Verkada Inc.  
406 E. 3rd Ave  
San Mateo, CA 94401

To whom it may concern:

Verkada Inc. (“Verkada”) has built a unique end-to-end, cloud managed security platform for monitoring and managing physical security. The Verkada integrated platform offers comprehensive solutions across video security (cameras), access control (door controllers and readers), environmental sensors (air quality monitoring), alarms (wired and wireless sensors, wired alarm panel, and wireless hub, as well as packaged monitoring offerings), visitor management, mailroom management, and video door intercoms. This platform includes a number of unique features, such as up to 365 days of continuous on-camera storage, a full range of indoor and outdoor cameras with night vision (dome, mini, bullet, split, and fisheye models), infrared LED isolation on 4K dome camera models, an offline mode that allows a user to view live streams via a viewing station even in the event of an internet outage, and security screens for visitors. Verkada provides native integration across all of those applications, including security cameras, access control, environmental sensors, alarms, visitor management, mailroom management, and video intercoms.

**Verkada is the only manufacturer of cloud-managed physical security solutions with all of those features.** These products are designed, manufactured, and sold exclusively by Verkada through our partner resellers, and Verkada holds various intellectual property rights in and to its products.

If you desire additional information, details on Verkada’s products and services are available on our website at <https://www.verkada.com>. You may also review our most up to date list prices at <https://www.verkada.com/pricing>.

Thank you for your interest in our products — we look forward to working with you.

Best regards,

Brandon Davito

VP Product and Operations
