**RECOMMENDATION / CITY COUNCIL ACTION**

Conduct a second reading of and move to adopt Ordinance No. 1346 - An Uncodified Ordinance to amend the zoning district for a 2.47-acre parcel (Lot 1, Assessor Parcel Number 071-1970-003) from R-1-ML (Residential, Single-Family Dwelling, Medium Lot District) and A-1-A (Agricultural-Reserve District) to R-1-ML and to amend the zoning district for a 2.14-acre parcel (Lot 2, Assessor Parcel Number 071-1970-004) from A-1-A to R-1-ML for the 1000 East Natoma Rezone to Residential project (Second Reading and Adoption).

**BACKGROUND / ISSUE**

The subject parcels are located at 1000 and 1010 East Natoma Street, on the north side of East Natoma Street, east of the intersection of Briggs Ranch Road/Folsom Point Road and East Natoma Street. Single-family residential development is located to the south and east, with a church use to the west across Folsom Point Road, and the Folsom Lake State Recreation Area abuts the parcels to the north. The parcels have rolling topography, with driveways from both Folsom Point Road and East Natoma Street serving the parcels. 1000 East Natoma is developed with a 3,870 square foot single-family residence built in 1980 and 1010 East Natoma with a 1,200 square foot garage with an unknown build date.

In 2003, a Director-level Design Review for minor improvements to the residence at 1000 East Natoma was approved (Project Number AR03-00236). Minor building permits have been approved over the ensuing 20 years for general residential maintenance. The parcels were sold to the current owners in 2018 and used as rental property. In 2020, City staff were made aware that the residence at 1000 East Natoma was being used as a short-term rental and event venue, though their business license for that location was only for a property rental. Multiple violation notices were issued over the next few years for noise and use complaints. In 2023, the owners were informed by staff that continued use of the property as a vacation rental and/or event center would require rezoning the property and approval of a Conditional Use Permit.

Rather than pursue entitlements to legitimize current uses, the owners decided to place the parcels up for sale. City staff were approached by representatives of a religious congregation (Foundation Lutheran) in early 2024 to discuss whether a church could be established on the site. Staff informed the representatives that the current zoning of A-1-A that covers most of the site does not allow church use. However, a rezoning to a residential zone, such as R-1-ML, which does permit churches with a use permit, would be supported as it would make the zoning consistent with the site's General Plan land use designation of SF (Single Family). The representatives moved forward with submitting a request to rezone the parcels to R-1-ML and are undergoing pre-application review for a proposed church facility on the site. If Council approves the rezone, the applicant would still be required to obtain a separate Conditional Use Permit from the Planning Commission.

On May 15, 2024, the Planning Commission held a public hearing to consider the 1000 East Natoma Rezone to Residential project. The Commission asked if this rezoning would impact any active agricultural uses or require a rezoning of other properties to make up for the loss of agriculturally zoned land. Staff confirmed that the properties are not used for agricultural purposes, and that there is no requirement to rezone other properties to make up for the reduction of agriculturally zoned land. Staff further clarified that the intent of the A-1-A zoning district is to provide areas for interim agricultural or livestock grazing uses until services are available to support urban development, which is the case in this situation. There were no public comments on the proposal, and the Planning Commission voted 6-0-1 (one Commissioner absent) to recommend approval of the request, based on the findings included in the Planning Commission report.

### **POLICY / RULE**

Per the requirements of Government Code Section 65860, a city's zoning ordinance must be consistent with its general plan. If a zoning ordinance is inconsistent with a general plan, the zoning ordinance should be amended within a reasonable time so that it is consistent with the general plan.

Folsom Municipal Code (FMC) Sections 17.68.040 and 17.68.050 require that applications for rezones be forwarded to the City Council for final action with a recommendation from the Planning Commission.

## ANALYSIS

### Conformance with Relevant General Plan Goals and Policies

The City of Folsom General Plan (2035) outlines a number of goals, policies, and implementation programs designed to guide the physical, economic, and environmental growth of the City. Staff has determined that the proposed project is consistent with the General Plan goals and policies as outlined and discussed below:

#### *GP POLICY LU 1.1.1 (Zoning Ordinance)*

Ensure that the Folsom Zoning Ordinance is consistent with the policies and programs of the General Plan.

Analysis: The proposed project is consistent with this policy in that it includes rezoning the project site from R-1-ML and A-1-A to R-1-ML. The General Plan designation of SF allows for 2 to 4 dwelling units per acre. The A-1-A zoning district requires a minimum lot size of 50 acres and restricts urban development. The R-1-ML zoning district, in contrast, requires a minimum lot size of 10,000 square feet, which would allow up to four dwelling units per acre. Changing the zoning on the project site to R-1-ML both cleans up the error of two zoning districts on one parcel and allows for the type of development density contemplated by the SF designation.

#### *GP POLICY LU 6.1.1 (Complete Neighborhoods)*

Encourage the establishment of “complete neighborhoods” that integrate schools, childcare centers, parks, shopping and employment centers, and other amenities.

Analysis: The proposed project is consistent with this policy in that the project includes rezoning the project site from R-1-ML and A-1-A to R-1-ML. The uses permitted in the A-1-A zoning district are limited to agricultural and livestock grazing and accessory residential. The R-1-ML zoning district, in contrast, allows single-family residential uses by right and conditionally permits uses such as schools, golf courses, and churches that can serve as amenities to the surrounding residential neighborhoods. Changing the zoning on the project site to R-1-ML allows for the potential for a more “complete neighborhood” as encouraged by this General Plan policy.

### General Plan and Zoning Consistency

The General Plan land use designation for the two parcels is SF (Single Family) and the zoning districts are R-1-ML and A-1-A for 1000 East Natoma Street, and A-1-A for 1010 East Natoma Street. The existing General Plan land use designation (SF) and the existing zoning district of A-1-A are not consistent with each other as the SF General Plan land use designation is intended to provide opportunities for development of single-family detached homes and single-family attached homes, while the A-1-A zoning district was established to provide areas for interim agricultural and livestock grazing uses until such time as community services are available for urban development. As described in the background section of this staff report, the project site is developed with one single family residence on APN 071-1970-003 and an outbuilding on APN 071-1970-004. The two parcels have been sold and used together, despite parcelization in 1981.

Adjacent parcels along East Natoma Street have General Plan land use (SF to the west and SFHD [Single Family High Density] to the east) and zoning (R-1-ML to the west and R-1-M (PD) [Single Family Residential - Small Lot-Planned Development]) districts to the west that are consistent with each other. The proposed rezone to change the zoning for the subject parcels from R-1-ML/A-1-A and A-1-A would result in the General Plan land use and the zoning districts being consistent with each other in the same manner as adjacent properties to the west.

Further, residential development was contemplated for this site as demonstrated by the SF General Plan land use designation. The proposed rezone is warranted to remove the split zoning on the project site and allow for the urban development called for in the parcel's existing SF General Plan designation. Staff determined that development allowed by the proposed R-1-ML zoning, either by right or with a Conditional Use Permit, would be compatible with existing land uses in the project area and that the request is consistent with all relevant General Plan goals and policies. Finally, urban services (water and sewer) are available to the property, which negates the need to retain the A-1-A zoning district. As a result, staff is supportive of the rezone.

### **FINANCIAL IMPACT**

No financial impact is anticipated with approval of the rezone.

### **ENVIRONMENTAL REVIEW**

An Environmental Impact Report was previously approved for the City of Folsom General Plan on August 28, 2018, in accordance with the requirements of the California Environmental Quality Act (CEQA). Staff has determined that no new impacts will result from the proposed project that were not already considered with the previous approval because the General Plan land use designation for both parcels is already SF. The project therefore does not require additional environmental review under Section 15183 (Projects Consistent with a Community Plan, General Plan, or Zoning) of the CEQA Guidelines. Further, per the requirements of Government Code Section 65860, residential development is already allowed as permitted by the SF General Plan land use designation even though the current agricultural zoning conflicts with the SF designation. This eliminates the need to analyze potential impacts from a possible increase in density due to the proposed rezone. Finally, any new site development is discretionary and would require subsequent project-specific CEQA review.

## ATTACHMENT 1 DESCRIPTION/ ANALYSIS

### APPLICANT'S PROPOSAL

The applicant, David Koelpin, is requesting approval of a rezone for two parcels totaling approximately 4.3 acres at the northeast corner of East Natoma Street and Folsom Point Road from a split zone of R-1-ML and A-1-A for 1000 East Natoma Street, and A-1-A for 1010 East Natoma Street, to R-1-ML for both parcels. This will make the zoning consistent with the parcels' SF General Plan designation and allow for the potential of a church use with a Conditional Use Permit under Section 17.12.030 of the Folsom Municipal Code (FMC). No site development is proposed as part of this rezone request.

### POLICY/RULE

Per the requirements of Government Code Section 65860, a city's zoning ordinances must be consistent with its general plan. If a zoning ordinance is inconsistent with a general plan, the zoning ordinance should be amended within a reasonable time so that it is consistent with the general plan.

Folsom Municipal Code (FMC) Chapters 17.68.040 and 17.68.50 require that applications for rezones be forwarded to the City Council for final action with a recommendation from the Planning Commission.

### ANALYSIS

#### Conformance with Relevant General Plan Goals and Policies

The City of Folsom General Plan (2035) outlines a number of goals, policies, and implementation programs designed to guide the physical, economic, and environmental growth of the City. Staff has determined that the proposed project is consistent with the General Plan goals and policies as outlined and discussed below:

#### *GP POLICY LU 1.1.1 (Zoning Ordinance)*

Ensure that the Folsom Zoning Ordinance is consistent with the policies and programs of the General Plan.

Analysis: The proposed project is consistent with this policy in that it includes rezoning the project site from R-1-ML and A-1-A to R-1-ML. The General Plan designation of SF allows for 2 to 4 dwelling units per acre. The A-1-A zoning district requires a minimum lot size of 50 acres and restricts urban development. The R-1-ML zoning district, in contrast, requires a minimum lot size of 10,000 square feet, which would allow up to four dwelling units per acre. Changing the zoning on the project site to R-1-ML both cleans up the error of two zoning designations on one lot and allows for the type of development density contemplated by the SF designation.

*GP POLICY LU 6.1.1 (Complete Neighborhoods)*

Encourage the establishment of “complete neighborhoods” that integrate schools, childcare centers, parks, shopping and employment centers, and other amenities.

Analysis: The proposed project is consistent with this policy in that the project includes rezoning the project site from R-1-ML and A-1-A to R-1-ML. The uses permitted in the A-1-A zoning district are limited to agricultural and livestock grazing and accessory residential. The R-1-ML zoning district, in contrast, allows single-family residential uses by right and conditionally permits uses such as schools, golf courses, and churches that can serve as amenities to the surrounding residential neighborhoods. Changing the zoning on the project site to R-1-ML allows for the potential for a more “complete neighborhood” as encouraged by this General Plan policy.

General Plan and Zoning Consistency

The General Plan land use designation for the two parcels is SF (Single Family) and the zoning designations are R-1-ML and A-1-A for 1000 East Natoma Street, and A-1-A for 1010 East Natoma Street. The existing General Plan land use designation (SF) and the existing zoning designation of A-1-A are not consistent with each other as the SF General Plan land use designation is intended to provide opportunities for development of single-family detached homes and single-family attached homes, while the A-1-A zoning designation was established to provide areas for interim agricultural and livestock grazing uses until such time as community services are available for urban development. As described in the background section of this staff report, the project site is developed with one single family residence on APN 071-1970-003 and an outbuilding on APN 071-1970-004. The two parcels have been sold and used together, despite parcelization in 1981.

Adjacent parcels along East Natoma Street have General Plan land use (SF to the west and SFHD [Single Family High Density] to the east) and zoning (R-1-ML to the west and R-1-M (PD) [Single Family Residential - Small Lot/Planned Development]) designations to the west that are consistent with each other. Images of the site and the zoning designations of the surrounding parcels are provided in Attachments 4 and 5 respectively. The proposed rezone to change the zoning for the subject parcels from R-1-ML/A-1-A and A-1-A would result in the General Plan land use and the zoning designations being consistent with each other in the same manner as adjacent properties to the west.

Further, residential development was contemplated for this site as demonstrated by the SF General Plan land use designation. The proposed rezone is warranted to remove the split zoning on the project site and allow for the urban development called for in the parcel's existing SF General Plan designation. Staff determined that development allowed by the proposed R-1-ML zoning, either by right or with a Conditional Use Permit, would be compatible with existing land uses in the project area and that the request is consistent with all relevant General Plan goals and policies. Finally, urban services (water and sewer) are available to the property, which negates the need to retain the A-1-A zoning designation. As a result, staff is supportive of the rezone.

### **ENVIRONMENTAL REVIEW**

An Environmental Impact Report was previously approved for the City of Folsom General Plan on August 28, 2018, in accordance with the requirements of the California Environmental Quality Act (CEQA). Staff has determined that no new impacts will result from the proposed project that were not already considered with the previous approval because the General Plan land use designation for both parcels is already SF. The project therefore does not require additional environmental review under Section 15183 (Projects Consistent with a Community Plan, General Plan, or Zoning) of the CEQA Guidelines. Further, per the requirements of Government Code Section 65860, residential development is already allowed as permitted by the SF General Plan land use designation even though the current agricultural zoning conflicts with the SF designation. This negates the need to analyze potential impacts from a possible increase in density due to the proposed rezone. Finally, any new site development is discretionary and would require subsequent project-specific CEQA review.

### **RECOMMENDATION/PLANNING COMMISSION ACTION**

Move to recommend that the City Council approve a rezone for two parcels totaling approximately 4.3 acres at the northeast corner of East Natoma Street and Folsom Point Road from split zoning between R-1-ML and A-1-A (1000 East Natoma), and A-1-A (1010 East Natoma), to R-1-ML for both parcels as illustrated on Attachment 5 for the 1000 East Natoma Rezone to Residential Project (ZCAM24-00112) based on the findings (Findings A-I) attached to this report.

### **GENERAL FINDINGS**

- A. NOTICE OF HEARING HAS BEEN GIVEN AT THE TIME AND IN THE MANNER REQUIRED BY STATE LAW AND CITY CODE.
- B. WITH THE PROPOSED AMENDMENT, THE PARCEL ZONING IS CONSISTENT WITH THE GENERAL PLAN OF THE CITY.

### **REZONE FINDING**

- C. FOR THE REASONS DESCRIBED IN THIS REPORT, THE PUBLIC NECESSITY AND CONVENIENCE AND THE GENERAL WELFARE REQUIRE A REZONE OF THE SUBJECT PROPERTY FROM A-1-A TO R-1-ML.

### **CEQA FINDINGS**

- D. AN ENVIRONMENTAL IMPACT REPORT (EIR) WAS PREVIOUSLY APPROVED FOR THE CITY OF FOLSOM GENERAL PLAN ON AUGUST 28, 2018, IN

ACCORDANCE WITH THE REQUIREMENTS OF THE CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA).

- E. THE PROPOSED REZONING WILL RESULT IN PARCEL ZONING CONSISTENT WITH THE GENERAL PLAN DESIGNATION.
- F. THE PROPOSED REZONING WILL KEEP THE PARCEL CONSISTENT WITH THE DEVELOPMENT DENSITY APPROVED IN THE GENERAL PLAN.
- G. NO NEW IMPACTS WILL RESULT FROM THE PROPOSED REZONE THAT WERE NOT ALREADY CONSIDERED WITH THE PREVIOUS APPROVAL OF THE GENERAL PLAN EIR.
- H. ANY DEVELOPMENT APPLICATION SUBMITTED FOR THE SITE WILL BE ANALYZED TO EVALUATE POTENTIAL PROJECT SPECIFIC ENVIRONMENTAL IMPACTS OR EXEMPT STATUS.
- I. NO ADDITIONAL ENVIRONMENTAL REVIEW IS REQUIRED FOR THIS APPLICATION.

BACKGROUND**

**BACKGROUND**

The subject parcels are located at 1000 and 1010 East Natoma Street, on the north side of East Natoma Street, east of the intersection of Briggs Ranch Road/Folsom Point Road and East Natoma Street. Single-Family residential property is located to the south and east, with a church use to the west across Folsom Point Road, and the Folsom Lake State Recreation Area abuts the parcels to the north. The parcels have rolling topography, with driveways from both Folsom Point Road and East Natoma Street serving both parcels. 1000 East Natoma is developed with a 3,870 square foot single-family residence built in 1980 and 1010 East Natoma with a 1,200 square foot garage with an unknown build date.

In 2003, a Director Level Design Review was approved at 1000 East Natoma (Project Number AR03-00236). Minor building permits have been approved over the ensuing 20 years for general residential maintenance. The parcels were sold to the current owners in 2018 and used as rental property. In 2020, City staff were made aware that the residence at 1000 East Natoma was being used as a short-term rental and event venue, though their business license for that location was only for a property rental. Multiple violation notices were issued over the next few years for noise and use complaints. In 2023, the owners were informed by staff that continued use of the property as a vacation rental and/or event center would require rezoning the property and approval of a Conditional Use Permit.

Rather than pursue entitlements to legitimize current uses, the owners decided to place the parcels up for sale. City staff were approached by representatives of a religious congregation (Foundation Lutheran) in early 2024 to discuss whether a church could be established on the site. Staff informed the representatives that the current zoning of A-1-A that covers most of the site does not allow church use. However, a rezoning to a residential zone, such as R-1-ML, which does permit churches with a use permit, would be supported as it would make the zoning consistent with the site's General Plan land use designation of SF. The representatives moved forward with submitting a request to rezone the parcels to R-1-ML and are undergoing pre-application review for a proposed church facility on the site.

A Public Meeting to consider a request from Josh Rupert of Hunter Properties for a modification to the approved exterior design for Pad 4 (Habit Burger) of The Shops at Folsom Ranch commercial center, located at 3290 East Bidwell Street.
