

SENATE BILL 165

Senate Bill 165, filed with the Secretary of State on September 19, 2000, enacted the Local Agency Special Tax and Bond Accountability Act. This Act requires that any local special tax or local bond measure subject to voter approval contain a statement indicating the specific purposes of the special tax, require that the proceeds of the special tax be applied to those purposes, require the creation of an account into which the proceeds shall be deposited, and require an annual report containing specified information concerning the use of the proceeds. The Act only applies to any local special tax measure or local bond measure adopted on or after January 1, 2001 in accordance with Section 50075.1 or Section 53410 of the California Government Code.

Some of the requirements of the Act are handled at the formation of the Special Tax District and others are handled through annual reports. This Section of this report intends to comply with Section 50075.3 or Section 53411 of the California Government Code that states:

“The chief fiscal officer of the issuing local agency shall file a report with its governing body no later than January 1, 2002, and at least once a year thereafter. The annual report shall contain all of the following:

- (a) The amount of funds collected and expended.
- (b) The status of any project required or authorized to be funded as identified in subdivision (a) of Section 50075.1 or Section 53410.”

The requirements of the Act apply to the funds for the following Districts:

Community Facilities District No. 13, American River Canyon North Established July 24, 2001

Purpose of Special Tax

Community Facilities District No. 13, American River Canyon North (“CFD”) primarily funds the maintenance of landscape areas of American River Canyon North included within the boundaries of the CFD. In addition to the maintenance costs, the CFD also provides funding for costs associated with collecting and administering the special taxes and annually administering the CFD. The special tax funds levied may pay for any authorized service. The City may also accumulate funds for authorized services. The CFD’s authorized services include the following:

1. The repair and maintenance of parkways, landscaping, open space, greenbelts, bikeways, irrigation facilities, soundwalls, street lights on arterial parkways, monuments and signs, and other appurtenance within and along public right-of-way.
2. Cost of scheduled inspections of the maintenance of landscaped areas.
3. Utility bills associated with the maintenance of landscaped areas.
4. CFD formation and annual administration costs.
5. Miscellaneous costs related to any of the items described above including planning, engineering, legal, and administration.

City of Folsom
Community Facilities District No. 2013-1 (Water Facilities and Supply)
Established January 14, 2014

Purpose of Special Tax

Water Treatment, Storage and Distribution Facilities

Generally, all work and improvements to design, construct, install and upgrade the public water treatment, storage and distribution facilities described below, all to be located on public property (whether the dedicated road right-of-way, dedicated easements, or publicly-owned land), including but not limited to mobilization, clearing, grubbing, tree removal, protective fencing and erosion control, dewatering, lime treatment, trenching, and related appurtenant work and facilities, together with the costs and expense of engineering design, plan review, construction-related surety bonds or like security instruments, construction staking and management, inspection, permitting costs, and any like fees and costs incidental to such construction and installation for the following items:

- Water Systems Optimization Review Program costs including:
 - Costs for engineering, tests and studies, legal and other professional services and project administration
 - Willow Hill pipeline lining improvement costs
- Water treatment, pumping and conveyance facilities required to treat, pump and convey water from the City's water treatment plant to the Folsom Plan Area Specific Plan including:
 - Water treatment plant upgrades
 - Pump station, booster pumps and related appurtenances
 - Additional water conveyance facilities and connections

Water Supply Costs

Annual water supply costs to the City pursuant to the Water Supply and Facilities Plan and Agreement between the City of Folsom and Certain Landowners in the Folsom Plan Area recorded on January 24, 2013.

Other Costs

In addition to the above facilities, other incidental expenses as authorized by the Mello-Roos Community Facilities Act of 1982, including, but not limited to, the cost of planning and designing the facilities (including the cost of environmental evaluation and environmental remediation); engineering and surveying; construction staking; utility relocation and demolition costs incidental to the construction of the public facilities; costs of project/construction management; costs (including the costs of legal services) associated with the formation of the district; issuance of bonds (if any); determination of the amount of taxes; collection of taxes; payment of taxes; costs of calculating and providing reimbursements from one-time special tax payments; or costs otherwise incurred in order to carry out the authorized purposes of the district; and any other expenses incidental to the formation and implementation of the district and to the construction, completion, inspection and acquisition of the authorized facilities.

City of Folsom
Community Facilities District No. 16 (The Islands at Parkshore)
Improvement Area No. 1 and Improvement Area No. 2
Established March 10, 2015
Improvement Area No. 1 Bonds Issued March 15, 2018
Improvement Area No. 2 Bonds Issued July 18, 2019

Purpose of Special Tax

Facilities

The planned public facilities for Community Facilities District No. 16 (The Islands at Parkshore) (“CFD”) include the following: construction of sanitary sewers (including gravity sewers, manholes and appurtenances), storm drains (including inlets, outlets, channels, structures, junctions, manholes and catch basins), water facilities (including distribution mains and appurtenances), power, telephone and gas utilities, street improvements (including curbs, gutters, sidewalks, landscaping and striping, traffic signals and street lights), bridge improvements, park improvements, landscaping and slope planting, all within or in the vicinity of the CFD. The public facilities shall include all related clearing and grubbing, grading and appurtenances, and any removal or temporary signage or markings related thereto.

All street and bridge improvements include widening, paving and/or re-paving, striping, and/or re-striping, pedestrian sidewalks or other related improvements or appurtenances, and utilities are located within the public right of way.

All facilities and related costs eligible to be funded include all City development impact fees, sewer connection fees, water connection fees, drainage fees, traffic mitigation fees, park fees, and other City fees related to facilities.

All public facilities shall include attributed costs of engineering, design, planning, construction staking, materials testing and coordination of the public facilities. The public facilities should be constructed pursuant to plans and specifications approved by the City (or other governmental entity that will own and operate the same).

The foregoing description of the types of facilities eligible to be financed is general in nature and includes any appurtenant work and incidental expenses relating to the facilities. The final nature and location of the facilities will be determined upon the preparation of final plans and specifications for such facilities.

Services

It is intended that the CFD will be eligible to fund all or a portion of the costs of construction, operation, maintenance, repair, and servicing of parks, landscaping and irrigation improvements, street and landscape lighting, fencing and/or walls, sidewalks, trails, pathways, water quality/drainage basins, wetlands, and appurtenant facilities within or adjacent to the CFD.

The CFD may fund any of the following related to the maintenance of the services described above: obtaining, repairing, reconstructing, furnishing, operating and maintaining equipment, apparatus or facilities related to providing the services and/or equipment, apparatus, facilities or fixtures in areas to be maintained, paying the salaries and benefits of personnel necessary or convenient to provide the services, and other related expenses and the provision of reserves for repairs and replacements and for the future provision of services. It is expected that the services will be provided by the City, either with

its own employees or by contract with third parties, or any combination thereof. The CFD may also fund administrative fees of the City related to the CFD.

City of Folsom
Community Facilities District No. 17 (Willow Hill Pipeline)
Established March 24, 2015

Purpose of Special Tax

The planned public facilities for Community Facilities District No. 17 (Willow Hill Pipeline) (“CFD”) include the following: water facilities (including the Willow Hill Transmission Pipeline construction and rehabilitation project, and all ancillary work necessary or appropriate related thereto), all within or in the vicinity of the CFD. The public facilities shall include all related clearing and grubbing, grading and appurtenances, and any removal or temporary signage or markings related thereto.

CFD bond proceeds may not be used to pay, or reimburse previously-paid, development related fees, including, but not limited to, development impact fees, City community services fee, development processing fees, school fees, sewer connection fees, water connection fees, drainage fees, traffic mitigation fees, and other City fees related to facilities.

All public facilities shall include attributed costs of engineering, design, planning, construction staking, materials testing and coordination of the public facilities. The public facilities should be constructed pursuant to plans and specifications approved by the City (or other governmental entity that will own and operate the same).

The foregoing description of the types of facilities eligible to be financed is general in nature and includes any appurtenant work and incidental expenses relating to the facilities. The final nature and location of the facilities will be determined upon the preparation of final plans and specifications for such facilities.

Community Facilities District No. 18
(Folsom Plan Area – Area-Wide Improvements and Services)
Established December 8, 2015
Special Tax Revenue Bonds, Series 2024 Issued October 23, 2024

Purpose of Special Tax

Facilities

The planned public facilities for Community Facilities District No. 18 (Folsom Plan Area – Area-Wide Improvements and Services) (“CFD”) include the following:

Willow Hill Pipeline Facilities – These facilities consist of water facilities (including the Willow Hill Transmission Pipeline construction and rehabilitation project, and all ancillary work necessary or appropriate related thereto), all within or in the vicinity of the CFD. The improvements shall include all related clearing and grubbing, grading and appurtenances, and any removal or temporary signage or markings related thereto.

Off-site Water Facilities – These facilities consist of existing and new facilities such as a water treatment plant, a pump station and expansion thereof, transmission pipelines, reservoirs, and the distribution system to serve the Folsom Plan Area.

Sanitary Sewer System – These facilities include a series of transmission pipelines, pump stations, and force mains, to serve the Folsom Plan Area.

Aquatic Center Phase 1 – These facilities include a competitive swimming pool, a recreation activity pool, and related support pool-related buildings and structures, such as maintenance and locker room facilities, which will serve the Folsom Plan Area.

Quarry Road – These facilities include the special road design along Prairie City Road from U.S. Highway 50 to White Rock Road or alternative route to accommodate heavy truck traffic to and from potential future aggregate quarry sites south of the Folsom Plan Area as identified in the City’s Truck Management Plan approved by the City Council on December 6, 2011 via Resolution 8933.

Water Infrastructure – These facilities include the development of water pipelines, booster pump stations, pressure regulating stations, water treatment plant, water reservoirs, land costs, off-site capacity building, and systems optimization efforts throughout the CFD.

Aquatic Center Phase 2 – These facilities include a community center, gymnasium, multi-purpose classrooms, a senior center, teen activity rooms which will serve the Folsom Plan Area.

Selected Trails – These facilities consist of a portion of the 30 miles of trails proposed to be built in the Folsom Plan Area. The comprehensive bike system consists of Class I paths and Class II bike lanes connecting residential neighborhoods with schools, parks, and other major destinations. The plan costs include trails, intersection protection, trail bridges, undercrossings, and design fees.

Interchanges – These facilities include the modifications to existing interchanges and the construction of new Highway 50 interchange improvements including the acquisition of land.

Selected Roadway Widening – These facilities include the necessary infrastructure improvements to widen the Oak Avenue, Empire Ranch Road, and Prairie City Road from two to four lanes.

Other Backbone Facilities – These consist of additional backbone public facilities needed to serve the Folsom Plan Area. The additional backbone public facilities include parks, transit services, fire facilities and equipment, police facilities and equipment, municipal service center, corporation yard, solid waste, branch library, and transportation.

All facilities shall include attributed costs of engineering, design, planning, construction staking, materials testing and coordination of the facilities. The facilities should be constructed pursuant to plans and specifications approved by the City (or other governmental entity that will own and operate the same).

The foregoing description of the types of facilities eligible to be financed is general in nature and includes any appurtenant work and incidental expenses relating to the facilities. The final nature and location of the facilities will be determined upon the preparation of final plans and specifications for such facilities.

Services

The planned services to be financed by the CFD include the following: park, trail, landscape corridor, median, and open space maintenance; street, street light and safety light maintenance; and storm drainage facilities maintenance.

The CFD annual maintenance functions and costs generally will include the installation, maintenance and servicing of turf, ground cover, shrubs and trees, irrigation systems, drainage facilities and drainage systems, street lighting, fencing, soundwalls, sidewalks, monuments, statuary, fountains, water quality ponds, park facilities, open space maintenance including but not limited to maintaining the open space areas located adjacent to avoided or created habitat mitigation areas and other buffer areas between the open space and vertical development, bike trails, walkways, drainage swales and other ornamental structures and facilities, entry signage, street pavers, art work, and monuments and all necessary appurtenances, and labor, materials, supplies, utilities (including water and electricity) and equipment, as applicable, for property owned or maintained by the City. Annual maintenance costs include an allowance for long-term repair and replacement of improvements.

The CFD may fund any of the following related to the maintenance of the services described above: obtaining, repairing, reconstructing, furnishing, operating and maintaining equipment, apparatus or facilities related to providing the services and/or equipment, apparatus, facilities or fixtures in areas to be maintained, paying the salaries and benefits of the personnel necessary or convenient to provide the services, and other related expenses and the provision of reserves for repairs and replacements for the future provision of services. It is expected that the services will be provided by the City, either with its own employees or by contract with third parties, or any combination thereof. The CFD may also fund administrative fees of the City related to the CFD.

Facilities

The public facilities for Community Facilities District No. 19 (Mangini Ranch) (“CFD”) include the following:

Transportation Improvements: Eligible roadway improvements include, but are not limited to: acquisition of land and easements; roadway design; project management; bridge crossings and culverts; clearing, grubbing, and demolition; grading, soil import/export, paving (including slurry seal), and decorative/enhanced pavement concrete and/or pavers; joint trenches, underground utilities and undergrounding of existing utilities; dry utilities and appurtenances; curbs, gutters, sidewalks, bike trails (including onsite and off-site), enhanced fencing, and access ramps; street lights, signalization, and traffic signal control systems; bus turnouts; signs and striping; erosion control; median and parkway landscaping and irrigation; entry monumentation; bus shelters, Bus Rapid Transit improvements including transfer stations and regional public transit improvements; masonry walls; traffic control and agency fees; and other improvements related thereto. Eligible improvements for the roads listed above also include any and all necessary underground potable and recycled water, sanitary sewer, and storm drainage system improvements. Authorized facilities include the following transportation improvements:

- Scott Road.
- Easton Valley Parkway—from Scott Road to Placerville Road.
- Street "A"—from Scott Road to Placerville Road.
- Street "B"—from Scott Road to White Rock Road.
- White Rock Road—at selected intersections.
- Other public roadway improvements designed to meet the needs of development within the CFD, including internal subdivision streets and related underground utilities.

Water System Improvements: Authorized facilities include any and all water facilities designed to meet the needs of development within the CFD. These facilities include, but may not be limited to: water storage, treatment and distribution facilities including waterlines and appurtenances, gate valves, pressure reducing stations, flow meters, fire hydrants, and other improvements related thereto such as site clearing, grading and paving; curbs and gutters; booster pump stations; stand-by generators; site lighting, drainage, sanitary sewer, and water service; landscaping and irrigation; access gates, and fencing; and striping and signage.

Recycled Water System Improvements: Authorized facilities include any and all recycled water system facilities designed to meet the needs of development within the CFD. These facilities include, but may not be limited to: treatment and distribution facilities including pipelines and appurtenances, gate valves, flow meters, booster pump pressurization system, and other improvements related thereto - such as site clearing, grading and paving; curbs and gutters; booster pump stations; stand-by generators; site lighting, drainage, sanitary sewer, and water service; landscaping and irrigation; access gates, and fencing; and striping and signage.

Drainage System Improvements: Authorized facilities include any and all drainage and storm drain improvements designed to meet the needs of development within the CFD. These facilities include, but may not be limited to: excavation and grading, pipelines and appurtenances, outfalls and water quality measures, detention/retention basins, drainage pretreatment facilities, drainage ways/channels, pump stations, landscaping and irrigation; access roads, gates, and fencing; and striping and signage and other improvements related thereto.

Wastewater System Improvements: Authorized facilities include any and all wastewater facilities designed to meet the needs of development within the CFD. These facilities include, but may not be limited to pipelines and all appurtenances thereto; manholes; tie-in to existing main line; force mains; lift stations; odor-control facilities; and permitting related thereto; and related sewer system improvements.

Park, Parkway and Open Space Improvements: Authorized facilities include any and all improvements to parks, parkways and open space required for development within the CFD. These facilities include, but may not be limited to: grading, turf, shrubs and trees, landscaping irrigation, site lighting, drainage, sanitary sewer and water service, pedestrian and bicycle trails, protective fencing (including soundwalls), pedestrian/bicycle bridges, storm drain crossings, wetland mitigation, hawk mitigation for authorized facilities herein, access gates and fencing and related open space improvements. Authorized facilities include acquisition of any and all parkland as well as open space/bike trail/public access easements required for development within the CFD.

Specific Plan Infrastructure Fee Infrastructure: Authorized facilities include any and all improvements that are included in the Specific Plan Infrastructure Fee Program adopted by the City Council on September 8, 2015, including any future amendments thereto.

Other Expenses: In addition to the above facilities, other incidental expenses as authorized by the Mello-Roos Community Facilities Act of 1982, including, but not limited to, the cost of planning and designing the facilities (including the cost of environmental evaluation, remediation and mitigation); engineering and surveying; construction staking; utility relocation and demolition costs incidental to the construction of the public facilities; costs of project/construction management; costs (including the costs of legal services) associated with the formation of the Mello-Roos CFD; issuance of bonds (if any); determination of the amount of taxes; collection of taxes; payment of taxes; costs of calculating and providing reimbursements from one-time special tax payments; or costs otherwise incurred in order to carry out the authorized purposes of the CFD; and any other expenses incidental to the formation and implementation of the CFD and to the construction, completion, inspection and acquisition of the authorized facilities.

Services

The authorized services to be funded from the levy and collection of annual special taxes include those set forth below in addition to the costs associated with collecting and administering the special taxes and annual administering the CFD. The CFD will be eligible to fund all or a portion of the costs of reconstruction and/or rehabilitation, operation, maintenance, repair and replacement, and servicing of the following items not otherwise subject to funding from the City of Folsom Community Facilities District No. 18 (Folsom Plan Area – Area-Wide Improvements and Services):

Open Space improvements, operations and management, monitoring, maintenance (including general maintenance, signage, City owned fence maintenance, trash and debris collection, and bike trails and their appurtenances [drainage culverts or pipes from adjacent subdivisions] within open space), creation and maintenance of fire breaks, permits, vandalism/graffiti, flood conveyance (vegetation/tree

removals), beaver dam removals, outfall/drainage swale maintenance, erosion control/bank stabilization, native planting/replanting, pre and post emergent, maintenance activities as required by a 404 permit, and open space overarching maintenance & management plan and repair and replacement of facilities within open space areas in the project area.

The maintenance of on-site landscape corridors and paseos designed to serve land uses within the CFD, including general maintenance, masonry walls, accent lighting, water and utility costs.

The maintenance of street lights, including any utility costs related thereto.

The maintenance of medians, entries, and entry monumentation.

Community amenities, such as a community clubhouse.

Storm water management, water quality structural controls, including drainage swales constructed between storm drain facilities and receiving waters.

Miscellaneous costs related to any of the items described above including planning, engineering, GIS, legal, and city and county administration costs.

The levy of special taxes to accumulate sinking funds for anticipated future repairs, reconstruction or replacement costs of landscape corridors, irrigation facilities, medians, entries and entry monumentation, lighting, neighborhood parks, storm water management and other facilities maintained by the CFD as determined by the administrator.

The CFD may fund any of the following related to the maintenance of the services described above: obtaining, repairing, reconstructing, rehabilitating, furnishing, operating and maintaining equipment, apparatus or facilities related to providing the services and/or equipment, apparatus, facilities or fixtures in areas to be maintained, paying the salaries and benefits of personnel necessary or convenient to provide the services, and other related expenses and the provision of reserves for repairs and replacements and for the future provision of services. It is expected that the services will be provided by the City, either with its own employees or by contract with third parties, or any combination thereof.

City of Folsom
Community Facilities District No. 20 (Russell Ranch)
Established November 14, 2017
Special Tax Revenue Bonds, Series 2018 Issued June 5, 2018
Special Tax Revenue Bonds, Series 2022 Issued December 8, 2022

Purpose of Special Tax

The public facilities for Community Facilities District No. 20 (Russell Ranch) (“CFD”) include any and all improvements that are included in the Specific Plan Infrastructure Fee Program adopted by the City Council on September 8, 2015, including any future amendments thereto. These facilities, include, but are not limited to:

- Zone 4/5 Booster Pump Station;
- Zone 5 Water Tank and Zone 6 Booster Pump Station;
- Highway 50 Water Transmission Line;
- Alder Creek Parkway Improvements; and
- Grand Prairie Improvements.

Transportation Improvements: Eligible roadway improvements include, but are not limited to: acquisition of land and easements; roadway design; project management; bridge crossings and culverts; clearing, grubbing, and demolition; grading, soil import/export, paving (including slurry seal), and decorative/enhanced pavement concrete and/or pavers; joint trenches, underground utilities and undergrounding of existing utilities; dry utilities and appurtenances; curbs, gutters, sidewalks, bike trails (including onsite and off-site), enhanced fencing, and access ramps; street lights, signalization, and traffic signal control systems; bus turnouts; signs and striping; erosion control; median and parkway landscaping and irrigation; entry monumentation; bus shelters, Bus Rapid Transit improvements including transfer stations and regional public transit improvements; masonry walls; traffic control and agency fees; and other improvements related thereto. Eligible improvements for the roads listed above also include any and all necessary underground potable and recycled water, sanitary sewer, and storm drainage system improvements. Authorized facilities include the following transportation improvements:

- Placerville Road—from Highway 50 to White Rock Road.
- Alder Creek Parkway—from Scott Road to the Empire Ranch Road.
- Grand Prairie Road—from Alder Creek Parkway to Placerville Road.
- Scott Road—from Alder Creek Parkway to Street “A”.
- Empire Ranch Road—from property line to White Rock Road.
- Other public roadway improvements designed to meet the needs of development within the CFD, including internal subdivision streets and related underground utilities.

Potable and Non-Potable Water System Improvements: Authorized facilities include any and all on- and off-site backbone water and recycled (or non-potable water facilities) designed to meet the needs of development within the CFD. These facilities include, but are not limited to, potable and non-potable mains, valves, pressure reducing stations, flow meters, fire hydrants, and other improvements related thereto such as site clearing, grading, and paving; services, and appurtenances; wells; water treatment, distribution, and storage facilities; curbs and gutters; booster pump stations; stand-by generators; site lighting, drainage, sanitary sewer, and water service; landscaping and irrigation; access gates and fencing; and striping and signage.

Drainage System Improvements: Authorized facilities include any and all drainage and storm drain improvements designed to meet the needs of development within the CFD. These facilities include, but

may not be limited to: excavation and grading, pipelines and appurtenances, outfalls, and water quality measures; detention/retention basins, drainage pretreatment facilities, drainage ways/channels, pump stations, landscaping and irrigation; access roads, gates and fencing; and striping and signage and other improvements related thereto.

Wastewater System Improvements: Authorized facilities include all wastewater facilities designed to meet the needs of development within the CFD. These facilities include, but may not be limited to, pipelines and all appurtenances thereto; manholes; tie-in to existing main line; force mains; lift stations; odor-control facilities; and permitting related thereto; and related sewer system improvements.

Park, Parkway, Open Space and Preserve Improvements: Authorized facilities include any and all improvements to parks, parkways, and open space required for development within the CFD. These facilities include, but may not be limited to grading; turf, shrubs and trees; landscaping irrigation; site lighting; drainage; sanitary sewer and water service, pedestrian and bicycle trails, protective fencing (including soundwalls), pedestrian/bicycle bridges; public art; active and passive park and open space improvements (including respites and overlooks); related monumentation and signage; storm drain crossings; environmental mitigation for wetlands, hawk, and other species for infrastructure under the Specific Plan Infrastructure Fee Program and authorized facilities herein; access gates and fencing; and related park, open space and preserve improvements.

Other Incidental Expenses and Bond Issuance Costs: In addition to the above facilities, other incidental expenses as authorized by the Act, including, but not limited to, the cost of planning and designing the facilities (including the cost of environmental evaluation, remediation and mitigation); engineering and surveying; construction staking; utility relocation and demolition costs incidental to the construction of the public facilities; costs of project/construction management; costs (including the costs of legal services) associated with the formation of the District; issuance of bonds (if any); determination of the amount of taxes; collection of taxes; payment of taxes; costs of calculating and providing reimbursements from one-time special tax payments; or costs otherwise incurred in order to carry out the authorized purposes of the CFD; and any other expenses incidental to the formation and implementation of the CFD and to the construction, completion, inspection and acquisition of the authorized facilities.

City of Folsom
Community Facilities District No. 20-1 (Russell Ranch 2)
Established June 24, 2025

Purpose of Special Tax

The public facilities for Community Facilities District No. 20-1 (Russell Ranch 2) (“CFD”) include any and all improvements that are included in the Specific Plan Infrastructure Fee Program adopted by the City Council on September 8, 2015, including any future amendments thereto. These facilities, include, but are not limited to:

- Zone 4/5 Booster Pump Station;
- Zone 5 Water Tank and Zone 6 Booster Pump Station;
- Highway 50 Water Transmission Line;
- Alder Creek Parkway Improvements; and
- Grand Prairie Improvements.

Transportation Improvements: Eligible roadway improvements include, but are not limited to: acquisition of land and easements; roadway design; project management; bridge crossings and culverts; clearing, grubbing, and demolition; grading, soil import/export, paving (including slurry seal), and decorative/enhanced pavement concrete and/or pavers; joint trenches, underground utilities and undergrounding of existing utilities; dry utilities and appurtenances; curbs, gutters, sidewalks, bike trails (including onsite and off-site), enhanced fencing, and access ramps; street lights, signalization, and traffic signal control systems; bus turnouts; signs and striping; erosion control; median and parkway landscaping and irrigation; entry monumentation; bus shelters, Bus Rapid Transit improvements including transfer stations and regional public transit improvements; masonry walls; traffic control and agency fees; and other improvements related thereto. Eligible improvements for the roads listed above also include any and all necessary underground potable and recycled water, sanitary sewer, and storm drainage system improvements. Authorized facilities include the following transportation improvements:

- Placerville Road—from Highway 50 to White Rock Road.
- Alder Creek Parkway—from Scott Road to the Empire Ranch Road.
- Grand Prairie Road—from Alder Creek Parkway to Placerville Road.
- Scott Road—from Alder Creek Parkway to Street “A”.
- Empire Ranch Road—from property line to White Rock Road.
- Other public roadway improvements designed to meet the needs of development within the CFD, including internal subdivision streets and related underground utilities.

Potable and Non-Potable Water System Improvements: Authorized facilities include any and all on- and off-site backbone water and recycled (or non-potable water facilities) designed to meet the needs of development within the CFD. These facilities include, but are not limited to, potable and non-potable mains, valves, pressure reducing stations, flow meters, fire hydrants, and other improvements related thereto such as site clearing, grading, and paving; services, and appurtenances; wells; water treatment, distribution, and storage facilities; curbs and gutters; booster pump stations; stand-by generators; site lighting, drainage, sanitary sewer, and water service; landscaping and irrigation; access gates and fencing; and striping and signage.

Drainage System Improvements: Authorized facilities include any and all drainage and storm drain improvements designed to meet the needs of development within the CFD. These facilities include, but may not be limited to: excavation and grading, pipelines and appurtenances, outfalls, and water quality measures; detention/retention basins, drainage pretreatment facilities, drainage ways/channels, pump

stations, landscaping and irrigation; access roads, gates and fencing; and striping and signage and other improvements related thereto.

Wastewater System Improvements: Authorized facilities include all wastewater facilities designed to meet the needs of development within the CFD. These facilities include, but may not be limited to, pipelines and all appurtenances thereto; manholes; tie-in to existing main line; force mains; lift stations; odor-control facilities; and permitting related thereto; and related sewer system improvements.

Park, Parkway, Open Space and Preserve Improvements: Authorized facilities include any and all improvements to parks, parkways, and open space required for development within the CFD. These facilities include, but may not be limited to grading; turf, shrubs and trees; landscaping irrigation; site lighting; drainage; sanitary sewer and water service, pedestrian and bicycle trails, protective fencing (including soundwalls), pedestrian/bicycle bridges; public art; active and passive park and open space improvements (including respites and overlooks); related monumentation and signage; storm drain crossings; environmental mitigation for wetlands, hawk, and other species for infrastructure under the Specific Plan Infrastructure Fee Program and authorized facilities herein; access gates and fencing; and related park, open space and preserve improvements.

Other Incidental Expenses and Bond Issuance Costs: In addition to the above facilities, other incidental expenses as authorized by the Act, including, but not limited to, the cost of planning and designing the facilities (including the cost of environmental evaluation, remediation and mitigation); engineering and surveying; construction staking; utility relocation and demolition costs incidental to the construction of the public facilities; costs of project/construction management; costs (including the costs of legal services) associated with the formation of the District; issuance of bonds (if any); determination of the amount of taxes; collection of taxes; payment of taxes; costs of calculating and providing reimbursements from one-time special tax payments; or costs otherwise incurred in order to carry out the authorized purposes of the CFD; and any other expenses incidental to the formation and implementation of the CFD and to the construction, completion, inspection and acquisition of the authorized facilities.

City of Folsom
Community Facilities District No. 22 (Folsom Heights)
Established November 27, 2018

Purpose of Special Tax

Facilities

The public facilities for Community Facilities District No. 22 (Folsom Heights) (“CFD”) include the following:

Transportation Improvements: Eligible roadway improvements include, but are not limited to: acquisition of land and easements; roadway design; project management; bridge crossings and culverts; clearing, grubbing, and demolition; grading, soil import/export, paving (including slurry seal), and decorative/enhanced pavement concrete and/or pavers; joint trenches, underground utilities and undergrounding of existing utilities; dry utilities and appurtenances; curbs, gutters, sidewalks, bike trails (including onsite and off-site), enhanced fencing, and access ramps; street lights, signalization, and traffic signal control systems; bus turnouts; signs and striping; erosion control; median and parkway landscaping and irrigation; entry monumentation; bus shelters, Bus Rapid Transit improvements including transfer stations and regional public transit improvements; masonry walls; traffic control and agency fees; and other improvements related thereto. Eligible improvements for the roads listed herein also include any and all necessary underground potable and recycled water, sanitary sewer, and storm drainage system improvements. Authorized facilities include the following transportation improvements:

- Summit Street
- Prima Drive
- Empire Ranch Road
- Alder Creek Parkway
- Folsom Heights Drive
- Other public roadway improvements designed to meet the needs of development of property within the CFD, including internal subdivision streets and related underground utilities.

Water System Improvements: Authorized facilities include any and all water facilities, including those expected to be owned or managed by the City and/or the El Dorado Irrigation District, designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: water storage, treatment and distribution facilities including waterlines and appurtenances, gate valves, pressure reducing stations, flow meters, fire hydrants, and other improvements related thereto such as site clearing, grading and paving; curbs and gutters; booster pump stations and power; stand-by generators; site lighting, drainage, sanitary sewer, and water service; landscaping and irrigation; access gates, and fencing; and striping and signage.

Recycled Water System Improvements: Authorized facilities include any and all recycled water system facilities, including those expected to be owned or managed by the City and/or the El Dorado Irrigation District, designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: treatment and distribution facilities including pipelines and appurtenances, gate valves, flow meters, booster pump pressurization system, and other improvements related thereto - such as site clearing, grading and paving; curbs and gutters; booster pump stations; stand-by generators; site lighting, drainage, sanitary sewer, and water service; landscaping and irrigation; access gates, and fencing; and striping and signage.

Drainage System Improvements: Authorized facilities include any and all drainage and storm drain improvements designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: excavation and grading, pipelines and appurtenances, outfalls and water quality measures, detention/retention basins, drainage pretreatment facilities, drainage ways/channels, pump stations, landscaping and irrigation; access roads, gates, and fencing; and striping and signage and other improvements related thereto.

Wastewater System Improvements: Authorized facilities include any and all wastewater facilities, including those expected to be owned or managed by the City and/or the El Dorado Irrigation District, designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to, pipelines and all appurtenances thereto; manholes; tie-in to existing main lines; force mains; lift stations; upgrades to existing lift stations; odor-control facilities; and permitting related thereto; and related sewer system improvements.

Park, Parkway and Open Space Improvements: Authorized facilities include any and all improvements to parks, parkways and open space required for development of property within the CFD. These facilities include, but may not be limited to: grading, turf, shrubs and trees, landscaping irrigation, site lighting, drainage, sanitary sewer and water service, pedestrian and bicycle trails, protective fencing (including soundwalls), pedestrian/bicycle bridges, storm drain crossings, wetland mitigation, hawk mitigation for authorized facilities herein, access gates and fencing and related open space improvements. Authorized facilities include acquisition of any and all parkland as well as open space/bike trail/public access easements required for development of property within the CFD.

Specific Plan Infrastructure Fee Infrastructure: Authorized facilities include any and all improvements that are included in the Specific Plan Infrastructure Fee Program adopted by the City Council on September 8, 2015, including any future amendments thereto.

Other Incidental Expenses and Bond Issuance Costs: In addition to the above facilities, other incidental expenses as authorized by the Act, including, but not limited to, the cost of planning and designing the facilities (including the cost of environmental evaluation, remediation and mitigation); engineering and surveying; construction staking; utility relocation and demolition costs incidental to the construction of the public facilities; costs of project/construction management; costs (including the costs of legal services) associated with the formation of the CFD; issuance of bonds (if any); determination of the amount of taxes; collection of taxes; payment of taxes; costs of calculating and providing reimbursements from one-time special tax payments; or costs otherwise incurred in order to carry out the authorized purposes of the CFD; and any other expenses incidental to the formation and implementation of the CFD and to the construction, completion, inspection and acquisition of the authorized facilities.

Services

The services to be financed by the CFD include the following:

- Landscape corridor and enhanced open space maintenance; and
- Street light maintenance.

Annual maintenance functions and costs generally will include the installation, maintenance and servicing of ground cover, shrubs and trees, irrigation systems, street lighting, fencing, sound walls, sidewalks, monuments, enhanced open space maintenance including but not limited to maintaining the enhanced open space areas located adjacent to avoided or created habitat mitigation areas and other buffer areas between the enhanced open space and vertical development, bike trails, walkways, entry signage, street pavers, and labor, materials, supplies, utilities (including water and electricity) and

equipment, as applicable, for property owned or maintained by the City. Annual maintenance costs include an allowance for long-term repair and replacement of improvements.

The CFD may fund any of the following related to the maintenance of the services described above: obtaining, repairing, reconstructing, furnishing, operating and maintaining equipment, apparatus or facilities related to providing the services and/or equipment, apparatus, facilities or fixtures in areas to be maintained, paying the salaries and benefits of the personnel necessary or convenient to provide the services, and other related expenses and the provision of reserves for repairs and replacements for the future provision of services. It is expected that the services will be provided by the City, either with its own employees or by contract with third parties, or any combination thereof. The CFD may also fund administrative fees of the City related to the CFD.

Facilities

The public facilities for Community Facilities District No. 23 (Folsom Ranch) (“CFD”) include the following:

Transportation Improvements: Eligible roadway improvements include, but are not limited to: acquisition of land and easements; roadway design; project management; bridge crossings and culverts; clearing, grubbing, and demolition; grading, soil import/export, paving (including slurry seal), and decorative/enhanced pavement concrete and/or pavers; joint trenches, underground utilities and undergrounding of existing utilities; dry utilities and appurtenances; curbs, gutters, sidewalks, bike trails (including onsite and off-site), enhanced fencing, and access ramps; street lights, signalization, and traffic signal control systems; bus turnouts; signs and striping; erosion control; median and parkway landscaping and irrigation; entry monumentation; bus shelters, Bus Rapid Transit improvements including transfer stations and regional public transit improvements; masonry walls; traffic control and agency fees; and other improvements related thereto. Eligible improvements for the roads listed herein also include any and all necessary underground potable and recycled water, sanitary sewer, and storm drainage system improvements. Authorized facilities include the following transportation improvements:

- All public roadway improvements designed to meet the needs of development within the CFD, including internal subdivision streets and related underground utilities.

Water System Improvements: Authorized facilities include any and all water facilities designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: water storage, treatment and distribution facilities including waterlines and appurtenances, gate valves, pressure reducing stations, flow meters, fire hydrants, and other improvements related thereto such as site clearing, grading and paving; curbs and gutters; booster pump stations and power; stand-by generators; site lighting, drainage, sanitary sewer, and water service; landscaping and irrigation; access gates, and fencing; and striping and signage.

Recycled Water System Improvements: Authorized facilities include any and all recycled water system facilities designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: treatment and distribution facilities including pipelines and appurtenances, gate valves, flow meters, booster pump pressurization system, and other improvements related thereto - such as site clearing, grading and paving; curbs and gutters; booster pump stations; stand-by generators; site lighting, drainage, sanitary sewer, and water service; landscaping and irrigation; access gates, and fencing; and striping and signage.

Drainage System Improvements: Authorized facilities include any and all drainage and storm drain improvements designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: excavation and grading, pipelines and appurtenances, outfalls and

water quality measures, detention/retention basins, drainage pretreatment facilities, drainage ways/channels, pump stations, landscaping and irrigation; access roads, gates, and fencing; and striping and signage and other improvements related thereto.

Wastewater System Improvements: Authorized facilities include any and all wastewater facilities designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to, pipelines and all appurtenances thereto; manholes; tie-in to existing main lines; force mains; lift stations; upgrades to existing lift stations; odor-control facilities; and permitting related thereto; and related sewer system improvements.

Park, Parkway and Open Space Improvements: Authorized facilities include any and all improvements to parks, parkways and open space required for development of property within the CFD. These facilities include, but may not be limited to: grading, turf, shrubs and trees, landscaping irrigation, site lighting, drainage, sanitary sewer and water service, pedestrian and bicycle trails, protective fencing (including soundwalls), pedestrian/bicycle bridges, storm drain crossings, wetland mitigation, hawk mitigation for authorized facilities herein, access gates and fencing and related open space improvements. Authorized facilities include acquisition of any and all parkland as well as open space/bike trail/public access easements required for development of property within the CFD.

Specific Plan Infrastructure Fee Infrastructure: Authorized facilities include any and all improvements that are included in the Specific Plan Infrastructure Fee Program adopted by the City Council on September 8, 2015, including any future amendments thereto.

Specific Plan Infrastructure Fee Obligation: Subject to the provisions of the Act, authorized facilities include payment of the following SPIF obligations for all development that would be subject to SPIF obligations within the entire CFD:

- SPIF Infrastructure Fee (including the SPIF Set-Aside component)
- SPIF Public Facilities Land Equalization Fee Component
- SPIF Parkland Equalization Fee Component
- SPIF Administrative Fee.

Other Incidental Expenses and Bond Issuance Costs: In addition to the above facilities, other incidental expenses as authorized by the Mello-Roos Community Facilities Act of 1982, including, but not limited to, the cost of planning and designing the facilities (including the cost of environmental evaluation, remediation and mitigation); engineering and surveying; construction staking; utility relocation and demolition costs incidental to the construction of the public facilities; costs of project/construction management; costs (including the costs of legal services) associated with the formation of the Mello-Roos CFD; issuance of bonds (if any); determination of the amount of taxes; collection of taxes; payment of taxes; costs of calculating and providing reimbursements from one-time special tax payments; or costs otherwise incurred in order to carry out the authorized purposes of the CFD; and any other expenses incidental to the formation and implementation of the CFD and to the construction, completion, inspection and acquisition of the authorized facilities.

Services

The services to be financed by the CFD include the following:

- Open Space improvements, operations and management, monitoring, maintenance (including general maintenance, signage, City owned fence maintenance, trash and debris collection, and bike trails and their appurtenances [drainage culverts or pipes from adjacent subdivisions] within open space), creation and maintenance of fire breaks, Permits, Vandalism/Graffiti, Flood Conveyance (Vegetation/tree removals), Beaver dam removals, Outfall/drainage swale

maintenance, Erosion control/bank stabilization, Native planting/replanting, Pre and post emergent, maintenance activities as required by a 404 permit and Operations and Management Plan-Conservation and Passive Recreation Open Space, dated June 9, 2017, and repair and replacement of facilities within open space areas in the Project Area.

- The maintenance of on-site landscape corridors and paseos designed to serve land uses within the CFD, including general maintenance, masonry walls, accent lighting, water and utility costs.
- The maintenance of streetlights, including any utility costs related thereto.
- The maintenance of medians, entries, and entry monumentation.
- Neighborhood park maintenance, and repair and replacement.
- Community amenities, such as a community clubhouse.
- Storm water management, water quality structural controls, including drainage swales constructed between storm drain facilities and receiving waters.
- Miscellaneous costs related to any of the items described above including planning, engineering, GIS, legal, and city and county administration costs.
- The levy of special taxes to accumulate sinking funds for anticipated future repairs or replacement costs of landscape corridors, irrigation facilities, medians, entries and entry monumentation, lighting, neighborhood parks, storm water management and other facilities maintained by the CFD as determined by the Administrator.

Annual maintenance functions and costs generally will include the installation, maintenance and servicing of ground cover, shrubs and trees, irrigation systems, street lighting, fencing, sound walls, sidewalks, monuments, enhanced open space maintenance including but not limited to maintaining the enhanced open space areas located adjacent to avoided or created habitat mitigation areas and other buffer areas between the enhanced open space and vertical development, bike trails, walkways, entry signage, street pavers, and labor, materials, supplies, utilities (including water and electricity) and equipment, as applicable, for property owned or maintained by the City. Annual maintenance costs include an allowance for long-term repair and replacement of improvements.

The CFD may fund any of the following related to the maintenance of the services described above: obtaining, repairing, reconstructing, furnishing, operating and maintaining equipment, apparatus or facilities related to providing the services and/or equipment, apparatus, facilities or fixtures in areas to be maintained, paying the salaries and benefits of the personnel necessary or convenient to provide the services, and other related expenses and the provision of reserves for repairs and replacements for the future provision of services. It is expected that the services will be provided by the City, either with its own employees or by contract with third parties, or any combination thereof. The CFD may also fund administrative fees of the City related to the CFD.

City of Folsom
Community Facilities District No. 23 (Folsom Ranch)
Improvement Area 2
Established May 26, 2020
Special Tax Bonds, Series 2024 Issued April 25, 2024

Purpose of Special Tax

Facilities

The public facilities for Community Facilities District No. 23 (Folsom Ranch) (“CFD”) include the following:

Transportation Improvements: Eligible roadway improvements include, but are not limited to: acquisition of land and easements; roadway design; project management; bridge crossings and culverts; clearing, grubbing, and demolition; grading, soil import/export, paving (including slurry seal), and decorative/enhanced pavement concrete and/or pavers; joint trenches, underground utilities and undergrounding of existing utilities; dry utilities and appurtenances; curbs, gutters, sidewalks, bike trails (including onsite and off-site), enhanced fencing, and access ramps; street lights, signalization, and traffic signal control systems; bus turnouts; signs and striping; erosion control; median and parkway landscaping and irrigation; entry monumentation; bus shelters, Bus Rapid Transit improvements including transfer stations and regional public transit improvements; masonry walls; traffic control and agency fees; and other improvements related thereto. Eligible improvements for the roads listed herein also include any and all necessary underground potable and recycled water, sanitary sewer, and storm drainage system improvements. Authorized facilities include the following transportation improvements:

- All public roadway improvements designed to meet the needs of development within the CFD, including internal subdivision streets and related underground utilities.

Water System Improvements: Authorized facilities include any and all water facilities designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: water storage, treatment and distribution facilities including waterlines and appurtenances, gate valves, pressure reducing stations, flow meters, fire hydrants, and other improvements related thereto such as site clearing, grading and paving; curbs and gutters; booster pump stations and power; stand-by generators; site lighting, drainage, sanitary sewer, and water service; landscaping and irrigation; access gates, and fencing; and striping and signage.

Recycled Water System Improvements: Authorized facilities include any and all recycled water system facilities designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: treatment and distribution facilities including pipelines and appurtenances, gate valves, flow meters, booster pump pressurization system, and other improvements related thereto - such as site clearing, grading and paving; curbs and gutters; booster pump stations; stand-by generators; site lighting, drainage, sanitary sewer, and water service; landscaping and irrigation; access gates, and fencing; and striping and signage.

Drainage System Improvements: Authorized facilities include any and all drainage and storm drain improvements designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: excavation and grading, pipelines and appurtenances, outfalls and water quality measures, detention/retention basins, drainage pretreatment facilities, drainage

ways/channels, pump stations, landscaping and irrigation; access roads, gates, and fencing; and striping and signage and other improvements related thereto.

Wastewater System Improvements: Authorized facilities include any and all wastewater facilities designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to, pipelines and all appurtenances thereto; manholes; tie-in to existing main lines; force mains; lift stations; upgrades to existing lift stations; odor-control facilities; and permitting related thereto; and related sewer system improvements.

Park, Parkway and Open Space Improvements: Authorized facilities include any and all improvements to parks, parkways and open space required for development of property within the CFD. These facilities include, but may not be limited to: grading, turf, shrubs and trees, landscaping irrigation, site lighting, drainage, sanitary sewer and water service, pedestrian and bicycle trails, protective fencing (including soundwalls), pedestrian/bicycle bridges, storm drain crossings, wetland mitigation, hawk mitigation for authorized facilities herein, access gates and fencing and related open space improvements. Authorized facilities include acquisition of any and all parkland as well as open space/bike trail/public access easements required for development of property within the CFD.

Specific Plan Infrastructure Fee Infrastructure: Authorized facilities include any and all improvements that are included in the Specific Plan Infrastructure Fee Program adopted by the City Council on September 8, 2015, including any future amendments thereto.

Specific Plan Infrastructure Fee Obligation: Subject to the provisions of the Act, authorized facilities include payment of the following SPIF obligations for all development that would be subject to SPIF obligations within the entire CFD:

- SPIF Infrastructure Fee (including the SPIF Set-Aside component)
- SPIF Public Facilities Land Equalization Fee Component
- SPIF Parkland Equalization Fee Component
- SPIF Administrative Fee.

Other Incidental Expenses and Bond Issuance Costs: In addition to the above facilities, other incidental expenses as authorized by the Mello-Roos Community Facilities Act of 1982, including, but not limited to, the cost of planning and designing the facilities (including the cost of environmental evaluation, remediation and mitigation); engineering and surveying; construction staking; utility relocation and demolition costs incidental to the construction of the public facilities; costs of project/construction management; costs (including the costs of legal services) associated with the formation of the Mello-Roos CFD; issuance of bonds (if any); determination of the amount of taxes; collection of taxes; payment of taxes; costs of calculating and providing reimbursements from one-time special tax payments; or costs otherwise incurred in order to carry out the authorized purposes of the CFD; and any other expenses incidental to the formation and implementation of the CFD and to the construction, completion, inspection and acquisition of the authorized facilities.

Services

The services to be financed by the CFD include the following:

- Open Space improvements, operations and management, monitoring, maintenance (including general maintenance, signage, City owned fence maintenance, trash and debris collection, and bike trails and their appurtenances [drainage culverts or pipes from adjacent subdivisions] within open space), creation and maintenance of fire breaks, Permits, Vandalism/Graffiti, Flood Conveyance (Vegetation/tree removals), Beaver dam removals, Outfall/drainage swale maintenance, Erosion control/bank stabilization, Native planting/replanting, Pre and post

emergent, maintenance activities as required by a 404 permit and Operations and Management Plan-Conservation and Passive Recreation Open Space, dated June 9, 2017, and repair and replacement of facilities within open space areas in the Project Area.

- The maintenance of on-site landscape corridors and paseos designed to serve land uses within the CFD, including general maintenance, masonry walls, accent lighting, water and utility costs.
- The maintenance of streetlights, including any utility costs related thereto.
- The maintenance of medians, entries, and entry monumentation.
- Neighborhood park maintenance, and repair and replacement.
- Community amenities, such as a community clubhouse.
- Storm water management, water quality structural controls, including drainage swales constructed between storm drain facilities and receiving waters.
- Miscellaneous costs related to any of the items described above including planning, engineering, GIS, legal, and city and county administration costs.
- The levy of special taxes to accumulate sinking funds for anticipated future repairs or replacement costs of landscape corridors, irrigation facilities, medians, entries and entry monumentation, lighting, neighborhood parks, storm water management and other facilities maintained by the CFD as determined by the Administrator.

Annual maintenance functions and costs generally will include the installation, maintenance and servicing of ground cover, shrubs and trees, irrigation systems, street lighting, fencing, sound walls, sidewalks, monuments, enhanced open space maintenance including but not limited to maintaining the enhanced open space areas located adjacent to avoided or created habitat mitigation areas and other buffer areas between the enhanced open space and vertical development, bike trails, walkways, entry signage, street pavers, and labor, materials, supplies, utilities (including water and electricity) and equipment, as applicable, for property owned or maintained by the City. Annual maintenance costs include an allowance for long-term repair and replacement of improvements.

The CFD may fund any of the following related to the maintenance of the services described above: obtaining, repairing, reconstructing, furnishing, operating and maintaining equipment, apparatus or facilities related to providing the services and/or equipment, apparatus, facilities or fixtures in areas to be maintained, paying the salaries and benefits of the personnel necessary or convenient to provide the services, and other related expenses and the provision of reserves for repairs and replacements for the future provision of services. It is expected that the services will be provided by the City, either with its own employees or by contract with third parties, or any combination thereof. The CFD may also fund administrative fees of the City related to the CFD.

City of Folsom
Community Facilities District No. 23 (Folsom Ranch)
Improvement Area 3
Established May 26, 2020
Special Tax Bonds, Series 2022 Issued August 10, 2022

Purpose of Special Tax

Facilities

The public facilities for Community Facilities District No. 23 (Folsom Ranch) (“CFD”) include the following:

Transportation Improvements: Eligible roadway improvements include, but are not limited to: acquisition of land and easements; roadway design; project management; bridge crossings and culverts; clearing, grubbing, and demolition; grading, soil import/export, paving (including slurry seal), and decorative/enhanced pavement concrete and/or pavers; joint trenches, underground utilities and undergrounding of existing utilities; dry utilities and appurtenances; curbs, gutters, sidewalks, bike trails (including onsite and off-site), enhanced fencing, and access ramps; street lights, signalization, and traffic signal control systems; bus turnouts; signs and striping; erosion control; median and parkway landscaping and irrigation; entry monumentation; bus shelters, Bus Rapid Transit improvements including transfer stations and regional public transit improvements; masonry walls; traffic control and agency fees; and other improvements related thereto. Eligible improvements for the roads listed herein also include any and all necessary underground potable and recycled water, sanitary sewer, and storm drainage system improvements. Authorized facilities include the following transportation improvements:

- All public roadway improvements designed to meet the needs of development within the CFD, including internal subdivision streets and related underground utilities.

Water System Improvements: Authorized facilities include any and all water facilities designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: water storage, treatment and distribution facilities including waterlines and appurtenances, gate valves, pressure reducing stations, flow meters, fire hydrants, and other improvements related thereto such as site clearing, grading and paving; curbs and gutters; booster pump stations and power; stand-by generators; site lighting, drainage, sanitary sewer, and water service; landscaping and irrigation; access gates, and fencing; and striping and signage.

Recycled Water System Improvements: Authorized facilities include any and all recycled water system facilities designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: treatment and distribution facilities including pipelines and appurtenances, gate valves, flow meters, booster pump pressurization system, and other improvements related thereto - such as site clearing, grading and paving; curbs and gutters; booster pump stations; stand-by generators; site lighting, drainage, sanitary sewer, and water service; landscaping and irrigation; access gates, and fencing; and striping and signage.

Drainage System Improvements: Authorized facilities include any and all drainage and storm drain improvements designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: excavation and grading, pipelines and appurtenances, outfalls and water quality measures, detention/retention basins, drainage pretreatment facilities, drainage

ways/channels, pump stations, landscaping and irrigation; access roads, gates, and fencing; and striping and signage and other improvements related thereto.

Wastewater System Improvements: Authorized facilities include any and all wastewater facilities designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to, pipelines and all appurtenances thereto; manholes; tie-in to existing main lines; force mains; lift stations; upgrades to existing lift stations; odor-control facilities; and permitting related thereto; and related sewer system improvements.

Park, Parkway and Open Space Improvements: Authorized facilities include any and all improvements to parks, parkways and open space required for development of property within the CFD. These facilities include, but may not be limited to: grading, turf, shrubs and trees, landscaping irrigation, site lighting, drainage, sanitary sewer and water service, pedestrian and bicycle trails, protective fencing (including soundwalls), pedestrian/bicycle bridges, storm drain crossings, wetland mitigation, hawk mitigation for authorized facilities herein, access gates and fencing and related open space improvements. Authorized facilities include acquisition of any and all parkland as well as open space/bike trail/public access easements required for development of property within the CFD.

Specific Plan Infrastructure Fee Infrastructure: Authorized facilities include any and all improvements that are included in the Specific Plan Infrastructure Fee Program adopted by the City Council on September 8, 2015, including any future amendments thereto.

Specific Plan Infrastructure Fee Obligation: Subject to the provisions of the Act, authorized facilities include payment of the following SPIF obligations for all development that would be subject to SPIF obligations within the entire CFD:

- SPIF Infrastructure Fee (including the SPIF Set-Aside component)
- SPIF Public Facilities Land Equalization Fee Component
- SPIF Parkland Equalization Fee Component
- SPIF Administrative Fee.

Other Incidental Expenses and Bond Issuance Costs: In addition to the above facilities, other incidental expenses as authorized by the Mello-Roos Community Facilities Act of 1982, including, but not limited to, the cost of planning and designing the facilities (including the cost of environmental evaluation, remediation and mitigation); engineering and surveying; construction staking; utility relocation and demolition costs incidental to the construction of the public facilities; costs of project/construction management; costs (including the costs of legal services) associated with the formation of the Mello-Roos CFD; issuance of bonds (if any); determination of the amount of taxes; collection of taxes; payment of taxes; costs of calculating and providing reimbursements from one-time special tax payments; or costs otherwise incurred in order to carry out the authorized purposes of the CFD; and any other expenses incidental to the formation and implementation of the CFD and to the construction, completion, inspection and acquisition of the authorized facilities.

Services

The services to be financed by the CFD include the following:

- Open Space improvements, operations and management, monitoring, maintenance (including general maintenance, signage, City owned fence maintenance, trash and debris collection, and bike trails and their appurtenances [drainage culverts or pipes from adjacent subdivisions] within open space), creation and maintenance of fire breaks, Permits, Vandalism/Graffiti, Flood Conveyance (Vegetation/tree removals), Beaver dam removals, Outfall/drainage swale maintenance, Erosion control/bank stabilization, Native planting/replanting, Pre and post

emergent, maintenance activities as required by a 404 permit and Operations and Management Plan-Conservation and Passive Recreation Open Space, dated June 9, 2017, and repair and replacement of facilities within open space areas in the Project Area.

- The maintenance of on-site landscape corridors and paseos designed to serve land uses within the CFD, including general maintenance, masonry walls, accent lighting, water and utility costs.
- The maintenance of streetlights, including any utility costs related thereto.
- The maintenance of medians, entries, and entry monumentation.
- Neighborhood park maintenance, and repair and replacement.
- Community amenities, such as a community clubhouse.
- Storm water management, water quality structural controls, including drainage swales constructed between storm drain facilities and receiving waters.
- Miscellaneous costs related to any of the items described above including planning, engineering, GIS, legal, and city and county administration costs.
- The levy of special taxes to accumulate sinking funds for anticipated future repairs or replacement costs of landscape corridors, irrigation facilities, medians, entries and entry monumentation, lighting, neighborhood parks, storm water management and other facilities maintained by the CFD as determined by the Administrator.

Annual maintenance functions and costs generally will include the installation, maintenance and servicing of ground cover, shrubs and trees, irrigation systems, street lighting, fencing, sound walls, sidewalks, monuments, enhanced open space maintenance including but not limited to maintaining the enhanced open space areas located adjacent to avoided or created habitat mitigation areas and other buffer areas between the enhanced open space and vertical development, bike trails, walkways, entry signage, street pavers, and labor, materials, supplies, utilities (including water and electricity) and equipment, as applicable, for property owned or maintained by the City. Annual maintenance costs include an allowance for long-term repair and replacement of improvements.

The CFD may fund any of the following related to the maintenance of the services described above: obtaining, repairing, reconstructing, furnishing, operating and maintaining equipment, apparatus or facilities related to providing the services and/or equipment, apparatus, facilities or fixtures in areas to be maintained, paying the salaries and benefits of the personnel necessary or convenient to provide the services, and other related expenses and the provision of reserves for repairs and replacements for the future provision of services. It is expected that the services will be provided by the City, either with its own employees or by contract with third parties, or any combination thereof. The CFD may also fund administrative fees of the City related to the CFD.

These facilities include, but may not be limited to: treatment and distribution facilities including pipelines and appurtenances, gate valves, flow meters, booster pump pressurization system, and other improvements related thereto - such as site clearing, grading and paving; curbs and gutters; booster pump stations; stand-by generators; site lighting, drainage, sanitary sewer, and water service; landscaping and irrigation; access gates, and fencing; and striping and signage.

Drainage System Improvements: Authorized facilities include any and all drainage and storm drain improvements designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: excavation and grading, pipelines and appurtenances, outfalls and water quality measures, detention/retention basins, drainage pretreatment facilities, drainage

ways/channels, pump stations, landscaping and irrigation; access roads, gates, and fencing; and striping and signage and other improvements related thereto.

Wastewater System Improvements: Authorized facilities include any and all wastewater facilities designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to, pipelines and all appurtenances thereto; manholes; tie-in to existing main lines; force mains; lift stations; upgrades to existing lift stations; odor-control facilities; and permitting related thereto; and related sewer system improvements.

Park, Parkway and Open Space Improvements: Authorized facilities include any and all improvements to parks, parkways and open space required for development of property within the CFD. These facilities include, but may not be limited to: grading, turf, shrubs and trees, landscaping irrigation, site lighting, drainage, sanitary sewer and water service, pedestrian and bicycle trails, protective fencing (including soundwalls), pedestrian/bicycle bridges, storm drain crossings, wetland mitigation, hawk mitigation for authorized facilities herein, access gates and fencing and related open space improvements. Authorized facilities include acquisition of any and all parkland as well as open space/bike trail/public access easements required for development of property within the CFD.

Specific Plan Infrastructure Fee Infrastructure: Authorized facilities include any and all improvements that are included in the Specific Plan Infrastructure Fee Program adopted by the City Council on September 8, 2015, including any future amendments thereto.

Specific Plan Infrastructure Fee Obligation: Subject to the provisions of the Act, authorized facilities include payment of the following SPIF obligations for all development that would be subject to SPIF obligations within the entire CFD:

- SPIF Infrastructure Fee (including the SPIF Set-Aside component)
- SPIF Public Facilities Land Equalization Fee Component
- SPIF Parkland Equalization Fee Component
- SPIF Administrative Fee.

Other Incidental Expenses and Bond Issuance Costs: In addition to the above facilities, other incidental expenses as authorized by the Mello-Roos Community Facilities Act of 1982, including, but not limited to, the cost of planning and designing the facilities (including the cost of environmental evaluation, remediation and mitigation); engineering and surveying; construction staking; utility relocation and demolition costs incidental to the construction of the public facilities; costs of project/construction management; costs (including the costs of legal services) associated with the formation of the Mello-Roos CFD; issuance of bonds (if any); determination of the amount of taxes; collection of taxes; payment of taxes; costs of calculating and providing reimbursements from one-time special tax payments; or costs otherwise incurred in order to carry out the authorized purposes of the CFD; and any other expenses incidental to the formation and implementation of the CFD and to the construction, completion, inspection and acquisition of the authorized facilities.

Services

The services to be financed by the CFD include the following:

- Open Space improvements, operations and management, monitoring, maintenance (including general maintenance, signage, City owned fence maintenance, trash and debris collection, and bike trails and their appurtenances [drainage culverts or pipes from adjacent subdivisions] within open space), creation and maintenance of fire breaks, Permits, Vandalism/Graffiti, Flood Conveyance (Vegetation/tree removals), Beaver dam removals, Outfall/drainage swale maintenance, Erosion control/bank stabilization, Native planting/replanting, Pre and post

emergent, maintenance activities as required by a 404 permit and Operations and Management Plan-Conservation and Passive Recreation Open Space, dated June 9, 2017, and repair and replacement of facilities within open space areas in the Project Area.

- The maintenance of on-site landscape corridors and paseos designed to serve land uses within the CFD, including general maintenance, masonry walls, accent lighting, water and utility costs.
- The maintenance of streetlights, including any utility costs related thereto.
- The maintenance of medians, entries, and entry monumentation.
- Neighborhood park maintenance, and repair and replacement.
- Community amenities, such as a community clubhouse.
- Storm water management, water quality structural controls, including drainage swales constructed between storm drain facilities and receiving waters.
- Miscellaneous costs related to any of the items described above including planning, engineering, GIS, legal, and city and county administration costs.
- The levy of special taxes to accumulate sinking funds for anticipated future repairs or replacement costs of landscape corridors, irrigation facilities, medians, entries and entry monumentation, lighting, neighborhood parks, storm water management and other facilities maintained by the CFD as determined by the Administrator.

Annual maintenance functions and costs generally will include the installation, maintenance and servicing of ground cover, shrubs and trees, irrigation systems, street lighting, fencing, sound walls, sidewalks, monuments, enhanced open space maintenance including but not limited to maintaining the enhanced open space areas located adjacent to avoided or created habitat mitigation areas and other buffer areas between the enhanced open space and vertical development, bike trails, walkways, entry signage, street pavers, and labor, materials, supplies, utilities (including water and electricity) and equipment, as applicable, for property owned or maintained by the City. Annual maintenance costs include an allowance for long-term repair and replacement of improvements.

The CFD may fund any of the following related to the maintenance of the services described above: obtaining, repairing, reconstructing, furnishing, operating and maintaining equipment, apparatus or facilities related to providing the services and/or equipment, apparatus, facilities or fixtures in areas to be maintained, paying the salaries and benefits of the personnel necessary or convenient to provide the services, and other related expenses and the provision of reserves for repairs and replacements for the future provision of services. It is expected that the services will be provided by the City, either with its own employees or by contract with third parties, or any combination thereof. The CFD may also fund administrative fees of the City related to the CFD.

Facilities

The public facilities for Community Facilities District No. 23 (Folsom Ranch) (“CFD”) include the following:

Transportation Improvements: Eligible roadway improvements include, but are not limited to: acquisition of land and easements; roadway design; project management; bridge crossings and culverts; clearing, grubbing, and demolition; grading, soil import/export, paving (including slurry seal), and decorative/enhanced pavement concrete and/or pavers; joint trenches, underground utilities and undergrounding of existing utilities; dry utilities and appurtenances; curbs, gutters, sidewalks, bike trails (including onsite and off-site), enhanced fencing, and access ramps; street lights, signalization, and traffic signal control systems; bus turnouts; signs and striping; erosion control; median and parkway landscaping and irrigation; entry monumentation; bus shelters, Bus Rapid Transit improvements including transfer stations and regional public transit improvements; masonry walls; traffic control and agency fees; and other improvements related thereto. Eligible improvements for the roads listed herein also include any and all necessary underground potable and recycled water, sanitary sewer, and storm drainage system improvements. Authorized facilities include the following transportation improvements:

- All public roadway improvements designed to meet the needs of development within the CFD, including internal subdivision streets and related underground utilities.

Water System Improvements: Authorized facilities include any and all water facilities designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: water storage, treatment and distribution facilities including waterlines and appurtenances, gate valves, pressure reducing stations, flow meters, fire hydrants, and other improvements related thereto such as site clearing, grading and paving; curbs and gutters; booster pump stations and power; stand-by generators; site lighting, drainage, sanitary sewer, and water service; landscaping and irrigation; access gates, and fencing; and striping and signage.

Recycled Water System Improvements: Authorized facilities include any and all recycled water system facilities designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: treatment and distribution facilities including pipelines and appurtenances, gate valves, flow meters, booster pump pressurization system, and other improvements related thereto - such as site clearing, grading and paving; curbs and gutters; booster pump stations; stand-by generators; site lighting, drainage, sanitary sewer, and water service; landscaping and irrigation; access gates, and fencing; and striping and signage.

Drainage System Improvements: Authorized facilities include any and all drainage and storm drain improvements designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: excavation and grading, pipelines and appurtenances, outfalls and water quality measures, detention/retention basins, drainage pretreatment facilities, drainage ways/channels, pump stations, landscaping and irrigation; access roads, gates, and fencing; and striping and signage and other improvements related thereto.

Wastewater System Improvements: Authorized facilities include any and all wastewater facilities designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to, pipelines and all appurtenances thereto; manholes; tie-in to existing main lines; force mains; lift stations; upgrades to existing lift stations; odor-control facilities; and permitting related thereto; and related sewer system improvements.

Park, Parkway and Open Space Improvements: Authorized facilities include any and all improvements to parks, parkways and open space required for development of property within the CFD. These facilities include, but may not be limited to: grading, turf, shrubs and trees, landscaping irrigation, site lighting, drainage, sanitary sewer and water service, pedestrian and bicycle trails, protective fencing (including soundwalls), pedestrian/bicycle bridges, storm drain crossings, wetland mitigation, hawk mitigation for authorized facilities herein, access gates and fencing and related open space improvements. Authorized facilities include acquisition of any and all parkland as well as open space/bike trail/public access easements required for development of property within the CFD.

Specific Plan Infrastructure Fee Infrastructure: Authorized facilities include any and all improvements that are included in the Specific Plan Infrastructure Fee Program adopted by the City Council on September 8, 2015, including any future amendments thereto.

Specific Plan Infrastructure Fee Obligation: Subject to the provisions of the Act, authorized facilities include payment of the following SPIF obligations for all development that would be subject to SPIF obligations within the entire CFD:

- SPIF Infrastructure Fee (including the SPIF Set-Aside component)
- SPIF Public Facilities Land Equalization Fee Component
- SPIF Parkland Equalization Fee Component
- SPIF Administrative Fee.

Other Incidental Expenses and Bond Issuance Costs: In addition to the above facilities, other incidental expenses as authorized by the Mello-Roos Community Facilities Act of 1982, including, but not limited to, the cost of planning and designing the facilities (including the cost of environmental evaluation, remediation and mitigation); engineering and surveying; construction staking; utility relocation and demolition costs incidental to the construction of the public facilities; costs of project/construction management; costs (including the costs of legal services) associated with the formation of the Mello-Roos CFD; issuance of bonds (if any); determination of the amount of taxes; collection of taxes; payment of taxes; costs of calculating and providing reimbursements from one-time special tax payments; or costs otherwise incurred in order to carry out the authorized purposes of the CFD; and any other expenses incidental to the formation and implementation of the CFD and to the construction, completion, inspection and acquisition of the authorized facilities.

Services

The services to be financed by the CFD include the following:

- Open Space improvements, operations and management, monitoring, maintenance (including general maintenance, signage, City owned fence maintenance, trash and debris collection, and bike trails and their appurtenances [drainage culverts or pipes from adjacent subdivisions] within open space), creation and maintenance of fire breaks, Permits, Vandalism/Graffiti, Flood Conveyance (Vegetation/tree removals), Beaver dam removals, Outfall/drainage swale maintenance, Erosion control/bank stabilization, Native planting/replanting, Pre and post emergent, maintenance activities as required by a 404 permit and Operations and Management Plan-Conservation and Passive Recreation Open Space, dated June 9, 2017, and repair and replacement of facilities within open space areas in the Project Area.

- The maintenance of on-site landscape corridors and paseos designed to serve land uses within the CFD, including general maintenance, masonry walls, accent lighting, water and utility costs.
- The maintenance of streetlights, including any utility costs related thereto.
- The maintenance of medians, entries, and entry monumentation.
- Neighborhood park maintenance, and repair and replacement.
- Community amenities, such as a community clubhouse.
- Storm water management, water quality structural controls, including drainage swales constructed between storm drain facilities and receiving waters.
- Miscellaneous costs related to any of the items described above including planning, engineering, GIS, legal, and city and county administration costs.
- The levy of special taxes to accumulate sinking funds for anticipated future repairs or replacement costs of landscape corridors, irrigation facilities, medians, entries and entry monumentation, lighting, neighborhood parks, storm water management and other facilities maintained by the CFD as determined by the Administrator.

Annual maintenance functions and costs generally will include the installation, maintenance and servicing of ground cover, shrubs and trees, irrigation systems, street lighting, fencing, sound walls, sidewalks, monuments, enhanced open space maintenance including but not limited to maintaining the enhanced open space areas located adjacent to avoided or created habitat mitigation areas and other buffer areas between the enhanced open space and vertical development, bike trails, walkways, entry signage, street pavers, and labor, materials, supplies, utilities (including water and electricity) and equipment, as applicable, for property owned or maintained by the City. Annual maintenance costs include an allowance for long-term repair and replacement of improvements.

The CFD may fund any of the following related to the maintenance of the services described above: obtaining, repairing, reconstructing, furnishing, operating and maintaining equipment, apparatus or facilities related to providing the services and/or equipment, apparatus, facilities or fixtures in areas to be maintained, paying the salaries and benefits of the personnel necessary or convenient to provide the services, and other related expenses and the provision of reserves for repairs and replacements for the future provision of services. It is expected that the services will be provided by the City, either with its own employees or by contract with third parties, or any combination thereof. The CFD may also fund administrative fees of the City related to the CFD.

Facilities

The public facilities for Community Facilities District No. 23 (Folsom Ranch) (“CFD”) include the following:

Transportation Improvements: Eligible roadway improvements include, but are not limited to: acquisition of land and easements; roadway design; project management; bridge crossings and culverts; clearing, grubbing, and demolition; grading, soil import/export, paving (including slurry seal), and decorative/enhanced pavement concrete and/or pavers; joint trenches, underground utilities and undergrounding of existing utilities; dry utilities and appurtenances; curbs, gutters, sidewalks, bike trails (including onsite and off-site), enhanced fencing, and access ramps; street lights, signalization, and traffic signal control systems; bus turnouts; signs and striping; erosion control; median and parkway landscaping and irrigation; entry monumentation; bus shelters, Bus Rapid Transit improvements including transfer stations and regional public transit improvements; masonry walls; traffic control and agency fees; and other improvements related thereto. Eligible improvements for the roads listed herein also include any and all necessary underground potable and recycled water, sanitary sewer, and storm drainage system improvements. Authorized facilities include the following transportation improvements:

- All public roadway improvements designed to meet the needs of development within the CFD, including internal subdivision streets and related underground utilities.

Water System Improvements: Authorized facilities include any and all water facilities designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: water storage, treatment and distribution facilities including waterlines and appurtenances, gate valves, pressure reducing stations, flow meters, fire hydrants, and other improvements related thereto such as site clearing, grading and paving; curbs and gutters; booster pump stations and power; stand-by generators; site lighting, drainage, sanitary sewer, and water service; landscaping and irrigation; access gates, and fencing; and striping and signage.

Recycled Water System Improvements: Authorized facilities include any and all recycled water system facilities designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: treatment and distribution facilities including pipelines and appurtenances, gate valves, flow meters, booster pump pressurization system, and other improvements related thereto - such as site clearing, grading and paving; curbs and gutters; booster pump stations; stand-by generators; site lighting, drainage, sanitary sewer, and water service; landscaping and irrigation; access gates, and fencing; and striping and signage.

Drainage System Improvements: Authorized facilities include any and all drainage and storm drain improvements designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: excavation and grading, pipelines and appurtenances, outfalls and water quality measures, detention/retention basins, drainage pretreatment facilities, drainage ways/channels, pump stations, landscaping and irrigation; access roads, gates, and fencing; and striping and signage and other improvements related thereto.

Wastewater System Improvements: Authorized facilities include any and all wastewater facilities designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to, pipelines and all appurtenances thereto; manholes; tie-in to existing main lines; force mains; lift stations; upgrades to existing lift stations; odor-control facilities; and permitting related thereto; and related sewer system improvements.

Park, Parkway and Open Space Improvements: Authorized facilities include any and all improvements to parks, parkways and open space required for development of property within the CFD. These facilities include, but may not be limited to: grading, turf, shrubs and trees, landscaping irrigation, site lighting, drainage, sanitary sewer and water service, pedestrian and bicycle trails, protective fencing (including soundwalls), pedestrian/bicycle bridges, storm drain crossings, wetland mitigation, hawk mitigation for authorized facilities herein, access gates and fencing and related open space improvements. Authorized facilities include acquisition of any and all parkland as well as open space/bike trail/public access easements required for development of property within the CFD.

Specific Plan Infrastructure Fee Infrastructure: Authorized facilities include any and all improvements that are included in the Specific Plan Infrastructure Fee Program adopted by the City Council on September 8, 2015, including any future amendments thereto.

Specific Plan Infrastructure Fee Obligation: Subject to the provisions of the Act, authorized facilities include payment of the following SPIF obligations for all development that would be subject to SPIF obligations within the entire CFD:

- SPIF Infrastructure Fee (including the SPIF Set-Aside component)
- SPIF Public Facilities Land Equalization Fee Component
- SPIF Parkland Equalization Fee Component
- SPIF Administrative Fee.

Other Incidental Expenses and Bond Issuance Costs: In addition to the above facilities, other incidental expenses as authorized by the Mello-Roos Community Facilities Act of 1982, including, but not limited to, the cost of planning and designing the facilities (including the cost of environmental evaluation, remediation and mitigation); engineering and surveying; construction staking; utility relocation and demolition costs incidental to the construction of the public facilities; costs of project/construction management; costs (including the costs of legal services) associated with the formation of the Mello-Roos CFD; issuance of bonds (if any); determination of the amount of taxes; collection of taxes; payment of taxes; costs of calculating and providing reimbursements from one-time special tax payments; or costs otherwise incurred in order to carry out the authorized purposes of the CFD; and any other expenses incidental to the formation and implementation of the CFD and to the construction, completion, inspection and acquisition of the authorized facilities.

In 2023, the Rate and Method of Apportionment associated with the CFD was amended to remove the facilities special tax from the CFD. As of Fiscal Year 2023/24, the facilities special tax is no longer levied.

Services

The services to be financed by the CFD include the following:

- Open Space improvements, operations and management, monitoring, maintenance (including general maintenance, signage, City owned fence maintenance, trash and debris collection, and bike trails and their appurtenances [drainage culverts or pipes from adjacent subdivisions] within open space), creation and maintenance of fire breaks, Permits, Vandalism/Graffiti, Flood Conveyance (Vegetation/tree removals), Beaver dam removals, Outfall/drainage swale maintenance, Erosion control/bank stabilization, Native planting/replanting, Pre and post

emergent, maintenance activities as required by a 404 permit and Operations and Management Plan-Conservation and Passive Recreation Open Space, dated June 9, 2017, and repair and replacement of facilities within open space areas in the Project Area.

- The maintenance of on-site landscape corridors and paseos designed to serve land uses within the CFD, including general maintenance, masonry walls, accent lighting, water and utility costs.
- The maintenance of streetlights, including any utility costs related thereto.
- The maintenance of medians, entries, and entry monumentation.
- Neighborhood park maintenance, and repair and replacement.
- Community amenities, such as a community clubhouse.
- Storm water management, water quality structural controls, including drainage swales constructed between storm drain facilities and receiving waters.
- Miscellaneous costs related to any of the items described above including planning, engineering, GIS, legal, and city and county administration costs.
- The levy of special taxes to accumulate sinking funds for anticipated future repairs or replacement costs of landscape corridors, irrigation facilities, medians, entries and entry monumentation, lighting, neighborhood parks, storm water management and other facilities maintained by the CFD as determined by the Administrator.

Annual maintenance functions and costs generally will include the installation, maintenance and servicing of ground cover, shrubs and trees, irrigation systems, street lighting, fencing, sound walls, sidewalks, monuments, enhanced open space maintenance including but not limited to maintaining the enhanced open space areas located adjacent to avoided or created habitat mitigation areas and other buffer areas between the enhanced open space and vertical development, bike trails, walkways, entry signage, street pavers, and labor, materials, supplies, utilities (including water and electricity) and equipment, as applicable, for property owned or maintained by the City. Annual maintenance costs include an allowance for long-term repair and replacement of improvements.

The CFD may fund any of the following related to the maintenance of the services described above: obtaining, repairing, reconstructing, furnishing, operating and maintaining equipment, apparatus or facilities related to providing the services and/or equipment, apparatus, facilities or fixtures in areas to be maintained, paying the salaries and benefits of the personnel necessary or convenient to provide the services, and other related expenses and the provision of reserves for repairs and replacements for the future provision of services. It is expected that the services will be provided by the City, either with its own employees or by contract with third parties, or any combination thereof. The CFD may also fund administrative fees of the City related to the CFD.

Facilities

The public facilities for Community Facilities District No. 23 (Folsom Ranch) (“CFD”) include the following:

Transportation Improvements: Eligible roadway improvements include, but are not limited to: acquisition of land and easements; roadway design; project management; bridge crossings and culverts; clearing, grubbing, and demolition; grading, soil import/export, paving (including slurry seal), and decorative/enhanced pavement concrete and/or pavers; joint trenches, underground utilities and undergrounding of existing utilities; dry utilities and appurtenances; curbs, gutters, sidewalks, bike trails (including onsite and off-site), enhanced fencing, and access ramps; street lights, signalization, and traffic signal control systems; bus turnouts; signs and striping; erosion control; median and parkway landscaping and irrigation; entry monumentation; bus shelters, Bus Rapid Transit improvements including transfer stations and regional public transit improvements; masonry walls; traffic control and agency fees; and other improvements related thereto. Eligible improvements for the roads listed herein also include any and all necessary underground potable and recycled water, sanitary sewer, and storm drainage system improvements. Authorized facilities include the following transportation improvements:

- All public roadway improvements designed to meet the needs of development within the CFD, including internal subdivision streets and related underground utilities.

Water System Improvements: Authorized facilities include any and all water facilities designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: water storage, treatment and distribution facilities including waterlines and appurtenances, gate valves, pressure reducing stations, flow meters, fire hydrants, and other improvements related thereto such as site clearing, grading and paving; curbs and gutters; booster pump stations and power; stand-by generators; site lighting, drainage, sanitary sewer, and water service; landscaping and irrigation; access gates, and fencing; and striping and signage.

Recycled Water System Improvements: Authorized facilities include any and all recycled water system facilities designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: treatment and distribution facilities including pipelines and appurtenances, gate valves, flow meters, booster pump pressurization system, and other improvements related thereto - such as site clearing, grading and paving; curbs and gutters; booster pump stations; stand-by generators; site lighting, drainage, sanitary sewer, and water service; landscaping and irrigation; access gates, and fencing; and striping and signage.

Drainage System Improvements: Authorized facilities include any and all drainage and storm drain improvements designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to: excavation and grading, pipelines and appurtenances, outfalls and water quality measures, detention/retention basins, drainage pretreatment facilities, drainage ways/channels, pump stations, landscaping and irrigation; access roads, gates, and fencing; and striping and signage and other improvements related thereto.

Wastewater System Improvements: Authorized facilities include any and all wastewater facilities designed to meet the needs of development of property within the CFD. These facilities include, but may not be limited to, pipelines and all appurtenances thereto; manholes; tie-in to existing main lines; force mains; lift stations; upgrades to existing lift stations; odor-control facilities; and permitting related thereto; and related sewer system improvements.

Park, Parkway and Open Space Improvements: Authorized facilities include any and all improvements to parks, parkways and open space required for development of property within the CFD. These facilities include, but may not be limited to: grading, turf, shrubs and trees, landscaping irrigation, site lighting, drainage, sanitary sewer and water service, pedestrian and bicycle trails, protective fencing (including soundwalls), pedestrian/bicycle bridges, storm drain crossings, wetland mitigation, hawk mitigation for authorized facilities herein, access gates and fencing and related open space improvements. Authorized facilities include acquisition of any and all parkland as well as open space/bike trail/public access easements required for development of property within the CFD.

Specific Plan Infrastructure Fee Infrastructure: Authorized facilities include any and all improvements that are included in the Specific Plan Infrastructure Fee Program adopted by the City Council on September 8, 2015, including any future amendments thereto.

Specific Plan Infrastructure Fee Obligation: Subject to the provisions of the Act, authorized facilities include payment of the following SPIF obligations for all development that would be subject to SPIF obligations within the entire CFD:

- SPIF Infrastructure Fee (including the SPIF Set-Aside component)
- SPIF Public Facilities Land Equalization Fee Component
- SPIF Parkland Equalization Fee Component
- SPIF Administrative Fee.

Other Incidental Expenses and Bond Issuance Costs: In addition to the above facilities, other incidental expenses as authorized by the Mello-Roos Community Facilities Act of 1982, including, but not limited to, the cost of planning and designing the facilities (including the cost of environmental evaluation, remediation and mitigation); engineering and surveying; construction staking; utility relocation and demolition costs incidental to the construction of the public facilities; costs of project/construction management; costs (including the costs of legal services) associated with the formation of the Mello-Roos CFD; issuance of bonds (if any); determination of the amount of taxes; collection of taxes; payment of taxes; costs of calculating and providing reimbursements from one-time special tax payments; or costs otherwise incurred in order to carry out the authorized purposes of the CFD; and any other expenses incidental to the formation and implementation of the CFD and to the construction, completion, inspection and acquisition of the authorized facilities.

Services

The services to be financed by the CFD include the following:

- Open Space improvements, operations and management, monitoring, maintenance (including general maintenance, signage, City owned fence maintenance, trash and debris collection, and bike trails and their appurtenances [drainage culverts or pipes from adjacent subdivisions] within open space), creation and maintenance of fire breaks, Permits, Vandalism/Graffiti, Flood Conveyance (Vegetation/tree removals), Beaver dam removals, Outfall/drainage swale maintenance, Erosion control/bank stabilization, Native planting/replanting, Pre and post emergent, maintenance activities as required by a 404 permit and Operations and Management Plan-Conservation and Passive Recreation Open Space, dated June 9, 2017, and repair and replacement of facilities within open space areas in the Project Area.

- The maintenance of on-site landscape corridors and paseos designed to serve land uses within the CFD, including general maintenance, masonry walls, accent lighting, water and utility costs.
- The maintenance of streetlights, including any utility costs related thereto.
- The maintenance of medians, entries, and entry monumentation.
- Neighborhood park maintenance, and repair and replacement.
- Community amenities, such as a community clubhouse.
- Storm water management, water quality structural controls, including drainage swales constructed between storm drain facilities and receiving waters.
- Miscellaneous costs related to any of the items described above including planning, engineering, GIS, legal, and city and county administration costs.
- The levy of special taxes to accumulate sinking funds for anticipated future repairs or replacement costs of landscape corridors, irrigation facilities, medians, entries and entry monumentation, lighting, neighborhood parks, storm water management and other facilities maintained by the CFD as determined by the Administrator.

Annual maintenance functions and costs generally will include the installation, maintenance and servicing of ground cover, shrubs and trees, irrigation systems, street lighting, fencing, sound walls, sidewalks, monuments, enhanced open space maintenance including but not limited to maintaining the enhanced open space areas located adjacent to avoided or created habitat mitigation areas and other buffer areas between the enhanced open space and vertical development, bike trails, walkways, entry signage, street pavers, and labor, materials, supplies, utilities (including water and electricity) and equipment, as applicable, for property owned or maintained by the City. Annual maintenance costs include an allowance for long-term repair and replacement of improvements.

The CFD may fund any of the following related to the maintenance of the services described above: obtaining, repairing, reconstructing, furnishing, operating and maintaining equipment, apparatus or facilities related to providing the services and/or equipment, apparatus, facilities or fixtures in areas to be maintained, paying the salaries and benefits of the personnel necessary or convenient to provide the services, and other related expenses and the provision of reserves for repairs and replacements for the future provision of services. It is expected that the services will be provided by the City, either with its own employees or by contract with third parties, or any combination thereof. The CFD may also fund administrative fees of the City related to the CFD.
