Purpose

This policy is intended to ensure the safety and well-being of City employees; to facilitate the efficient and effective use of City resources; to minimize the City's exposure to liability; to monitor the use of City-owned vehicles; to establish a uniform, comprehensive policy and criteria for the assignment, use and administrative control of vehicles assigned to employees to conduct city business. The City of Forest Park may provide take-home vehicles to employees whose responsibilities necessitate the need to regularly report to a worksite during off-duty hours for the purpose of protecting life and property. Each department director will be responsible for justifying the assignment of each take-home vehicle. As a cost-savings measure, other methods of response should be considered prior to recommending the assignment of a take-home vehicle. It is the intention of administration to assign take-home vehicles only to the extent necessary to operate in an effective and efficient manner. The use of take-home vehicles is a privilege. The City expects employees with assigned take-home vehicles to act responsibly and use necessary discretions in the operation of the vehicle. Violation of City or state laws governing such use may lead to that privilege being revoked or other disciplinary actions as applicable.

Applicability

Department heads, employees, or other authorized individuals operating a vehicle owned by the City of Forest Park, or that are reimbursed for the personal use of their private automobile, shall comply with this policy.

Responsibility/Accountability

In general, each department head will have the responsibility of assigning City vehicles to employees as required to conduct official business based upon their department's operations. However, all take-home vehicle assignments unless otherwise specified in this policy must be approved by the City Manager.

Department heads are responsible for assuring that all policies herein are met before authorizing the use of such vehicle. If the need for an exception is urgent and temporary, the department head may proceed with the exception. Department heads are responsible for ensuring the vehicles assigned to their departments are operated as this policy dictates and the vehicle use meets all criteria outlined in this procedure. Department heads shall ensure employees operating the department's vehicle possess a valid operator's license at the time of assignment as appropriate to the type of vehicle operated.

Department heads are responsible for providing a copy of this policy to each driver and provide Human Resources with the original signed acknowledgment for inclusion in their personnel file. See Appendix B attached hereto. Furthermore, it will be the department heads responsibility to evaluate the need for employees to be assigned a take-home vehicle on a regular but at minimum annually. The department head shall, on an annual basis (in July), submit justification, to the appropriate executive management team. The justification shall include a justification of the need for the employee to take a city vehicle home. Department head must maintain documentation to support the need for the employee to take a

city vehicle home and provide copy to Public Works. Lack of this support may result in denial of take-home vehicle assignments.

The Public Works Director or designee is responsible for maintaining a list record of all City take-home vehicles and assignments. Human Resources is responsible for conducting bi-annual Motor Vehicle Records (MVR) checks for all drivers of City vehicles and retaining a copy of their 'State driver's license. Drivers found to have an unacceptable driving record will lose their take home vehicle privilege. Employee must notify their department head and Human Resources immediately of any driving infractions or pending charges that affect or could affect their driver's license status. The Risk Manager will make the determination as to the current and/or future driving privilege status of the driver and/or other recommendations to ensure a safe driving habits. These actions may include, but are not inclusive of, enrollment in defensive driving and/or disciplinary actions.

Use of Vehicles

The City vehicle shall be used to perform "Official City Business" only.

II. Other Circumstances Where Overnight, Take-Home Privileges May be Granted

On a case-by-case basis, a Department Head may authorize temporary overnight take-home privileges for an employee. In those instances, the employee must have attended an authorized meeting as an official representative, and it is reasonable to return the vehicle to its normal location. In such instances, the Department Head must document for file the temporary overnight privilege to indicate the justification for the action.

III. City Vehicle Range

For day-to-day business, authorization to take a vehicle outside of the Atlanta Metropolitan Area (e.g., Macon, Columbus, etc.) must be approved in writing by the City Manager or his/her designee. For purposes of this policy, the Atlanta Metropolitan area is defined as the 20-county area as established by the United States Census Bureau. These counties include: Barrow, Bartow, Carroll, Cherokee, Clayton, Cobb, Coweta, DeKalb, Douglas, Fayette, Forsyth, Fulton, Gwinnett, Henry, Newton, Paulding, Pickens, Rockdale, Spalding, and Walton.

IV. Report to City Council

The Director of Public Works will provide a annual report to the City Council identifying City take-home vehicles, including, type of vehicle; employee's name and residence; and justification. Additions/deletions to the Overnight Vehicle List must be approved by the City Manager who will include them on the next annual report to the City Council.

V. Miscellaneous Provisions for the Use of Vehicles on City Business

The City will endeavor to:

- A. Provide transportation when available, or make reimbursement of costs incurred, to employees traveling on official business for the City.
- B. Assign City vehicles full-time during the working day to specific employees based on a justified need and not because of position.

- C. Provide City vehicles, as available, to other employees having less than full-time needs.
- D. Encourage use of the City-wide motor pool.
- E. Authorize reimbursement at the current City-approved rate-per-mile for the use of privately-owned vehicles only when it is deemed necessary, and in the City's best interest.

VI. Vehicle Assignment

Vehicle assignment for business purposes may be categorized in the following manner:

- **Exclusive Assignment – Restricted:** The authorized use of a City vehicle by a designated City employee/ position for the purposes of efficiently and effectively performing City business.
- **Exclusive Assignment – Unrestricted:** the assigned, unrestricted use of a City vehicle on a 24-hour basis within the Metropolitan Atlanta area and encompasses commuting to and from home and 'de minimus' personal use. Examples of "de minimus" personal use include lunch and/or a personal errand on the way between a City work location/activity and the employee's home. Exclusive assignment is limited to specific positions within the City, i.e., Police Departments, whose response time to urgent and immediate needs of public safety duties and responsibilities are essential. The specific positions for unrestricted, exclusive assignment will be determined by the City Manager. Unrestricted use of Public Safety (fire department and law enforcement) vehicles by specifically authorized personnel is allowed. Such unrestricted use must encompass an urgent and immediate need to respond to public safety duties and responsibilities where response time is essential. All such assignments must be recommended by the appropriate Public Safety Department Directors and approved by the City Manager.
- **Eight-Hour Assignment:** the assigned use of a City vehicle by a designated employee/position for the efficient and effective performance of City business during the respective employees assigned work period which may in fact be more than eight hours depending on job assignment as approved by the Department Head. Such assignment allows for use of the City vehicle for all authorized uses except for commuting between normal worksite and personal residence. An eight-hour assignment of a City vehicle may be approved when:
 - o A vehicle is needed and used extensively each working day, or
 - o The nature of one's work may cause unusual depreciation and wear on a personal vehicle.
- **Pool Assignment:** the assigned use of a City vehicle by employees for the efficient and effective performance of City business on an as needed basis.

City vehicles not assigned to a specific employee/position are designated as Department Pool Assignment vehicles. These vehicles are to be utilized by City personnel as directed by the owning Department Head or his/her designee.

Department Pool Assignment vehicles should normally be used to handle a department's short-term (approximately eight hours) transportation requirements; however, they may be used on a temporary basis for periods greater than a day when approved by the Department Head, to accomplish essential City business. The Department Head shall document for file the justification for this approved action.

- Personal Vehicle Use: allowed in the performance of City business when a City vehicle is not otherwise appropriate or available. Reimbursement shall be accomplished on an allowance or mileage basis as outlined later in this policy.
- Individuals using personal vehicles on official City business are required to carry, at a minimum, the Georgia auto liability limits as evidence of financial responsibility. This is always the primary insurance coverage for the employee's vehicle, including when the vehicle is used on official City business.
- Approved officials or employees who use their personal vehicles for City business may be reimbursed on a per mileage basis. Mileage for transit between home and work and between work and lunch does not qualify for reimbursement.
- Persons in this category of assignment who consistently travel more than 500 miles per month in the conduct of City business may be considered for another type of vehicle assignment.
- Reimbursement requests: The "Mileage Reimbursement Request" form shall be signed by the employee requesting the reimbursement and verified by the employee's Department Head. Reimbursement documents shall be filed with the Finance Department. The Finance Director may employ any reasonable means of checking the validity of mileage reimbursement requests. Any inaccurate record keeping shall subject the requesting employee to disciplinary action in accordance with applicable City of Forest Park policy.
- In general, the City assumes no liability for property and/or personal injury damages for employees operating a personal vehicle while conducting official City business.

VII. Other Vehicle Use Considerations

- Mass Transit: High priority should be given to the use of public transportation systems. Employees using mass transportation for official business can submit a receipt for reimbursement.
- Taxation: Personal use of a City vehicle will subject the employee to the Internal Revenue Service (IRS) tax liability guidelines. Positions that meet the Public Safety requirements of the IRS code are exempt. The Internal Revenue Code requires the value of using a City vehicle for commuting to and from work to be taxed as income subject to federal, state and FICA withholding requirements.

VIII. Approval Process

All assignments, including reimbursement for use of personal vehicles, are subject to the monetary limitations imposed by the City of Forest Park City Council as part of the annual budget process. Semi-

annually, each Department Head will assess the status of the vehicle assignments, utilizing the five categories outlined in Section VI.

On or before July 1st of each year, Department Heads will submit justification for requirements for exclusive and eight-hour assignments to the Director of the Public Works. These requirements should be submitted using the "Request for Vehicle Assignment" form. The Public Works Director will provide a consolidated recommendation to the City Manager for his/her review and presentation to the City Council.

In the case of mileage and vehicle allowance, reviews will be conducted annually in conjunction with the July report.

All vehicle operators are required to report any accident or any other incident involving a City vehicle, or any accident or other incident in a personal vehicle while conducting official City business in any vehicle, immediately, or as soon as possible, to the Appointing Authority or Department Head. Only approved gas stations may be used unless there are extenuating circumstances.

For each year that a vehicle is assigned to an individual or position, the position should be driven at least 6,000 City business miles. If, after one year of assignment, the vehicle is not driven 6,000 City business miles, the City Manager or Department Head may revoke the vehicle's assignment to the individual or position.

The minimum number of miles specified refers solely to those miles driven exclusively for conducting City business. Miles driven between employee's residence and his/her worksite are not City business miles but are considered official commuting miles as defined by the Internal Revenue Code.
