Folsom City Council Staff Report

MEETING DATE:	2/22/2022
AGENDA SECTION:	Consent Calendar
SUBJECT:	Resolution No. 10801 - A Resolution Adopting the 2021 Sacramento County Multi-Jurisdictional Local Hazard Mitigation Plan Update
FROM:	Public Works Department

RECOMMENDATION / CITY COUNCIL ACTION

The Public Works Department recommends that the City Council pass and adopt Resolution No. 10801 – A Resolution Adopting the 2021 Sacramento County Multi-Jurisdictional Local Hazard Mitigation Plan Update.

BACKGROUND / ISSUE

The federal Disaster Mitigation Act of 2000 requires communities to develop a local hazard mitigation plan (LHMP) to remain eligible for federal hazard mitigation funding, with updates required every five years. Sacramento County and 28 other jurisdictions, including the City of Folsom, prepared the Plan update to the 2016 Sacramento County Local Hazard Mitigation Plan approved by the Federal Emergency Management Agency (FEMA). Sacramento County Department of Water Resources acted as the lead agency for the Plan, but staff from several City departments participated in various stages of the plan development and review including Public Works, Community Development, Fire, and Environmental and Water Resources. In addition, a consultant, Foster Morrison, LLC, was hired to assist with updating the Plan through a FEMA grant and local cost-sharing from the City and County.

The purpose of the Plan is to guide hazard mitigation planning to protect people and property from the effects of hazard events. Examples of the hazard events covered in the plan include flood, fire, earthquake, climate change, drought, and extreme wind events. The Plan was developed, among other things, to ensure continued eligibility for certain federal grants and disaster assistance.

Hazard mitigation planning is the process through which hazards that threaten communities are identified, likely impacts determined, risk mitigation goals set, and appropriate risk mitigation strategies determined, prioritized, and implemented. The Plan documents the hazard mitigation planning process and identifies relevant hazards and vulnerabilities. The Plan also identifies strategies the County, City, and other participating jurisdictions will use to decrease vulnerability and increase resiliency in the community.

The major goals for this 2021 update of the Plan are as follows:

1. Minimize risk and vulnerability of the Sacramento County community to the impacts of natural hazards, including consideration of the exacerbation of natural hazards and unique hazards due to climate change; and protect lives and reduce damages and losses to property, public health, economy, and the environment.
2. Provide protection for critical facilities, infrastructure, utilities, and services from hazard impacts, including hardening and other efforts to establish redundancy and reliability, to prevent or minimize loss, and to facilitate recovery.
3. Enhance public outreach, education, awareness, and preparedness for all hazards to minimize hazard-related losses and to include effective strategies for reaching underserved communities and vulnerable populations.
4. Increase community capabilities and leverage interagency and public-private coordination and resources to mitigate losses and to be prepared for, respond to, and recover from a disaster event.
5. Assure conformance to federal and state hazard mitigation initiatives and maximize the potential for mitigation implementation.

The California Office of Emergency Services and FEMA, Region IX officials have reviewed the Sacramento County Local Hazard Mitigation Plan and approved it contingent upon this official adoption of the participating governing body. This is a county-wide plan and each of the 28 participating jurisdictions are also adopting the Plan.

A copy of the Plan's Executive Summary is attached. The complete Plan is available at <https://waterresources.saccounty.net/stormready/Pages/2021-Local-Hazard-Mitigation-Plan.aspx>

POLICY / RULE

The adoption of the Plan by all participating agencies governing bodies is required prior to final approval by FEMA.

ANALYSIS

The Plan is consistent with the City of Folsom's 2035 General Plan's Emergency Preparedness goal to promote public safety through planning, preparedness, and emergency response to natural and human-made disasters.

The adoption of the Plan is necessary to be eligible to receive FEMA Hazard Mitigation Grants.

FINANCIAL IMPACT

There is no direct fiscal impact from approval of this plan; however, if pursued, several of the mitigation measures may need future funding. Maintaining an approved LHMP allows participating jurisdictions to apply for various state and federal grant funding programs.

ENVIRONMENTAL REVIEW

The proposed activity to adopt the Plan update is not a project pursuant to the California Environmental Quality Act (CEQA). The activity is a continuing administrative activity, such as policy and procedure making that would not result in a direct or indirect effect on the environment and is not subject to CEQA.

RESOLUTION NO. 10801

A RESOLUTION ADOPTING THE 2021 SACRAMENTO COUNTY MULTI-JURISDICTIONAL LOCAL HAZARD MITIGATION PLAN UPDATE

WHEREAS, the City of Folsom recognizes the threat that natural hazards pose to people and property within our community; and

WHEREAS, undertaking hazard mitigation actions will reduce the potential for harm to people and property from future hazard occurrences; and

WHEREAS, the U.S. Congress passed the Disaster Mitigation Act of 2000 (“Disaster Mitigation Act”) emphasizing the need for pre-disaster mitigation of potential hazards; and

WHEREAS, the Disaster Mitigation Act made available hazard mitigation grants to state and local governments; and

WHEREAS, an adopted Local Hazard Mitigation Plan is required as a condition of future funding for mitigation projects under multiple Federal Emergency Management Agency (FEMA) pre and post disaster mitigation grant programs; and

WHEREAS, the City of Folsom fully participated in the FEMA-prescribed mitigation planning process to prepare this local hazard mitigation plan; and

WHEREAS, the California Office of Emergency Services and FEMA, Region IX officials have reviewed the Sacramento County Local Hazard Mitigation Plan and approved it contingent upon this official adoption of the participating governing body; and

WHEREAS, the City of Folsom desires to comply with the requirements of the Disaster Mitigation Act and to augment its emergency planning efforts by formally adopting the Plan as it is referenced in the Safety and Noise Element of the City of Folsom General Plan in accordance with the requirements of California Assembly Bill 2140; and

WHEREAS, adoption by the City Council demonstrates the jurisdiction’s commitment to fulfilling the mitigation goals and objectives outlined in this Local Hazard Mitigation Plan; and

WHEREAS, a copy of this adoption resolution will be presented to the California Office of Emergency Services and to FEMA, Region IX officials to enable the Plan’s final approval in accordance with the requirements of the Disaster Mitigation Act and to establish conformance with the requirements of California Assembly Bill 2140.

NOW, THEREFORE, BE IT RESOLVED that the City of Folsom adopts the Sacramento County Local Hazard Mitigation Plan, dated September 2021.

PASSED AND ADOPTED this 22nd day of February 2022, by the following roll-call vote:

AYES: Councilmember(s):
NOES: Councilmember(s):

Executive Summary

This 2021 Local Hazard Mitigation Plan (LHMP) Update serves to update the 2016 Federal Emergency Management Agency (FEMA) approved Sacramento County LHMP. The purpose of hazard mitigation is to reduce or eliminate long-term risk to people and property from hazards. Sacramento County, 7 incorporated communities, and 24 special districts prepared this LHMP Update to the FEMA approved 2016 Sacramento County LHMP, in order to make the County and its residents less vulnerable to future hazard events.

This LHMP Update demonstrates the community's commitment to reducing risks from hazards and serves as a tool to help decision makers direct mitigation activities and resources. This LHMP Update was also developed, among other things, to ensure Sacramento County and participating jurisdictions' continued eligibility for certain federal disaster assistance: specifically, the FEMA Hazard Mitigation Grant Program (HMGP), Pre-Disaster Mitigation Program (PDM), and the Flood Mitigation Assistance Program (FMA).

Each year in the United States, natural disasters take the lives of hundreds of people and injure thousands more. Nationwide, taxpayers pay billions of dollars annually to help communities, organizations, businesses, and individuals recover from disasters. These monies only partially reflect the true cost of disasters, because additional expenses to insurance companies and nongovernmental organizations are not reimbursed by tax dollars. Many natural disasters are predictable, and much of the damage caused by these events can be alleviated or even eliminated. The purpose of hazard mitigation is to reduce or eliminate long-term risk to people and property from hazards.

LHMP Plan Development Process

Hazard mitigation planning is the process through which hazards that threaten communities are identified, likely impacts determined, mitigation goals set, and appropriate mitigation strategies determined, prioritized, and implemented. This LHMP Update documents the hazard mitigation planning process and identifies relevant hazards and vulnerabilities and strategies the County will use to decrease vulnerability and increase resiliency and sustainability in the community.

This is a multi-jurisdictional plan with the following seeking approval of the plan by FEMA:

This LHMP Update was prepared pursuant to the requirements of the Disaster Mitigation Act of 2000 (Public Law 106-390) and the implementing regulations set forth by the Interim Final Rule published in the Federal Register on February 26, 2002, (44 CFR §201.6) and finalized on October 31, 2007. The County and all participating jurisdictions followed a planning process prescribed by FEMA as detailed in Table ES-1.

The planning process began with the organizational phase to establish the Hazard Mitigation Planning Committee (HMPC) comprised of key County representatives, and other local and regional stakeholders; to involve the public; and to coordinate with other departments and agencies. A detailed risk assessment was then conducted followed by the development of a focused mitigation strategy by all participating jurisdictions or the Sacramento County Planning Area. Once approved by Cal OES and FEMA, this LHMP Update will be adopted and implemented by the County and all participating jurisdictions over the next five years.

Risk Assessment

The HMPC conducted a risk assessment that identified and profiled hazards that pose a risk to the County and participating jurisdictions, assessed the vulnerability of the Sacramento County Planning Area to these hazards, and examined the existing capabilities to mitigate them.

The Sacramento County Planning Area is vulnerable to numerous hazards that are identified, profiled, and analyzed in this Plan. Floods, earthquakes, drought, levee failures, landslides, wildfires, and other severe weather events are among the hazards that can have a significant impact on the County. Table ES-2 details the hazards identified for this Sacramento County LHMP Update.

Mitigation Strategy

Based on the results of the risk assessment, the participating jurisdictions and the HMPC developed a mitigation strategy for reducing the County's and all participating jurisdictions' risk and vulnerability to hazards. The resulting Mitigation Strategy for the Sacramento County Planning Area is comprised of LHMP goals and objectives and a mitigation action plan which includes a series of mitigation action projects and implementation measures. Based on the risk assessment, the HMPC identified goals and objectives for reducing the Sacramento County Planning Area's vulnerability to hazards. The goals and objectives of this multi-hazard mitigation plan are:

GOAL 1: Minimize risk and vulnerability of the Sacramento County community to the impacts of natural hazards, including consideration of the exacerbation of natural hazards and unique hazards due to climate change; and protect lives and reduce damages and losses to property, public health, economy, and the environment.

Goal 2: Provide protection for critical facilities, infrastructure, utilities, and services from hazard impacts, to include hardening and other efforts to establish redundancy and reliability, to prevent or minimize loss, and to facilitate recovery.

GOAL 3: Enhance public outreach, education, awareness, and preparedness for all hazards to minimize hazard related losses and to include effective strategies for reaching underserved communities and vulnerable populations.

GOAL 4: Increase community capabilities and leverage interagency and public-private coordination and resources to mitigate losses and to be prepared for, respond to, and recover from a disaster event.

GOAL 5: Assure conformance to federal and state hazard mitigation initiatives and maximize potential for mitigation implementation.

Actions to support these goals are shown on Table ES-3.
