## **BACKGROUND / ISSUE**

The City of Folsom, like many surrounding jurisdictions, has experienced a notable increase in the use of electric bicycles (E-bikes) and e-scooters, particularly by juveniles. In some instances, these electric vehicles have been operated unsafely causing traffic safety concerns. The Folsom Police Department has worked in collaboration with the Folsom Cordova School District to conduct education at the middle schools and has also conducted enforcement within the community. Staff will provide an overview and update on the most recent data, law, and enforcement and education strategies.

The presentation will be delivered by Chief Adam Green.
