City Council Agenda Item

Subject: Council Discussion on Waste Management Contract - Public Works

Submitted By: Public Works- Bobby Jinks

Date Submitted: January 30, 2023

Work Session Date: February 6, 2023

Council Meeting Date: February 6, 2023

Background/History:

Waste Management's final contract has been received, attached and below you will find a few of the highlights that have changed.

The rate increase requested for residential would be \$321.67 dollars annually.

The rate increase requested for commercial would be an average of 20%.

The City Recycling Drop Off Center will not be providing either WM or The City of Forest Park employees to be present on site. Wm acknowledges the City's desire to discontinue usage of the City Recycling Drop off Center located next to the Forest Park Transfer Station.

Section 6.0 Liquidated Damages (6.1 to 6.9) is where you will find performance penalties. The penalties range from failure to clean up solid waste spills, failure to collect material from service unit, chronic problems, remove and clean up hydraulic oil etc., replace any damage containers and failure to repair damage to property. These penalties range from \$150.00 to \$300.00 depending on severity of the violation.

Cost: \$ \$4,916,370.84

Budgeted for: Yes No

Financial Impact: This will be a franchise enterprise fund

Action Requested from Council:
