**Council Discussion and Approval to purchase an upgrade to the Audio-Visual (AV) System Refresh in the Council Chambers: Procurement/IT Department**

**Background/History:**

The City's Council Chamber Audio Visual (AV) system has been in service for the past 7+ years, is at its end of life and requires an upgrade. The AV system will seamlessly integrate with the owner-furnished CivicPlus (Municode Meetings) software platform, which provides document display, digital voting, and agenda management capabilities. The AV system will support clear audio and video streaming, seamless in-room and remote participation, electronic voting, and document display for city council. The system will also enhance meeting efficiency, transparency, and improve sound quality for all meetings hosted in council chambers. Additionally, it will provide a better streaming experience for residents watching online and upon completion of the new City Center the system will be decommissioned and installed in new council chambers. The IT department requests to piggyback from the DOAS cooperative contract # [99999-SPD-SPD0000210-0004](#) with:

Atlanta SoundWorks, 580 Marksmen Ct., Fayetteville, GA., 30214

Total Amount: \$98,250.09

Capital Outlay Fund: 320 20 7550 54 2502
