The Finance Department recommends that the City Council receive and file the City of Folsom, the Folsom Redevelopment Successor Agency, the Folsom Public Financing Authority, the Folsom Ranch Financing Authority, and the South of 50 Parking Authority monthly Investment Reports for the month of December 2021.

### **BACKGROUND / ISSUE**

Under the Charter of the City of Folsom and the authority granted by the City Council, the Finance Director is responsible for investing the unexpended cash of the City Treasury. The primary objectives of the City's investment policy are to maintain the safety of investment principal, provide liquidity to meet the short and long-term cash flow needs of the City, and earn a market-average yield on investments. The City's portfolio is managed in a manner responsive to the public trust and is consistent with state and local laws and the City's investment policy. The Finance Department hereby submits the investment reports for the City of Folsom, the Folsom Redevelopment Successor Agency, the Folsom Public Financing Authority, the Folsom Ranch Financing Authority, and the South of 50 Parking Authority for the month of December 2021.

### POLICY / RULE

- 1. Section 3.30.010(a) of the <u>Folsom Municipal Code</u> states "the term 'city' shall encompass the city of Folsom, the Folsom community *redevelopment agency*, and all other agencies and instrumentalities of the city under either the direct or indirect control of the city council, and this chapter regulates the investment of all moneys of those agencies."
- 2. Section 3.30.030(f) of the Folsom Municipal Code states that "the city's chief investment officer shall each month submit an investment report to the city council, which report shall include all required elements as prescribed by California Government code section 53646."
- 3. <u>California Government Code</u>, Sections 53601 through 53659 sets forth the state law governing investments for municipal governments in California.
- 4. Section 3.30.020(g) of the Folsom Municipal Code states that "all city cash shall be consolidated into one general bank account as set out in this code and invested on a pooled concept basis. Interest earnings shall be allocated to all city funds and subfunds according to fund and subfund cash and investment balance on at least a quarterly basis."

### ANALYSIS

#### **Overview**

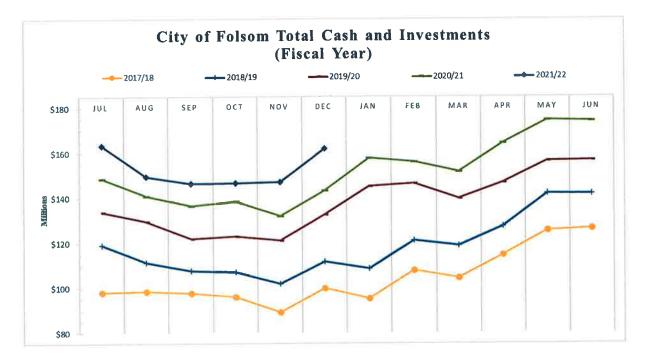

The City has diversified investments in accordance with the City Investment Policy and Government Code. The City of Folsom's total cash and investments are invested on a pooled basis as required by the Folsom Municipal Code.

The Portfolio Summary of the City's current report includes a "Pooled Equity Section" identifying the Redevelopment Successor Agency's (RDSA) and Folsom Public Financing Authority's (FPFA) portion of the investment pool. The RDSA and FPFA list these amounts under "Cash" in their respective sections. Currently, the Folsom Ranch Financing Authority (FRFA) has no funds invested in Pooled Equity.

### **Total Cash and Investments**

The following graph illustrates the City's monthly cash and investment balances for fiscal years 2018 through 2022. Monthly fluctuations in cash and investments are the result of typical receipt of revenues less expenditures for operations, debt service, and capital improvements. As of December 31, 2021, the City's cash and investments totaled \$161,954,751; an increase of \$18,610,988 (13%) from December 31, 2020.

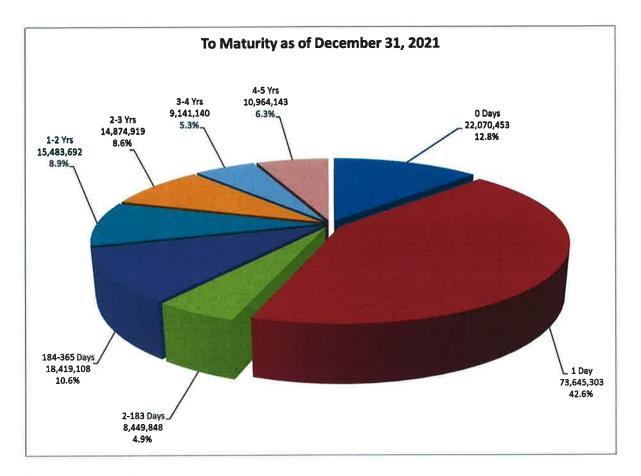

The following chart shows the City's monthly cash and investment balances and percentage change for Fiscal Year 2021-22 along with the yearly dollar and percentage changes.

Total City Cash and Investments

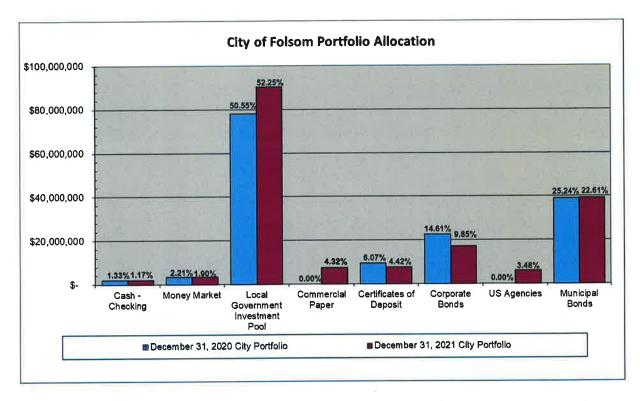

The City's projected cash needs for the next six months are sufficiently provided for by anticipated revenues and the liquidity of its cash and investments. In addition, in accordance with Section 3.30.020(c) of the Municipal Code, less than 50% of the City's total cash is invested for a period longer than one year.

#### **Investment Performance**

The City's Portfolio Management Summary report for the month of December 2021 is presented in Attachment 1 to this report. Portfolio investment earnings (including pooled equity earnings for the RDSA and FPFA) for the three-month quarter ended December 31, 2021 totaled \$324,878. The total rate of return of the investment portfolio for the same period was 0.85%.

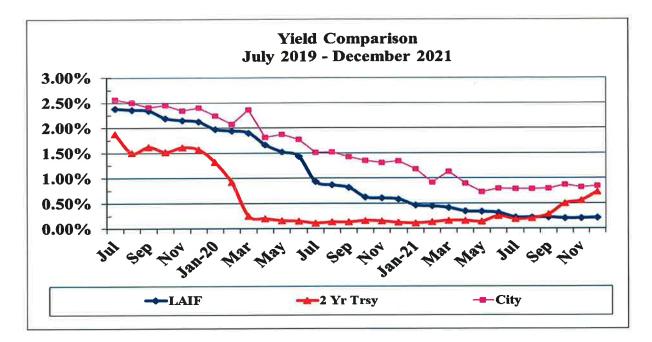

The following graph illustrates the total dollar amount and allocation percentages for December 31, 2020 and December 31, 2021. The percentages in this graph are based on book value.

A detailed listing of the portfolio holdings as of December 31, 2021 is included in Attachment 2 to this report.

The Local Government Investment Pool (LAIF) yield typically moves in the same direction as market yields, but is less volatile, lagging somewhat behind market moves. This can be seen in the chart on the next page, illustrating the historical monthly change in yield from July 2019 through December 2021 for LAIF and two-year US Treasury securities. The effective rate of return for the City Portfolio is also included.

The Federal Funds rate reached its post-2008 global economic downturn peak at 2.50% in December 2018. The Federal Open Market Committee (FOMC) began lowering the rate in July 2019, with three cuts resulting in the Federal Funds rate at 1.75% as of December 31, 2019. Due to the Covid-19 pandemic, the FOMC cut rates twice in March 2020, by 50 basis points on March 3rd, and 1% on March 15th. The effect of these rate cuts was to push down borrowing costs to help consumers and businesses handle the financial challenges posed by the economic slowdown that resulted from the pandemic. The Fed has maintained these low rates for two years, despite inflationary pressure to raise them, due to weak labor market figures. With the unemployment rate returning to pre-pandemic levels (3.8% February 2022 vs. 3.5% February 2020), the Fed has signaled they intend to raise the Federal Funds rate at their March 15-16, 2022 meeting, most likely by 25 basis points. The expectation has been for two or three more rate increases during 2022, but the Russian invasion of Ukraine and the sanctions associated with the conflict has thrown uncertainty into these expectations, as the war is likely to worsen inflation, but also simultaneously slow the economy through higher oil and gas prices and a falling stock market.

A listing of transactions for the second quarter of fiscal year 2022 is included in Attachment 3 to this report.

#### Folsom Redevelopment Successor Agency

These proceeds held by the Agency are broken out individually in the Portfolio Management Summary in Attachment 1.
