Action Target is always on call to help with warranty issues. Many items are remotely accessible, allowing us to quickly trouble shoot. We also maintain inventory to minimize service time.

FIXED TURNING TARGET STAND

VERSATILE TRAINING SYSTEM

The Fixed Turning Target Stand is an ideal system for tactical training and shoot/no shoot scenarios. This all-electric version is a quiet 360-degree target turning system, making it difficult for shooters to anticipate when the target will turn. This system may be used in the harshest conditions, including sub-zero temperatures. Additional options include multiple pedestal heights, on-board target lighting, and a ballistic clamp.

360° Turning

Targets can turn 90, 180, and 360 degrees in the blink of an eye.

Ballistic

Front deflector is built from 3/8" AR500 steel to protect internal components.

Rugged Clamp

The quick release clamp makes changing target backers easy and holds them securely, even in strong wind.

On-Board Lighting

Optional lighting provides red, blue, and white strobes as well as three intensities of white.

Extreme Weather

Functional in both indoor and outdoor conditions including sub-zero temperatures.

Connected

Integrates with our range control software for advanced features and functionality.

SMARTRANGE AXIS™

ENHANCED RANGE CENTRAL CONTROL

SmartRange Axis™ is a powerful range management solution that truly puts total range control at your fingertips. The user-friendly interface gives you complete control over target systems, lane management, and range systems, maximizing range usage and user experiences.

Lane Management

SmartRange Axis' Lane Management is second to none, offering the ability to enter shooters' names, assign unique permissions, and designate lane time limits.

Unique Permissions

User profiles are created by ranges and assigned to shooters at check-in. Each user profile carries unique permissions for program access and editing, lighting control, and equipment features. This allows ranges to tailor each session based on criteria such as range staff roles, membership level, etc.

Range System Control

SmartRange Axis offers unparalleled simplicity, control, and integration of range essentials on one easy-to-use platform.

- Genesis and Pilot retrievers
- HVAC
- DRM Pro
- Fixed Turning Target System
- Fixed Lateral 360 Target System

Program Creation

Build dynamic programs and organize them by folder. Control exposure time, edge time, and cycle count. Or establish random parameters for a truly unpredictable and challenging training session.

Timed Drills

Set up and execute timed drills with customized target exposure times, cycle counts, and retriever speed for training or qualification.

Action Target Connected

SmartRange Axis uses a range server that connects with Action Target's cloud network. This provides access to analytics, remote troubleshooting, system improvements, and content updates for improved and streamlined business processes. As the building block for the future, Smart-Range Axis will continue to grow and serve as a central element for all range operations.
