RECOMMENDATION / CITY COUNCIL ACTION

The Finance Department recommends that the City Council receive and file the City of Folsom, the Folsom Redevelopment Successor Agency, the Folsom Public Financing Authority, the Folsom Ranch Financing Authority, and the South of 50 Parking Authority monthly Investment Reports for the month of June 2020.

BACKGROUND / ISSUE

Under the Charter of the City of Folsom and the authority granted by the City Council, the Finance Director is responsible for investing the unexpended cash of the City Treasury. The primary objectives of the City’s investment policy are to maintain the safety of investment principal, provide liquidity to meet the short and long-term cash flow needs of the City, and earn a market-average yield on investments. The City’s portfolio is managed in a manner responsive to the public trust and is consistent with state and local laws and the City’s investment policy. The Finance Department hereby submits the investment reports for the City of Folsom, the Folsom Redevelopment Successor Agency, the Folsom Public Financing Authority, the South of 50 Parking Authority, and the Folsom Ranch Financing Authority for the month of June 2020.

POLICY / RULE

1. Section 3.30.010(a) of the Folsom Municipal Code states “the term ‘city’ shall encompass the city of Folsom, the Folsom community *redevelopment agency*, and all other agencies and instrumentalities of the city under either the direct or indirect control of the city council, and this chapter regulates the investment of all moneys of those agencies.”
2. Section 3.30.030(f) of the Folsom Municipal Code states that “the city’s chief investment officer shall each month submit an investment report to the city council, which report shall include all required elements as prescribed by California Government code section 53646.”

4. Section 3.30.020(g) of the Folsom Municipal Code states that “all city cash shall be consolidated into one general bank account as set out in this code and invested on a pooled concept basis. Interest earnings shall be allocated to all city funds and subfunds according to fund and subfund cash and investment balance on at least a quarterly basis.”

ANALYSIS

The RDSA and FPFA list these amounts under “Cash” in their respective sections. Currently, the Folsom Ranch Financing Authority (FRFA) has no funds invested in Pooled Equity.

Investment Performance

The City’s Portfolio Management Summary report for the month of June 2020 is presented in attachment 1 to this report. Portfolio investment earnings (including pooled equity earnings for the RDSA and FPFA) for the three-month quarter ending June 30, 2020 totaled \$725,447. The total rate of return of the investment portfolio for the same period was 1.82%.

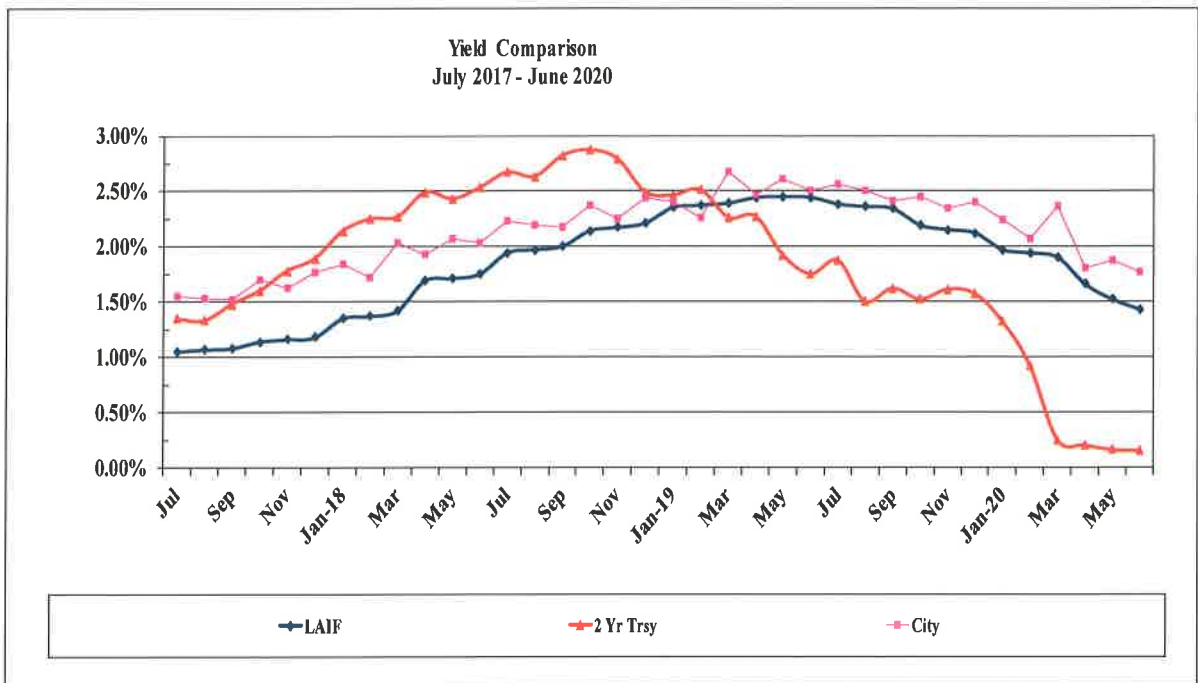

The following graph illustrates the total dollar amount and allocation percentages for June 30, 2019 and June 30, 2020. The percentages in this graph are based on book value.

A detailed listing of the portfolio holdings as of June 30, 2020 is included in Attachment 2 to this report.

The Local Government Investment Pool (LAIF) yield typically moves in the same direction as market yields, but is less volatile, lagging somewhat behind market moves. This can be seen in the chart on the next page, illustrating the historical monthly change in yield from July 2017 through June 2020 for LAIF and two-year US Treasury securities. The effective rate of return for the City Portfolio is also included.

The Federal Funds rate reached its post-2008 global economic downturn peak at 2.50% in December 2018. The Federal Open Market Committee (FOMC) began lowering the rate in July 2019, with three cuts resulting in the Federal Funds rate at 1.75% as of December 31, 2019. Due to the Covid-19 pandemic, the FOMC cut rates twice in March, by 50 basis points on March 3rd, and 1% on March 15th. The effect of these rate cuts was to push down borrowing costs to help consumers and businesses handle the financial challenges posed by the economic slowdown that has resulted from the pandemic. It is anticipated that the Federal Funds rate will remain at this effective floor for a considerable period of time, likely until 2023 or beyond.

A listing of transactions for the fourth quarter of fiscal year 2020 is included in Attachment 3 to this report.

These proceeds held by the Agency are broken out individually in the Portfolio Management Summary in Attachment 1.

The following table and graph illustrate the monthly balances and their respective percentage changes for the reporting period. Monthly fluctuations in cash and investments are the result of typical receipt of revenues less expenditures for operations, debt service, and capital improvements.
