Have you applied for this board before? If yes, please explain.	N/A
Are you currently serving on a City board or Commission? If so, which one?	No
Why do you want to become a member of this particular board or commission?	Active transportation is by favorite way to travel, be it biking, walking, or doing either in conjunction with public transportation (as a walking accelerator). Fort Collins is better than most places at making it possible to travel actively, but is still a long way to go, especially with cycling infrastructure, and I want to bring ideas and perspective to this community to make it safer and more accessible for everyone.
Specify any activities which might create a serious conflict of interest if you are appointed:	I am lightly involved in the Campus Bicycle Advisory Committee at CSU, though I haven't been able to do much with them due to scheduling conflicts.
Please describe your interest regarding active modes of transportation and related issues.	My main point of interest regarding active modes of transportation is cycling and cycling infrastructure. I have studied how different cities around the country and the world have improved safety and accessibility through improved infrastructure, and will push for the city to adopt infrastructure to a higher standard.
How do you think the City can improve the way people move around in Fort Collins?	The biggest thing that the city can do to improve mobility is to reduce car dependency in the city. The only reason that it is the best way to travel right now is because it was made that way, which has a lot of harmful effects. By increasing walkability, improving cycling infrastructure, and expanding public transit, people will be able to move around a lot better.
Have you ever been the subject of a code of conduct or ethics complaint? If yes, please explain.	N/A
Have you ever been found in violation of the code of conduct or ethics rule? If yes, please explain.	N/A
Are you willing to complete the required training if appointed?	YES
How did you learn of a vacancy on this board or commission?	Website
