City Council Agenda Item

Subject: Math Trail Memorandum of Understanding – Chief Executive Offices

Submitted By: Dr. Marc-Antonie Cooper

Date Submitted: April 06, 2022

Work Session Date: April 18, 2022

Council Meeting Date: April 18, 2022

Background/History:

The Clayton County Mathematics Department would like to "STEMulate" a few community spaces and are seeking support for locations in Forest Park for their new Community MathTalk Math Trail.

Clayton County Schools in collaboration with MathTalk PBC, Clayton County Parks and Recreation, and the Clayton County Community is building a community Math Trail. Clayton County will be one of only four communities in the country to feature a customized MathTalk Math Trail. Math Trail installations include math themed art, games, and structures designed by our students and community members and installed in community spaces with signage to provide game directions and conversation starters. Math Trails spark playful opportunities for open-ended math exploration and conversation. They are designed and located in places that provide natural opportunities for families to engage with math content in ways that build interest, confidence, and enthusiasm for math.

The City Manager is seeking City Councils' approval to enter into an agreement with the Clayton County Schools to include Starr Park as a featured location.

Cost: \$ 0

Budgeted for: Yes No

Financial Impact:

N/A

Action Requested from Council:

City Manager request council approval to enter into this MOU.
