2022 Friend of Preservation Awards

August 16, 2022, 5-6pm
City Hall – Council Chambers

Established in 1985, the Friend of Preservation Award is the City of Fort Collins' highest honor awarded for historic preservation. Each year recipients are selected by the Fort Collins Historic Preservation Commission in recognition of exceptional efforts to preserve our community's significant buildings and resources.

We are honored this year to recognize four outstanding recipients. These individuals and organizations have a long history of exceptional contributions to the preservation of the built environment or to local history. Each has demonstrated commitment, leadership, and achievement worthy of public recognition, and is well deserving of this special award.

The recipients are:

- John Albright [*posthumous*], Lifetime Achievement Award;
- Brian Carroll, for Accomplishments in Local History;
- The Fort Collins Municipal Railway Society, for the Restoration of Car #25; and
- Wayne Sundberg, Lifetime Achievement Award.
