**Background/History:**

The Forest Park Police Department remains steadfast in its commitment to transparency and accountability, recognizing these values as fundamental to building trust with our community and stakeholders. To further this commitment, we have integrated the use of body cameras and dash cameras across our fleet. These tools are instrumental in documenting interactions, ensuring adherence to protocols, and providing objective evidence in various scenarios.

In previous years, the Forest Park Police Department procured a set of dash cameras. However, it has come to our attention that a portion of this order—specifically 25 dash cameras—was not received at that time. We have since resolved this issue and received the outstanding 25 cameras.

This request to council is to have them installed by Prologic ITS which is on Statewide Contract with a SWC#99999-SPD-SPD0000210-0014.
