CLOSING COMMENTS BY GOVERNING BODY:

Councilmember Gutierrez- He expressed pride in being an elected official leading the city, stating it has been one of his proudest moments, and was glad to see the achievements and progress highlighted in the meeting. However, he acknowledged there is still more work to be done. He was extremely proud of the teachers being recognized for their vital role in shaping students' futures and mentioned hosting an upcoming event at the high school to recruit for the Youth Commission and support a local club. Additionally, he announced an event on February 11th with nonprofit organizations to provide "know your rights" information for the immigrant community, which has been feeling targeted, expressing the difficulty of not having all the answers and the burden he carries, but emphasized the need for faith. He also offered condolences to a city employee who lost their mother, thanking them for their

dedication to the city, and stated he would follow up with the city manager regarding the recreation center issues discussed earlier.

Councilmember Akins-Wells- gave a shout-out to the fire department for their quick response and efforts in helping a resident whose house had a fire. She stated that she would work with other residents to raise funds to support the affected family, emphasizing the importance of the community coming together in times of need. She reiterated that she and the other council members can assist residents, regardless of their ward. She shared concerns about the issues with the recreation center practices and stressed the need for open discussions to resolve the problems. She congratulated the teacher award recipients, including her cousin, but expressed that while she appreciates the recognition of teachers, she believes the council should focus more on recognizing city employees and residents rather than school district employees. She stated that school board members, not the city council, should recognize school district employees.

Councilmember Mears- said he will make up for not attending tonight's meeting.

Mayor Pro Tem James- She thanked the council for approving the consent agenda, highlighting key items like new fire vehicles, Chief Clemens' appointment to the Clayton County Board of Health, and the HUD funding application. She expressed gratitude for the city staff's hard work, noting their raises and the appreciation event held for them. She stressed the importance of recognizing impactful community members, such as the honored teachers, and highlighted video clips featuring Mr. Dallas and Dr. Shirley, two dedicated Forest Park teachers. She acknowledged Dr. Shirley's recent retirement but praised his and Mr. Dallas's invaluable contributions. She also expressed pride in recognizing Ramile Moore, a Forest Park resident and Clayton County Public Schools 2024 Teacher of the Year. She concluded by thanking everyone and adjourning the meeting.
