City Council Agenda Item

Subject: Presentation from MARTA regarding service to the Gillem Logistics Center – Executive Offices

Submitted By: Ricky L. Clark, Jr., City Manager

Date Submitted: January 10, 2024

Work Session Date: January 16, 2024

Council Meeting Date: January 16, 2024

Background/History:

The Executive Offices have engaged in ongoing conversations with MARTA regarding service around the city, especially at Ft. Gillem, given that many employers shared concerns about connecting their workforce with transit. Staff from MARTA have been hard at work to find a solution to ensure that we have direct connection for employees looking to get back and forth to work. Based upon preliminary discussions, MARTA is proposing a fixed route service to Ft. Gillem and will provide an update to the Council.
