RECOMMENDATION / CITY COUNCIL ACTION

Staff recommends that the City Council adopt Resolution No. 11666 - A Resolution Authorizing Submission to the Qualified Voters of the City of Folsom at the General Municipal Election to be Held on Tuesday, November 3, 2026, a Ballot Measure Amending City Charter Section 4.07 to Confirm that the City Council May Grant Decision Making Authority to Boards and Commissions by Ordinance; Directing the City Attorney to Prepare an Impartial Analysis of the Proposed Measure; Authorizing the filing of Primary and

Rebuttal Arguments and Setting Rules for the Filing of Written Arguments Regarding the Proposed Measure.

Staff further recommends that the City Council conduct the second reading and approve submission to the voters of Ordinance 1372 - An Ordinance of the People of the City of Folsom Amending Section 4.07, "Boards and Commissions," of the City Charter to Confirm that the City Council May Grant Decision Making Authority to Boards and Commissions by Ordinance.

BACKGROUND:

On December 9, 2025, the City Council adopted Resolution No. 11525, establishing the 2026 Ad Hoc Charter Review Committee. The Committee was tasked with reviewing the City Charter and recommending appropriate updates and changes to the City Council. Resolution No. 11525 directed the Committee to submit a report to the City Council containing its recommendations.

The Committee performed its work over five meetings, held from March 4, 2026 to May 4, 2026. During these meetings, the Committee conducted a review of the City Charter and ultimately approved recommended language changes to seven sections of the Charter and one section of the Folsom Municipal Code that was an initiative measure passed by a vote of the people in 1994.

Resolution No. 11525 created the 2026 Ad Hoc Charter Review Committee as a Brown Act Committee, so the Committee's meetings were open to the public. Members of the public attended the final three meetings and addressed the Committee on many of the items considered.

On May 12, 2026, the 2026 Ad Hoc Charter Review Committee's Report was submitted to the City Council, and a public hearing was held on the eight amendments recommended by the Committee. Following the public hearing, the City Council deliberated and passed Resolution No. 11613, receiving the 2026 Ad Hoc Charter Review Committee Report to City Council with recommended amendments and dissolving the Committee.

The Council engaged in further deliberation and ultimately voted 4-0, with one absent, not to submit five of the eight Charter amendments proposed by the Charter Review Committee to the voters at the November 3, 2026 election.

The Council also directed staff to return on May 26, 2026, for further consideration of whether to submit to the voters at the November 3, 2026 election any of the three remaining amendments recommended by the Committee.

On May 26, 2026, staff presented to the Council conceptual language for the following Charter and Folsom Municipal Code amendments which, if approved by the Council on July 14, 2026, will be submitted to the voters at the November 3, 2026 election:

1. **Section 4.03 - City Attorney:** to change how the City Attorney is appointed, from the current system in which the City Manager appoints the City Attorney, to a system in which the City Council appoints the City Attorney, and related operational changes.
2. **Section 4.07 – Boards and Commissions:** strike language that all City Boards and Commissions are only advisory to the Council, confirming that the Council may set the powers and duties of Boards and Commissions by ordinance.
3. **Folsom Municipal Code § 2.48.030 – Campaign contribution limitation:** increase the campaign contribution limit from \$150 to \$500 per donor per election on campaigns for Folsom City Council.

Staff also presented information on the cost of putting these measures on the ballot.

The Council deliberated and then voted 4-1 to move forward with the next steps necessary to submit all three measures to the voters in November.

POLICY/RULE:

Charter Amendment

City Charter section 8.01 governs Charter amendments, which may be framed and proposed in several ways, including by an ordinance of the City Council containing the full text of the proposed amendment. Charter amendments must be approved by a majority of the voters of the City at a regular election.

Pursuant to City Charter section 2.12(A), no City ordinance shall contain more than one subject, which shall be clearly expressed in its title.

Elections

Elections Code Section 9255 and Government Code Section 34458 provide that a proposal to amend a city charter proposed by the governing body of a city shall be submitted to the voters at an established Statewide General Election.

Pursuant to Folsom Municipal Code Section 2.40.010, the date of the General Municipal Election shall be the same date as the Statewide General Election in even numbered years. Elections Code Section 10400 establishes that, whenever two elections are to be held on the same day, they may be consolidated. In addition, Elections Code Section 10403 sets forth the requirement that jurisdictions file a resolution requesting consolidation with the local county board of supervisors.

The rules governing arguments in favor of and against City ballot measures are contained in Elections Code Sections 9281 through 9287. For measures placed on the ballot by the City Council, the City Council or a member or members of the Council authorized by the Council may file a written argument for or against any city measure, as may any individual voter

eligible to vote on the measure or a bona fide association of citizens, or a combination of voters and associations. If more than one argument for or against a City measure is submitted, the City Clerk must give preference and priority to the argument submitted by the City Council or a member or members of the Council authorized by that body. Consistent with state law, the County establishes deadlines by which arguments concerning ballot measures, and rebuttals to those arguments must be submitted.

Elections Code Section 9280 provides that the City Attorney shall prepare an impartial analysis of any City ballot measure, except for a measure affecting the organization or salaries of the Office of the City Attorney. The City Council may direct the City Clerk to prepare the impartial analysis for any such ballot measure. Additional regulations affecting preparation of the impartial analysis are contained in Elections Code section 9280.

Elections Code Section 9285 governs rebuttal arguments. The City Clerk must send a copy of the argument in favor of a City ballot measure to the authors of the argument against the measure and a copy of the argument against a City ballot measure to the authors of the argument in favor of the measure. The author(s) of the original argument relating to a City measure may prepare and submit a rebuttal argument or may authorize someone else to do so.

The full text of a City ballot measure may be but is not required to be printed in the voter information guide. Voters may publicly examine and/or obtain from the City Clerk a complete copy of the Ordinance and the Resolution authorizing submission of the ballot measure to the voters.

ANALYSIS

Approval of Resolution No. 11666, conducting the second reading of Ordinance No. 1372, and approving submission of the associated ballot measure to the voters are the final procedural steps necessary for the Council to submit the proposed amendment of City Charter Section 4.07 to the voters at the Statewide General Election on November 3, 2026.

Although the language of Section 4.07 states that the “City Council may by ordinance create other Boards and Commissions and prescribe their powers and duties, determine the number and qualification of the members, their method of selection, term of office and removal, and fix their compensation, if any” the same Section also states that “[a]ll boards and commissions only shall be advisory to the Council.” These two sentences are inconsistent, with the first one giving City Council authority to prescribe the powers and duties of Boards and Commissions by ordinance, and the second one restricting the City Council’s authority to do just that. If approved, the proposed amendment will remove the language stating that Boards and Commissions only shall be advisory to the Council. This will confirm that the Council may by ordinance prescribe the powers and duties of Boards and Commissions, as stated in the first sentence of Section 4.07. Without this amendment, the Council would have to amend the Charter through a vote of the people in order to grant decision making authority to a Board or Commission not specifically listed in the Charter.

If the ballot measure is approved, City Council will have the flexibility to determine which Boards and Commissions should have decision making authority, as opposed to the lesser authority of only advising the Council. Staff submits that granting decision making authority to Boards and Commissions will reduce costs, save time, and cut red tape for residents, companies, and others doing business with the City by streamlining necessary approvals. Any decision made by a City Board or Commission will remain appealable to the City Council, providing accountability for the Boards and Commissions and an avenue for relief to those who feel aggrieved by such a decision. If the Council later determines that a Board or Commission should not have decision making authority, it can modify those powers and duties by ordinance.

The Historic District Commission in particular will likely be affected if the proposed amendment is approved by the voters. When it was established by the Council via ordinance in 1998, the Historic District Commission was intended to review and approve or deny the design of new buildings and the proposed alteration to existing buildings within the Historic District. It was also intended to review and approve or deny applications for other land use entitlements like conditional use permits, variances, and certain land divisions or mergers within the Historic District. Given the language in Section 4.07 that “[a]ll boards and commissions only shall be advisory to the Council”, the original intent for the Historic District Commission (HDC) has been frustrated and all decisions of the HDC must be reviewed and approved by the Council. This practice has resulted in increased costs, unnecessary delays, and extra bureaucracy for those attempting to develop property or even remodel their home in the Historic District. If the proposed Charter amendment is approved by the voters, the City Council will have authority to confirm that the HDC has final decision making authority, as anticipated at its inception and as described in Folsom Municipal Code Chapter 17.52.

FINANCIAL IMPACT:

The Sacramento County Registrar of Voters has estimated the election cost for three Councilmembers at approximately \$65,000. If ballot measures are also added to the election, the cost will be approximately \$83,000 for the first measure, and \$12,200 for each additional measure. Funds have been included in the FY 2026/27 budget to cover these costs.

ENVIRONMENTAL REVIEW

The proposed Charter amendment is not a project for purposes of CEQA because CEQA only applies to activities that may cause either a direct physical change in the environment or a reasonably foreseeable indirect physical change in the environment. Because the proposed Charter amendment relates to organizational or administrative activities of governments that will not result in direct or indirect physical changes in the environment, the proposed Charter amendment does not have the potential to cause a physical change in the environment directly or indirectly, and is not a project subject to CEQA. (Public Resources Code §§ 21065; 21080(a); CEQA Guidelines §§ 15060(c), (2), (3); 15378(b)(2).) If for any reason the

proposed Charter amendment is considered a project, it is exempt from CEQA review pursuant to CEQA Guidelines § 15061(b)(3) because it can be seen with certainty that there is no possibility the activity in question may have a significant effect on the environment.
