officers, officials, employees and volunteers for losses arising from work performed by Subdivider for the City.
 - 3. All Coverages. Each insurance policy required by this clause shall be endorsed to state that coverage shall not be suspended, voided or cancelled by either party, reduced in coverage or in limits except after thirty (30) days prior written notice by certified mail, return receipt requested, has been given to the City.
- d. Acceptability of Insurers. Insurance is to be placed with insurers with a Best's rating of not less than A: VII.
 - e. Verification of Coverage. Concurrently with the execution of this Agreement, the Subdivider shall furnish the City with original endorsements affecting coverage required by this clause. The endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The City reserves the right to require complete, certified copies of all required insurance policies at any time.
- 9. Title to Improvements. Title to and ownership of the required public improvements constructed under this Agreement by Subdivider shall vest absolutely in the City upon completion and written acceptance of such improvements by the City Engineer. The City Engineer shall not accept the required improvements unless Subdivider certifies that such improvements have been constructed in conformity with the approved plans and specifications, approved modifications, if any, the approved Final Map, City Improvement Standards and Standard Construction Specifications, any applicable City Ordinances or State and Federal laws and after 35 days from the date of filing of a Notice of Completion.
 - 10. Warranty Security. Prior to acceptance of the required improvements by the City Engineer, the Subdivider shall provide security in the amount and in the form as required by the City Engineer to guarantee the improvements against any defective work or labor done or defective materials used in the performance of the required improvements (Warranty Security) throughout the warranty security period which shall be the period of one year following

completion and written acceptance of the improvements (Warranty Security Period). The amount of the Warranty Security shall not be less than 10 percent of the cost of the construction of the improvements, including the cash deposit required in paragraph 5C of this agreement, which shall be retained for the Warranty Security Period.

11. Repair or Reconstruction of Defective Work or Materials. If, within the Warranty Security Period or the applicable statute of limitations, whichever is longer, any improvement or part of any improvement furnished and/or installed or constructed by Subdivider or any of the work done under this Agreement fails to fulfill any of the requirements of the Agreement or the specifications referred to herein as determined by the City, Subdivider shall without delay and without any cost to the City, repair, replace, or reconstruct any defective or otherwise unsatisfactory part or parts of the required improvements. If the Subdivider fails to act promptly or in accordance with this requirement, or if the exigencies of the situation require repairs or replacements to be made before the Subdivider can be notified, then the City may, at its option, make the necessary repairs or replacements or perform the necessary work, and Subdivider shall pay to City the actual cost of such repairs plus fifteen percent (15%) within thirty (30) days of the date of billing for such work by City. The parties further understand and agree that the Warranty Security furnished pursuant to paragraph 10 of this Agreement shall guarantee and secure the faithful performance and payment of the provisions of this paragraph during the Warranty Security Period.
12. Subdivider Not Agent of City. Neither Subdivider nor any of Subdivider's agents or contractors are or shall be considered to be agents of City in connection with the performance of Subdivider's obligations under this Agreement.
13. Notice of Breach and Default. If Subdivider refuses or fails to prosecute the work, or any part thereof, with such diligence as will ensure its completion within the time specified, or any extension thereof, or fails to complete the work within such time, or if Subdivider should be adjudged a bankruptcy, or Subdivider should make a general assignment for the benefit of his creditors, or if a receiver should be appointed in the event of Subdivider's insolvency, or if Subdivider or any of Subdivider's contractors, subcontractors, agents or employees should violate any of the provisions of this Agreement and the City may, but is under no obligation to, serve written notice upon Subdivider and Subdivider's surety, if any, of breach of this Agreement, or of any portion thereof.
14. Breach of Agreement; Performance By Surety or City. In the event of any such notice, Subdivider's surety, if any, shall have the duty to take over and complete the work and the required improvements; provided, however, that if the surety within fifteen (15) days after the serving of such notice of breach upon it does not give the City written notice of its intention to take over the performance thereof within fifteen (15) days after notice to the City of such election, then the City may take over the work and prosecute the same to completion by contract, or by any other method the City may deem advisable, for the account and at the expense of the Subdivider, and the Subdivider's surety shall be liable to City for any excess costs of damages incurred by the City; and in such event, the City, without liability for so doing, may take possession of and utilize in completing the work, such materials, appliances, plant or other property belonging to Subdivider as may be on the site of the work and necessary therefor.

If the form of improvement security is other than a bond, then the City, after giving notice of breach of the Agreement, may proceed to collect against the improvement security in the manner provided by law and by the terms of the security instrument.

66.	<p>The locations of the elementary school sites and the combined middle school/high school were initially established during the City's processing and approval of the Folsom Specific Plan, at which time all Plan Area participants were engaged in the review of land planning and land uses. In 2015, the Folsom Cordova Unified School District raised concerns that the planned location of the future combined middle school/high school site may not be preferred.</p> <p>Prior to approval of First Final Small Lot Map in the FPA (or first building permit if development may occur without any subdivision), the site(s) for the future high school and middle school in the Folsom Plan Area will be identified and approved by the City, in consultation with the Folsom Cordova Unified School District.</p> <p>The City intends to impose this condition equitably throughout the Plan Area as and to each and every Participating Landowner who seeks any future specific plan amendment, tentative subdivision map or ARDA amendment in connection with its proposed development. If the City fails to impose such a condition, when required, with at least substantially similar terms, although precise language may differ (whether through a tentative subdivision map condition of approval, amendment to the specific plan or to a development agreement, or other agreement between the City and a Participating Landowner), this condition of approval shall be null and void as to Owner/Applicant's Project, and shall not be used as a reason to prevent approval of any final small lot map for Owner/Applicant's Project. If the City approves any other final small lot map for a project within the Plan Area and the high school and middle school site(s) has not been approved as provided for herein, Owner/Applicant may seek relief from the terms of this condition by appeal to the City Manager, with the right to review by the City Council.</p> <p>If Owner/Applicant proposes final maps in phases, Owner/Applicant may apply to the City Manager to permit individual phases to move forward to final map if substantial progress is being made to identify an acceptable site(s) as described above. The City Manager's determination of substantial progress shall be in his/her sole discretion.</p>	M, B	CD (P) Folsom Cordova Unified School District	<p>The City, the Folsom Cordova Unified School District (FCUSD) and the Landowners in the Folsom Plan Area successfully negotiated the proposed locations of the combined middle school/high school site. The City Manager informed the Landowners that this condition of approval has been satisfied with a letter dated June 12, 2018. The letter is on file with the City.</p>	Yes

Traffic and Transportation

It should be noted that many of the Transportation, Traffic, and Circulation mitigation measures identified below will be satisfied through the payment of fees. Below is a brief summary of the fee types and their purpose. The acronyms for each fee type noted below are further noted in the Implementation Schedule column of each applicable mitigation measure to clarify how each mitigation measure is anticipated to be satisfied.

Public Facilities Financing Plan (PFFP):

In January of 2014, the City of Folsom adopted the PFFP for the Folsom Plan Area which detailed all the infrastructure components to address full build out of the Plan Area. The PFFP includes various techniques including development fees to fund the necessary infrastructure. The City is currently in the process of preparing and adopting implementing ordinances and a nexus study required by State law to impose the associated development fees.

Included in the PFFP are a number roadway projects including the Highway Interchanges that the Mangini Ranch Phase 2 Subdivision project will have cumulative impacts on within the Folsom Plan Area. The PFFP was designed to satisfy the "fair share" financing of all the Plan Area's backbone roadway system. Participating in this fee program will satisfy numerous roadway mitigation measures as shown in the MMRP table.

Sacramento County Transportation Development Fee (SCTDF) contribution:

The City is establishing a "fair share" fee to mitigate roadway impacts outside the project boundaries and within unincorporated Sacramento County. This fee will be included in the City Facilities portion of the Public Facilities Financing Plan program and will be collected at the time of building permit issuance. The basis for the calculation of the fee is a report entitled, "Fair Share Cost Allocation Sacramento County & City of Folsom" dated January 2, 2014.

Cal Trans/City Memorandum of Understanding (Cal Trans MOU):

The City of Folsom and Cal Trans entered into an MOU on December 17, 2014 to establish a fee mechanism to address the “fair share” impacts to Highway 50. The MOU identifies all the highway improvements for which there are mitigation measures and potential construction projects to address them. The City will establish a fee in the City Facilities portion of the Public Facilities Financing Plan and it will be collected at the time of building permit issuance
