Folsom City Council Staff Report

MEETING DATE:	12/13/2022
AGENDA SECTION:	New Business
SUBJECT:	Report on Traffic Roundabout Fact-Finding Mission and Direction to Staff Regarding Future Consideration of a Traffic Roundabout Policy
FROM:	Public Works Department

BACKGROUND / ISSUE

The Public Works Department recently conducted a fact-finding mission to visit communities that are in the process of implementing “roundabout first” policies when determining what form of traffic control should be implemented at intersections in their communities. Staff and consultants from Kimley-Horn & Associates will provide a summary of the mission, discuss the general challenges and opportunities associated with the use of roundabouts in lieu of traffic signals, and will seek direction whether or not to bring a roundabout policy to Council for future consideration.

Submitted,

Mark Rackovan, PUBLIC WORKS DIRECTOR
